

## JERSEY CATTLE. Chester White Swine

We have one pure bred bull calf for sale, whose dam has an official record of 473.44lbs. fat. Register of merit class AA, age 3 years. His grand dam on the sire side has an official record of 614.8lbs. of fat. Class AA.

Place a pure bred Jersey bull at the head of your dairy herd, and by doing so you will increase the quantity and quality of Tillamook cheese and price per lb.

Jersey's are the world's best cheese cows, Tillamook included. Why is she the best cheese cow?

Jersey cow testing 5 per cent., 100 lbs. of her milk will make 12.90lbs. of cheese, and milk testing 3 per cent will make 8.30lbs. of cheese. 100lbs. 5 per cent milk theper cent of fat lost in the whey is 6.00, while in the 3 per cent milk the percentage of fat lost in the whey is 9.55.

The per cent of fat in milk retained in cheese testing 5 per cent is 94.00, while the 3 per cent milk the percentage is 90.45.

Cheese containing a large per cent of fat is better, because, first, fine flavor and taste; second, of its better consistency; third, of its improved aroma; fourth, of its increased digestibility; fifth, of its more perfectly answering the requirements of a complete food as balance ration.

## Coaxing You to Smile.

**Same Old Bunch**  
"Hell-o old man!" exclaimed the top-hatted traveller as he clutched the arm of the man in the Shabby tweed suit.

"Why, it's Tompkins!" replied the tweed suit man. And they shook hands.

"And how are things?" went on the man in the topper affectionately, as they walked on together. "I haven't seen you for months! Who are you working for now?"

The man in the tweed suit sighed loudly.  
"Same ol lot," he said sadly; "a wife, and six kids."

**But He Gets No Praise**  
Lectured for lying abed late, the farmer's boy promised that in future he would "be up with the lark." The next morning the old farmer came in from his milking and found his son sitting on the stile and singing as blithely as though there was no such thing as work.

"Why, you young rascal," said the exasperated sire, "this is worse than sleeping. What do you mean by loafing on that stile and singing at the top of your voice?"

The lad grinned.  
"Why, dad, you told me to be like the lark, and that's all he does when he gets up early."

**Unequal Losses.**  
Frederick was sitting on the curb crying, when Billy came along and asked him what was the matter.

"Oh, I feel so bad 'cause Major's dead—my nice old collie!" sobbed Frederick.

"Shucks!" said Billy. "My grandmother's been dead a week, and you don't catch me crying."

Frederick gave his eyes and nose a swipe with his hand, and looking up at Billy, sobbed, despairingly:  
"Yes, but you didn't raise your grandmother from a pup."

**Some Car**  
"How do you like your new car?" asked the Lizzie Driver.

"Great," replied the Big Six driver. "It runs so smoothly you can't feel it. Not a bit of noise; you can't hear it. Perfect ignition, you can't smell a thing. And speed—why it whizzes! can't see it."

"Must be some car," ventured the Lizzie Driver. "Can't feel it, can't smell it, can't hear it, can't see it! How do you know it is there?"

**To Much Push**  
"You must push matters a little James," said a druggist who kept a Post Office. "By calling a customer's attention to this article and that article you often effect a sale."

"Yes, sir," responded the new boy, and hastened to wait upon an elderly person who wanted a stamp.  
"Anything else mum?" inquired the ambitious youth, politely; "hair-dye, cosmetic, face powder, rheumatic drops, belladonna, mole destroyer—"

The elderly lady deals at another establishment now.

**The Test.**  
Some visitors who were being shown over a pauper lunatic asylum inquired of their guide what method was employed to discover when the inmates were sufficiently recovered to leave.

"Well," replied he, "it's this way. We have a big trough of water, and we turn on the tap. We leave it running, and tell 'em to bail out the water with pails until they've emptied the trough."

"How does that prove it?" asked one of the visitors.

"Well," said the guide, "them as ain't idiots turns off the tap."

## Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50  
30 x 3½ size is waterproofing.
