## THE WORLD'S BIGGEST JOB—AND ITS SCOPE

Every year the Presidency of the United States grows more important, until now it is recognized as the biggest job in the world. Yet few people realize that the president is not chosen by a majority vote and that several of our presidents have not been the most popular choice of all the people. This fact is clearly discussed in the story of the Presidency, one of the series of articles on Our Government, which we are issuing monthly.

If you are not receiving this material, drop in and let us add your name to the list of those to whom we are sending it each month.

### WOMEN!

#### For Your Own Good Vote the Republican Ticket

From the beginning of time woman has been the enemy of War. From the beginning of time she has been its most unhappy victim. In proportion as woman's influence molds the politics of nations wars will diminish.

American women are being asked in this campaign to vote for the Democratic candidate for President because he is pledged to the Treaty of Versailles and the Covenant for a league of nations contained therein. They are told this covenant creates the league of peace of which good and great men have dreamed through many centuries. They are told it is a covenant of peace that will end all war.

Four years ago the same party asked for votes for the Democratic President because "he kept us out of war". He got them and five months later the United States entered the world war.

Is it wise to recall that, now that we are asked once more to vote for a Democratic candidate because he will commit us to a covenant that will keep the world out of war?

#### The American Woman Asks

The American woman asks of her country: That it be a secure place for her home and for her children and that it be security with honor. That it give her children opportunity to lead their lives even better than she and her husband led theirs. That it be just in its relations with other nations and merit the pride which the best of its citizens have in it, in its history and its ideals.

A policy which has these purposes will have the support of American womanhood and American motherhood. That is the Republican policy and has been Republican policy from the days of Abraham Lincoln.

The Republican policy is to protect the security of the United States by preserving its rights to make decisions regarding its action in the future as events in the future demand. The Republican party is unwilling to pledge now that will protect European boundary lines and to deprive congress of the power to say in each case what the action of the United States will be.

The Republican party believes that to be dangerous to the children of the nation who will be of soldier age in the years to come because it prevents them, through the congressmen they elect, from deciding what they would do and say now that they then will defend European territory.

**Mother's Duty to Their Sons**  
No mother would make that pledge for her son when he was two years old and have it rest upon him when he was twenty-one. No wise woman would have her nation make that pledge and have it rest upon the citizens of the next generation who are children today.

Citizenship is trusteeship and such a pledge is a violation of the rights of a ward. The American scheme of government, which has made this a land of freedom and security, provides that decisions shall be made by congress. That protects the people who must act.

If Harding and Coolidge are elected no such pledge will be made. The United States will enter an association of nations to promote peace and humanity but the sons of no American mother will go to war unless the representatives elected by the people and responsible to them say that it is necessary. In that case mothers will give their sons. In no other case ought they to give them.

The making of war is a solemn and terrible duty when it comes. Some mothers may be mistaken. They may be misled by the false promises of the Democratic party. They may think that the league of nations will stand between their sons and rifles. There is greater probability that it will put rifles in the hands of their sons. President Wilson's covenant pledges American boys to every war in Europe and Cox upholds that covenant.

The Republican party insists upon protecting the security of the American home and the future of American children. Every war in Europe is not necessarily an American war. Let congress in each case decide, without a pledge in advance.

**Fair Deal and Fair Chance**  
The second point in a woman's concern is that her children should find conditions of life encouraging, inspiring and fit to produce comfort and character. The Republican domestic policy is for the strengthening and protecting of all elements which keep life on a high plane. It has been under Republican administration that this country has been an asylum for the less happy peoples of Europe, the land of promise and a haven.

The Fair Deal was the Roosevelt doctrine. The Fair Chance is the Harding doctrine. That is what the American woman wants for her children—the Fair Deal and the Fair Chance.

Under Republican administration the United States has been just in its relations to other nations and its ideals are the ideals of peace and humanity. A Republican administration freed Cuba. A Republican administration freed Porto Rico. A Republican administration gave the Filipinos a system of self government with free schools and the advantages of peace. A Republican administration gave back the indemnity to China when other nations held her financially responsible for the Boxer rebellion.

**Our Only War of Conquest**  
The only war we ever fought that could in any sense be called a war of conquest, the war with Mexico, was declared by a Democratic President and Congress.

The Republican has been at all times a party of honorable peace,

but it has always stood and stands today for the independence of the United States and puts its trust in the righteousness of the American people to serve the cause of peace in their own way, according to the dictates of their own conscience and in the exercise of their own free will.

#### Your Needs Demand a Change.

You demand a change in the White House at Washington. You demand this change in the interests of your overburdened life, your overtaxed purse, your over-anxious mind.

You know how you have fared under this Democratic administration. You know how doubly hard it has been for you as manager of the family funds.

You know we have always had good things under Republican management of our public affairs.

Your interest as a woman, your interest as a mother, your interest as a citizen, your interest as a financial manager of the home, combine to require the return to Republican principles.

Yours has been one constant struggle trying to keep the home and the tables supplied, trying to pay big bills with little dollars.

Republican National Committee

#### Right Kind of Stuff.

The democratic nominee for president of the United States appeals that the campaign be one of issues and men. That is just what the republicans want to do. But so soon as the republicans hew to this line (and they have hewed to it regardless) Candidate Cox begins making wild charges to take the interest of the nation away from the issues and the men concerned. He hopes to win the presidency by slandering another's reputation, it would seem.

Cox has trundled up his wild dream of a \$15,000,000 campaign fund and his wild dream of the republic seeking control the supreme court and his wild abuse of Senator Harding and ex-president Taft.

But let us do just what Cox suggests. Let us take the men. Some little incident in the life of Harding should prove him a man or less.

Says Dr. Harding, father of the senator: "For 15 years before she died he brought his mother, one of the finest women who ever lived, a bouquet of flowers every morning and when he was away from home a green carnation in order to take a cluster of blooms to her every day in his name. She said that if anyone had any flowers for her she wanted them while she lived rather than on her grave, and Warren saw to it that she obtained an abundance of them."

An infallible rule for ascertaining the worth of a man is how he treats his mother. This is the final test. If there is love and sympathy and intelligent understanding and charity and ability to see through others' eyes in his makeup, he will be kind and considerate of his mother.

Warren G. Harding brought his mother flowers every morning for 15 years before she died. Doesn't this indicate the kind of man who is contesting for the presidency of the United States. A man so loving and so human as to bestow flowers upon his dear mother daily, certainly is a fit man to guide the destinies of this nation.

Yes, getting away from everything except the wonderful personality of Warren G. Harding, we become convinced that a man of his type is the logical man for president of the United States.

A prominent democrat made the statement that 14,000 democrats in Oregon will not vote for Senator Chamberlain. It wouldn't surprise us to hear that there were several thousand more democrats who think that George should be defeated, which he will be by a vote that will put him in his political coffin.

# WARNING!

On November 2nd you will be required to vote on the so-called Oleomargarine bill. The instigators of this vicious measure would have you believe that its purpose is to regulate and license.

## THE REAL PURPOSE IS TO KILL A GREAT OREGON INDUSTRY

It is directed against the manufacture and sale of Oleomargarine, Nut-margarine and all the many kinds of spreads used for bread by thousands of people in our state who cannot afford to pay the price of butter.

### Facts to Remember!

1 The OLEOMARGARINE BILL will not in any way benefit the Dairy industry of Oregon by the implied strengthening of the market or increasing the consumption of dairy products.

2 The local butter industry is entirely regulated by national demand and the manufacture and sale of Oleomargarine and Nutmargarines can never, in the least, affect the dairy industry in the state.

3 Further state legislation in the form of the so-called Oleomargarine Bill is not necessary because the Government already has 79 pages of regulatory and licensing laws governing the operation of this legitimate industry. Deception and fraud are impossible.

4 The Oleomargarine Bill is an attempt to dictate to you what you shall or shall not purchase in the way of a spread for your bread.

## To the Voters of Oregon!

The taxpayers of Portland and Multnomah County are not only willing but anxious to provide the Port of Portland with needed funds for dredging our River Channel to the sea. The Committee that formulated what is known as the Port of Portland and Dock Commission Consolidation Bill under the numbers 310 and 311 on the ballot insisted, however, upon weighting down the measure with an enormously expensive real estate scheme, and by a formal vote turned down the request of taxpayers that the Swan Island scheme and the River Channel scheme be presented as separate measures. Refusing to be forced to swallow something they cannot swallow, Multnomah County is expected to vote adversely to the whole scheme by an overwhelming majority. Having done this, they will then be ready to vote for any needed amount for improving our River Channels. A Committee of the City Club has submitted a detailed analysis of the measure showing that it means an 'ultimate expenditure' of at least \$40,000,000.

Our Chamber of Commerce and other civic bodies with all of our river pilots and steamboat owners and others have protested against it. At least twelve former and present members of the Port of Portland and the Dock Commission have declared against it. A majority, if not all, of our City Commissioners oppose it. The Committee of 15 itself that drafted the measure is divided.

## The Taxpayers of Portland Appeal to You

In a spirit of fair play to save this county from the imposition upon us of such an overwhelming and paralyzing debt as this measure contemplates. It would be deemed offensive if we gave expression to what we believe to be the selfish and ambitious political motives that have inspired the measure which is submitted with a distinctively deceptive title.

We simply appeal for fair play and a decent consideration of the hopeless plight in which this community will find itself if the measure carries. As citizens of outlying counties who will not have to pay a dollar of the debt imposed, we appeal to you to consider what would be your feelings if Multnomah County should try to impose a similar burden on you. Our interests in a general way are mutual.

It is our sincere judgment that the success of this measure will seriously retard, instead of promoting, the development of this port and that the state at large will in return suffer severely as a consequence.
