Homer Mason and Mrs. Mason returned from Salem on Friday, where they had visited their daughter and the State Fair. Mr. Mason was well pleased with Tillamook county's exhibit at the Fair.

Mr. and Mrs. Wm. Powell returned a few days ago from Carlton, where they had gone to attend the

funeral of Mrs. Arthur Powell, who died on the 24th of September.

First Bank of Bay City vs. Henry Butler, Hubert O. Butler, J. W. Butler and Wassell-Butler Packing Co., is a suit filed in the circuit court to recover \$3,550.00 on a promissory note.

Leo Morrison vs. W. B. Alderman and A. H. Harris is a suit filed in the circuit court to recover \$550, growing out of the sale of a Liberty touring car, which plaintiff alleges was defective and

The dairymen, it seems, are going to give the high cost of living a lively time the next few weeks, for it is on the taps to reduce flour to \$3 a sack and sugar to \$11.50 a sack. That's what the dairymen say they are going to bring about.

J. P. Easther, a practical teacher of Bookkeeping and Penmanship is now in town and is located at the Hotel Ramsey, where he can be located by any one who are in need of information in either Penmanship or Bookkeeping—privately.

Rev. C. L. Dark has been appointed pastor of the M. E. church in this city and Rev. G. O. Oliver goes to Sheridan. Bay City is to be supplied by Rev. J. T. Keating and Nehalem and Wheeler will have Rev. W. J. Warren as pastor.

Mrs. Michand came in on Monday's train from Watsonville, Cal., and left again on Wednesday. Those who are acquainted with the Michands will be glad to know that family is enjoying the best of health and like their new home in California.

Mr. and Mrs. P. G. Brown, of Portland, were here for a few days on a business trip. While here Mr. Jones met with an old schoolmate of his, with whom he had attended an academy. He is G. F. Robinson, one of the employes at the depot, and they certainly enjoyed seeing one another.

Mr. and Mrs. Roy Powell returned Sunday from Portland, where they had been visiting with the latter's brother and sister-in-law, Mr. and Mrs. Harry Seranton, who were playing at the Hippodrome theatre. Mr. and Mrs. Powell drove out in their Elgin Six, and said they found the roads pretty bad in places.

Weather conditions in Tillamook County for the past five weeks have been unusually wet for this time of year, there being but a few days that it did not rain in September. The weather in other parts of Oregon has been wet also, and in the Willamette Valley the rain did considerable damage to the fruit crop, tons of apples and prunes rotting on the ground.

Rev. R. Fisher, of Philomath, was in this week arranging to move over here within a short time. He is to be the pastor for the United Brethren church here. Rev. Wriggle having moved his family to Philomath, and himself accepting a call to go to Coquille. Rev. Fisher has for many years been a professor in the University at Philomath, and is now seeking a change.

The Sunshine Club was entertained September 28th at the home of Mrs. Davidson, five miles south of Tillamook. Mrs. Davidson was assisted by Mrs. Mapee. The day was beautiful and warm with bright sunshine and six auto loads of club members were in attendance. The hostess served a dainty lunch and all enjoyed a good social time and very much appreciated getting out in the country.

Mr. and Mrs. I. G. Lance returned Saturday from a twelve days' trip through the valley in their car. They attended the State Fair, and visited with their daughter and son-in-law, Mr. and Mrs. Howard Harris, in Vancouver, and with Rev. and Mrs. C. C. Curtis, in Portland. This is the first vacation Mr. Lance has taken for several years and now he feels as if he can handle all Uncle Sam's mail by himself since he has rested up.

As a result of the early rains there is an unusually heavy crop of grass in the meadows, so much so that it is growing much faster than the dairy herds can chew it up. There is better grass feed now than in the spring of the year, and the whole county has a spring like appearance. Should the weather keep favorable, without frost at night, the wonderful growth

of grass this fall will reduce the feed bills of many dairymen considerably.

Frank Davey, of the Claim department of the State Industrial Accident Commission, was in the state legislature on several occasions and is again a candidate on the republican ticket for representative of Marion county. Last time the editor saw Frank he was in the "pen", serving a term as clerk of that institution. That was when the editors visited the penitentiary, but since then he resigned, for he did not like the "pen" work.

Oregon weekly papers rank A-1 with country papers the world over. Some are proud to receive at our exchange each week. Among the best and ablest in the country are the Corvallis Times-Gazette, the Tillamook Headlight, Rainier Review, Forest Grove News-Times, Clatskanie Chief. These editors are newspaper men and their papers are equal to any weekly newspapers published—size of respective towns considered.—Banks Herald.

The O. E. S. Kensington held their regular business and social meeting on their regular day. All officers in the chair, with Mesdames Hays and Foster as hostesses. The afternoon was spent socially with a large membership present. Several guests were present also, and a new member joined the club. The hostesses carried out the decorations in the pumpkin yellow colors typical of our October harvest time, and the individual pies were needless to say well disposed of. The next meeting will be held on the 1st Thursday of November instead of Wednesday on account of election week. Mrs. Gruber and Miss Gaylord to be the entertainers.

Capt. H. A. Circle, captain of the detective force of Portland, H. H. Pomeroy, Chief Deputy Fire Marshal and J. S. Morak, also a detective, who were subpoenaed to appear here in the Circuit Court in the Scott case with the fur coat of Mrs. Scott's that had been stolen, returned Wednesday on the train. Detective Morak is the one who arrested Nelson with the coat. They went up the river fishing on Tuesday and said Mr. Morak, who is called the "King of the Brutes," caught all the fish in the brook, which consisted of a mud cat, a fish and a snail, not counting the crawfish, which they also caught.

Straw Vote at the Gem Theatre.

A straw vote was taken at the Gem Theatre the latter part of last week, with the same results as the one taken among the business men of the town. The vote was overwhelmingly in favor of the republican nominees, the same as the other, although Debs seems to be coming to the front more as the time goes by, for he really has about 12 votes cast in favor of him, even though the few who are supporting him are doing a great deal worse than throwing their votes away.

Straw votes at the Gem Theatre was as follows:

- Harding—77.
 - Cox—22.
 - Christensen—1.
 - Debs—12.
 - Stanfield—61.
 - Chamberlain—33.
 - For Wilson's League—24.
 - Against Wilson's League—61.
- In another week or so straw votes will be taken in other parts of the county.

Elks To Organize Club.

At a meeting on the 5th of October, of the Elk Lodge it was agreed upon by the members that a club be formed by them, which will accommodate the members throughout the county as well as tourists coming in. It has been noticed that there is no such place to go and rest, read or visit, and in places where a club of this sort is in existence, it is greatly appreciated.

"Koomalli", spelling Tillamook backwards, is the name chosen by the members for the club. With the incorporation of all the Elks in the county and the new members that expect to enroll, they will be able to have a lodge here which will be a great boost for the county.

The following were elected as officers in the new club: Pres., Chas. Pankow; Vice Pres., Ralph Cady, of Wheeler; and Chas. Ray, of Cloverdale; Sec., R. A. Leonard; Treas., Chas. Barnes; Chaplain, Henry Woolfe. Those comprising the membership committee are: John Carroll, Howard Lamar, Fred McKinley, Roy Esterbrook, of Cloverdale and Chas. Painter, of Brighton.

Presbyterian Church

Sunday School 10 a.m. There were several new scholars last Sunday.

Morning worship 11 a.m. Subject, "Man God's Child." Two new members were added to the church last Sunday.

Evening worship, 7:30 p.m. Subject, "Sold to Satan."

Everybody more than welcome. Allan A. McRea, Minister.

Reformed Congregational Church

Our service for this Sunday will be inspired by good news to every one. Do not fail to come and bring others along for it will pay to accept the candid message.

A hearty welcome to all.

Rev. Richard Schuetz.

ROAD TO CONNECT WITH LINCOLN COUNTY APPROVED

State Highway Commission Makes It A Project For Next Year.

At a meeting of the State Highway last week it was decided to build another important piece of road next year, which is to connect Tillamook and Lincoln counties. This road, when completed, will not only be a great benefit to the South part of the county, but will greatly increase the amount of the summer travel into Tillamook.

A stretch of ten miles of road will be built, approximately 1 1/2 miles between Tillamook county, 1 1/2 miles in Lincoln county and 7 miles in the government reserve. According to the present plans the state Highway Commission and the government will construct the seven miles through the reserve, and the two counties each building its share of the remaining three miles. The probable cost to this county for its share will be about \$15,000, which is a very small amount of money for this county to expend for so important road improvement.

CIRCUIT COURT DOINGS

Grand Jury Returns Several Indictments.

Circuit court convened on Monday morning with Judge Geo. R. Bagley on the bench, and it is expected that the business before the court will take several weeks.

A grand jury was drawn, composed of C. E. Wiley, John M. Bodie, J. M. Vermilyea, James T. Stafford, Albert Plank, E. Worthington and F. Sappington. The judge appointed C. B. Wiley foreman of the Grand Jury and excused Earl Porter, L. C. Daniels, J. L. George, Walter F. Cason and Carl Possett from jury duty.

The grand jury returned an indictment against Fred DeLillies, and he will plead Friday morning.

The grand jury is investigating the building of the new school house at Bay City, as there appears to be an impression that there was something wrong, it being claimed that there is not nearly as much lumber in the building as was paid for, and that somebody has been grafting.

An indictment was returned by the grand jury against Guy Alman and George Hubbard, who were charged with having broken into and robbed Wagner's Cigar Store. Alman pleaded guilty, Hubbard took twenty four hours in which to plead, and as he pleaded not guilty his trial is set for the 14th.

HON. C. J. EDWARDS WILL ADDRESS GRANGE

Will Speak at Fairview Grange, On Thursday, Oct. 14, at 1 P. M.

All Grangers are urgently requested to be present as we will have an opportunity to hear Hon. C. J. Edwards speak upon the measures that we are to vote upon at this coming election, Nov. 2, 1920.

At this election there are eight measures or amendments to be passed upon. We should feel it our duty, as it is, to enlighten ourselves to a thorough understanding of the nature of and the importance of these measures or amendments to our industry, our county, our state, and to ourselves.

As it is a well known fact that our law makers are largely influenced by the public sentiment of their people, it would seem that it is always our duty to come out and express our opinion to our Representative when the opportunity presents itself.

Do you fully understand the 4 percent interest measure? Did you know that the voters are to say at this election whether all voters of legal age are to be compelled to vote? Perhaps you will learn something well worth your while if you will be present at Fairview Grange at the next regular meeting.

Committee

No Change in Price of Dodge Brothers Motor Vehicles

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers Motor Cars, has been received by the Sun-Set Garage, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Mr. Ackley. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."

Fire Chief Returns

Fire Chief Thos. Coates returned a few days ago from Los Angeles, where he attended the Annual Convention of the Fire Chiefs of the Pacific Coast.

About two hundred and fifty of the chiefs were present and the convention was the best one that has yet been held. We were rather disappointed tho, that we did not see anything of the Thos. H. Ince Trophy, but Mr. Coates explained matters to us by saying that Chief Collins, of Anaconda, Montana, walked off with the cup under his arm, and that no one else had a "look-in" even, Anaconda had only one slight fire, which was put out without the aid of the fire department, the entire loss of the fire being rated at a little over a hundred dollars. That is an excellent showing for Anaconda, as before the contest, it was rated as being the second worst city in the United States for fire hazards. It was thru the efforts of the chief that the changed conditions were brought about, for he trained the school children and formed a Fire Fighting & Prevention Association, charging a dollar for each one to join, and while the pictures were being shown by Jay Stevens, he told the people that each one joining the organization during that time would be admitted free. When they thought they were getting a dollar's worth of something free the people flocked to the movies and, in that town of 15,000, 6,000 joined the organization. It was a pretty clever stunt for the chief to pull, and many other things he did were very interesting. His report alone was a whole book, which must have taken weeks and weeks to write.

A committee of two men, who were disinterested fire chiefs, read the reports and chose the five best ones which were, Anaconda, Paldmont, Los Angeles, Pasadena and Oakland. Then the best one was chosen from the five.

Mr. Coates said that they had a splendid time visiting the different points of interest in and about Los Angeles. The most exciting times were when they visited Universal City, where the Fox Productions are made, and had themselves filmed with Eddie Lyons and Lee Moran in one of their comedies. The chiefs were entertained at a banquet by Hobart Bosworth and Will Rogers. When the ship left the harbor, returning to Seattle with them, several views of it were taken, which will be used in the Thos. H. Ince production, "When Johnny Comes Marching Home."

Mr. Coates said he had a very en-

joyable trip, being accompanied by his daughter, Elizabeth, and Margaret, who is working in Los Angeles. A number of chiefs have promised to send him some suggestions for improvements in the fire efficiency, and, with the work that was accomplished toward that end at the convention the people feel that he did a pretty good job, even if he hasn't the cup to show for it, for we can't have everything, you know.

Tillamook Creamery Association's Monthly Meeting

Regular meeting of the Board of Directors of the Tillamook County Creamery Association was held at the association rooms Monday.

Meeting was called to order by W. H. Christensen, Pres.

20 Directors were present, viz., W. H. Christensen, Carl Haberlach, C. A. McDonald, D. J. Dunn, Fred Affler, J. H. Holgate, Chas. Ray, Sollier Smith, J. J. Rupp, F. E. Meyer, E. J. Stenger, F. W. Lyster, Wm. Maxwell, Andrew Peterson, F. W. Robb, Jesse Earl, Rudolph Zweifel, C. S. Atkinson, Joe Donaldson.

Minutes of last regular meeting of August 2, 1920, and of special meeting of Sept. 13, 1920, read and approved.

Motion made, seconded and carried "That all matters acted upon at special meeting Sept. 13, 1920, not covered by call for special meeting, be and the same are hereby ratified and confirmed."

Report of Inspector F. W. Christensen read, showing 791 triplets, 36 Y. A.'s and 112 Longhorns seconds out of 32,560 triplets, 3,358 Y. A.'s and 4,411 Longhorns made in July, and 261 triplets, 186 Y. A.'s and 12 Longhorns were seconds out of 26,728 triplets, 4,302 Y. A.'s, 2,551 Longhorns, and 6 "Tillamook" made in August, 1920.

D. R. Tinnerstedt, deputy dairy and food commissioner, made report, showing work of inspecting dairies, etc. He also made report of work done at State Fair, showing that Tillamook had taken first, second and third prizes on cheese and had taken first prize for exhibit of county booth for Coast Division.

Motion made, seconded and carried "That this association extend a vote of thanks to all those having had charge of and who assisted in taking care of the Tillamook stock and exhibit at the State Fair."

Carl Haberlach read article written by Fred Locke in the Oregon Journal and appearing about Oct. 1, 1920, and said article was ordered entered in the minutes.

Motion made, seconded and carried "That this association back up its inspectors in their work, it being shown that in several instances it would be necessary to get dairymen to build or improve barns and sanitary conditions within another year."

Inspector Christensen was allowed \$25 for his expenses to State Fair.

Motion made, seconded and carried "That this association contribute \$50 per month from Oct. 1st, 1920 until Legislature adjourns in 1921, to salary of Deputy Dairy and Food Commissioner."

Motion made, seconded and carried "That this association go on record as opposed to the measure on November 2, 1920, ballot, entitled "State Market Commission" bill. This bill calls for an appropriation of \$50,000, the creation of Market Commissioner at a salary of \$4,500 and a secretary of \$3,600, and makes it compulsory for all co-operative associations to report to and come under the jurisdiction of, such market commissioner. It seemed to all Directors present that this is not a matter for the state of Oregon to take up, but should be taken up by interests involved, the same as our cheese is handled, Tillamook never having asked the State of Oregon for a dollar to keep up its work."

Wm. Maxwell, E. J. Geinger and Joe Donaldson were appointed a committee, to see the County Court to facilitate the testing of cows for tuberculosis, it appearing that all cows have not yet been tested in this county. They were authorized to do everything necessary in the premises.

It appearing that Ben Kuppenbender, representing the Alder Vale Creamery, has not attended three consecutive meetings of the Directors without being excused, motion made, seconded and carried that he be suspended and the factory asked to appoint another representative.

Resignation of Fred Weber was accepted and Oliver Leaf Creamery was asked to designate another representative.

Motion made, seconded and carried "That Blaine Creamery be admitted to membership whenever said factory complies with the requirements and regulations of this association."

Motion made, seconded and carried "That this association continue buying good feed and sell same at a reasonable margin above cost of doing business."

Following resolution was adopted as change to the By-Laws of the company: "That when ever a regular meeting of the Directors or stockholders shall come on a holiday, the next day be the same is hereby designated and declared to be the regular meeting day."

Secretary read letters and reports bearing on the dairy industry. It was shown that the Carnation people intended closing up their Forest Grove and Kent plants permanently and that many of the condensers in this country closed down on the 1st

of this month for an indefinite period. Condensers reduced their buying prices to \$2.50 per 100 lbs. milk, being a drop of 40c.
