

Many Prizes Captured By Stock of Tillamook

The Pacific-International Stock Exposition, which has just closed in Portland, is said to have been the largest ever held in the United States. Stock from all parts of the Pacific Coast were entered and competition was keen.

One thing was impressed upon the breeders from Tillamook and that was that they must increase their endeavors and co-operate more fully in order to keep ahead of some other localities in regard to stock.

It has not been many years since there was not a registered cow in Tillamook county. Last week the Tillamook dairymen sent more than \$100,000 worth of high class stock to the Exposition. With the same proportion of increase Tillamook should be the high class stock country of the world in 15 years.

A list of prizes awarded to the different breeds and classes is as follows:

There were ten Jersey exhibitors from Tillamook county with a total of 32 head of stock. The Tillamook breeders winning premiums are: Aged bulls, 3rd prize, F. Vincent; 2-year-old bulls, W. Robitich, 4th place, and H. Gruber, 6th; 3-year-old bulls, Joe Donaldson 3rd and L. C. Daniels 4th; junior yearling bulls, L. A. McCormack 3rd place; junior bull calves, Albert Johnson 3rd, Albert Johnson 6th and Joe Donaldson 10th; 4-year-old cows, W. Robitich 9th place.

3-year-old cows, L. A. McCormack 10th place; 2-year-old cows, Alfred Zwald 6th prize; junior yearling heifers, L. A. McCormack 8th and Joe Donaldson 10th; cows R. of M. Record, 400 lbs. or over, W. Robitich 10th; exhibition herd, Joe Donaldson 8th; young herd, L. A. McCormack 4th and Joe Donaldson 7th.

The Guernseys were represented by 24 head from Tillamook exhibited by eleven owners. The premiums awarded to the local breeders were as follows: Aged bulls, Frank Hunter 1st prize; senior yearling bull, John Berns 3rd and Rudolph Zweifel 4th; junior yearling bull, R. McCloy 3rd, Joe Durrer 4th; junior bull calves; H. Mason 9th; aged cows, John Burns 10th; 2-year-old cows, Homer Mason 3rd; 3-year-old heifers, Homer Mason 6th; senior yearling heifers, John Burns 8th; junior yearling heifers, Homer Mason 2nd and 4th; junior heifer calves, Homer Mason 4th, 5th, 9th and 10th; Ira Lane 8th; senior champion bull, Frank Hunter; young herd, Homer Mason 4th; calf herd, Homer Mason 2nd; produce of cow, Homer Mason 5th; get of sire, Homer Mason 6th.

The Tillamook Holstein breeders were up against strong competition as the states of Oregon, Washington, California and Idaho had large representation with some fine cattle. Washington breeders seem to be well organized and had little difficulty in carrying away a large share of the prizes.

A list of the various prize taking Holsteins follow:

Aged cow class: 1st Hazelwood Ormsby Posch. This cow was bought by a Seattle man for \$2000 and was grand champion of the Holsteins; 2nd Carnation farms entry; 4th Wm. Bishop farms of Chitumau, Wash.; 5th Burr farm, Los Angeles; 6th John Ebinger, Tillamook, Oregon, with Pauline Victory De Kol Longfeld; 7th R. W. Watson, Tillamook, with Canary Forbes May DeKol; 8th Buck & Hoem, Snohomish, Wash.; 9th, Burr farm, Los Angeles; 10th David McKeown, Gresham, Oregon.

Three year cow class, 21 entries: 1st Washington State College; 2nd Jack Rupp, Tillamook, with Irene Countess of Sumneret, daughter of last year's grand champion; 3rd Bishop Farms of Washington; 4th A. E. Smith, Sumas, Wash.; 5th Carnation farms; 6th Carnation farms; 7th Bonner & Son, Joseph, Oregon; 8th Washington State College; 9th Bishop farms; 10th Buck & Hoem, Snohomish.

In the two-year-old class there were 22 entries. Prizes were awarded as follows: 1st Carnation; 2nd Bishop Farms; 3rd Carnation Farms; 4th A. E. Smith, Sumas, Wash.; 5th Wm. Martin, Forest Grove; 6th Hollywood farm; 7th Anita Baldwin, Santa Anita, Cal.; 8th A. E. Smith, Sumas, Wash.; 10th Hollywood farm.

There were 19 entries in the senior yearling heifer class and the prizes were divided as follows: 1st Carnation farm; 2nd David McKeown, Gresham; 3rd Anita Baldwin; 4th Hollywood farm; 5th Carnation farm; 6th Yakima Valley Holstein Breeder's Association; 7th David McKeown; 8th Hollywood; 9th Geo. Republic, Chico, Cal.; 10th C. R. Evans, Halsey, Oregon.

Of the 22 entries in the junior yearling class the following were prize winners: 1st Carnation 2nd D. McKeown; 3rd Bishop; 4th Anita Baldwin; 5th Hollywood; 6th F. R. Beale, Tillamook, with Norfolk DeKol Stella; 7th Yakima Valley Breeders; 8th L. J. Simpson, North Bend; 9th Yakima Valley Breeder's with Bessie Canary Mercedes. (This heifer was bought by R. W. Watson of Tillamook); 10th Anita Baldwin.

There were 37 entries in the senior calf grade and the prizes were distributed as follows: 1st Carnation; 2nd Carnation; 3rd F. R. Beale with Hengveld Burton DeKol Heron; 4th Wm. Martin, Forest Grove; 5th Hollywood; 6th D. McKeown; 7th Hollywood; 8th Yakima Valley Breeders; 9th A. E. Smith, Sumas, Wash.; 10th Bishop.

The Junior heifer class had just ten entries: 1st Carnation; 2nd Carnation; 3rd Wm. Martin; 4th L. J. Simpson, North Bend 5th Bishop; 6th C. R. Evans, Halsey; 7th Bishop; 8th Clay Daniel, Mohler, Oregon; 9th Anita Baldwin; 10th A. E. Smith, Sumas, Wash.

The senior champion bull was Matador Segis Walker Sixth, owned by L. J. Simpson. This bull is three years old and also was grand champion of the Holsteins.

There were 12 entries in the aged bull class: 1st prize L. J. Simpson, North Bend; 2nd Anita Baldwin; 3rd Hollywood with Judge Segis, the 11-year old bull which has taken so many prizes in the past; 4th Geo. Republic, Chico, Cal.; 5th A. E. Smith, Sumas, Wash.; 6th Bonner & Son, Joseph, Oregon; 7th D. McKeown, Gresham; 8th Terminal Steam & Navigation Co., Vancouver, B. C.; 9th C. R. Evans, Halsey, Ore.; 10th Bishop Farm.

There were also ten entries in the two-year-old bull class: 1st Carnation; 2nd Yakima Valley Breeders; 3rd J. J. Rupp, Tillamook, with Hollywood Lillith Advertiser; 4th Bishop; 5th A. J. Statder, Riverside, Cal.; 6th John Ebinger, Tillamook, with Sir Mapplecrest Highland Schilling; 7th Piet Bergsma, Penedale, Wash.; 8th, 9th and 10th were not shown.

The five entries in the senior yearling bull class were: 1st W. J. Higdon, Tulare, Cal. 2nd Carnation 3rd Bishop; 4th Yakima Valley Breeders; 5th not shown.

There were three in the junior yearling bulls as follows: 1st Thos. J. Owens, Kirkland, Wash.; 2nd Hollywood; 3rd J. A. McCormick, Ferndale, Wash.

Nineteen entries in the senior bull calf class with the following ten taking the prizes: 1st Washington State College; 2nd Hollywood; 3rd Yakima Valley Breeders; 4th Wm. Martin, Forest Grove; 5th Frank W. Connell, Hillsboro; 6th Washington State College; 7th A. E. Smith, Sumas, Wash.; 8th A. J. Statder, Wineville, Cal.; 10th Adam's Eden Farm, Warren, Oregon.

The junior bull calf class also had nineteen entries: 1st Yakima Valley Breeders; 2nd F. R. Beale, Tillamook, (Mr. Beale sold this calf for \$725); 3rd Carnation Farm; 4th F. R. Beale, Tillamook; 5th Bishop; 6th Bishop; 7th Carnation; 8th W. J. Higdon, Tulare, Cal.; 9th B. A. Statder, Wineville, Cal.; 10th Adam's Eden Farm, Warren, Oregon.

The Tillamook Holstein breeders were up against strong competition as the states of Oregon, Washington, California and Idaho had large representation with some fine cattle. Washington breeders seem to be well organized and had little difficulty in carrying away a large share of the prizes.

WIFE ACCUSED OF FOUL LANGUAGE ON STATE

Foul language and a threat to shoot him are charged by George Phelps against his wife, Florence Phelps, in a divorce complaint filed last week.

Mr. Phelps conducts a store at Garibaldi. He further alleges in the complaint that his wife ordered some of the best customers out of the store and took money from the till amounting in the neighborhood of \$800.

An injunction has been filed to prevent Mrs. Phelps from entering the store until the case is decided.

WORKERS IN RED CROSS CONFIDENT OF SUCCESS

Those in charge of the Red Cross membership drive in Tillamook county feel confident that the county is going to do its share in furnishing a large membership. There are a number of enthusiastic workers in every school district, but owing to the wind and rain the early work of the drive has been slightly delayed.

SPECIAL CAR CHARTERED BY WHEELER ENCAMPMENT

On Saturday evening of this week the Wheeler encampment of the I. O. O. F. is coming in a special car chartered of the Southern Pacific to pay homage to their brothers of the Tillamook encampment. For this occasion a special meeting has been called for the purpose of having the Royal Purple degree conferred on all eligible candidates of any encampment in the county.

PAIR OF ROBBERS GET YEAR EACH IN PRISON

Bert Carrol and H. F. Wilder, the men who robbed the outfit car of the S. P. recently, pleaded guilty and were sentenced to a year in the penitentiary.

Andrew Zuercher pleaded guilty to burglary and was sentenced to five years in the penitentiary and fined \$500. He was paroled from the sentence but the fine was imposed. Under the terms of his parole he is not to leave the state for five years and must make reports periodically to the authorities.

VIGOROUS FIGHT FOR RATES TO BE MADE

A movement is on foot to start a vigorous campaign for common point rates for Tillamook County, which is in the same position as Astoria was several years ago when it was denied common point rates, but victory came when the Chamber of Commerce of Astoria took hold of the matter and eventually succeeded in obtaining them.

Tillamook county is taxed \$200 more per car between certain points than Astoria and other points, and the local Chamber of Commerce, the timber men, saw mill men, dairy men and business men believe that Tillamook county is justly entitled to common point rates and should not be discriminated against to the extent of \$200 on a car of freight between given points.

To remove this discrimination it is the intention of those interested especially the lumber and dairy interests, to take the matter before the Inter State Commerce Commission at Washington and demand relief.

Informally the matter had been discussed by timber men and dairy interests, but on Tuesday a movement was commenced to start an active campaign through the Chamber of Commerce.

Carl Haberlach, secretary of the Tillamook County Creamery Association, appeared before the County Court and laid the whole plan before the court, those present being Fred C. Baker and R. B. Miller, representing the Chamber of Commerce, and S. Moulton, A. H. Harris and F. W. Talbot, representing the city, and George Watt of the Brighton Mills Co.

ACTIONS OF FILIPINO BLAMED TO SICKNESS

A member of road gang number 9 of the S. P. Company was taken in custody by Marshal Gruber Monday on complaint that he had been bothering the lodgers at a lodging house in this city. It is said that the man, who is a Filipino, came to town Sunday and took lodgings at one of the rooming houses. During the night he is said to have walked the floor of his room and the hallway and tried the doors of the other rooms in the place. Monday morning he was told that the house did not have room for him any longer as his room had been spoken for, and he left. He was found wandering around the Southern Pacific station and brought to the sheriff's office. A physician who examined him stated that he did not think his mind was deranged but that he probably had been sick, which caused his unusual actions.

AVERAGE POUNDS OF MILK PER COW

According to a report of the county testing association of Tillamook county just issued for September by D. A. Wilder, tester, and sent out by F. K. Blackadar, secretary, the average pounds of milk per cow totaled 602. The average pounds of butter fat per cow were 27.12.

The number of cows tested during the month were 886. Of this number the cows producing more than 40 pounds of butter fat were 86.

Three high pure bred herds are:

| Owner | No. cows | Milk | Fat |
|-----------------|----------|------|-------|
| L. A. McCormack | 13 | 753 | 39.46 |
| John Schilds | 26 | 876 | 31.78 |
| A. Hoffman | 17 | 891 | 31.67 |

Three high grade herds are:

| | | | |
|------------------|----|-----|-------|
| Joe Durrer | 30 | 914 | 41.37 |
| L. C. Daniels | 25 | 824 | 41.25 |
| Paul Fitzpatrick | 12 | 745 | 36.89 |

High pure bred cow, No. 26, Reg. Holstein, owned by John Schilds. Months record: Milk 1545 lbs. Fat 69.53 lbs.

High grade cow, Pennie, Jersey, owned by L. A. McCormack. Months record: Milk 960 lbs. Fat 68.16 lbs. Roll of Honor Cows:

| Class A, 5 years and over | | Breed | Lbs Milk | Pct. fat | Lbs. butter |
|---------------------------|----------|-------|----------|----------|-------------|
| John Schilds | No. 26 | R.H. | 1545 | 4.5 | 69.53 |
| L. A. McCormack | Pennie | J. | 960 | 7.1 | 68.16 |
| Joe Durrer | Bess | J. | 1221 | 5.3 | 64.78 |
| A. K. Rogers | Princess | R.H. | 1880 | 3.2 | 63.36 |
| Joe Durrer | Beauty | J. | 1194 | 5.2 | 62.09 |
| Joe Donaldson | No. 29 | J. | 1281 | 4.7 | 60.21 |
| Joe Durrer | Dot | J. | 1287 | 4.5 | 57.92 |
| John Schilds | No. 16 | R.H. | 1521 | 3.8 | 57.80 |
| Joe Durrer | Lady | J. | 1110 | 5.1 | 56.61 |

| Class B, 4 Years to 5 Years | | Breed | Lbs Milk | Pct. fat | Lbs. butter |
|-----------------------------|--------|-------|----------|----------|-------------|
| Joe Durrer | Lily | H. | 1287 | 3.9 | 59.19 |
| L. C. Daniels | May | J. | 864 | 5.8 | 59.11 |
| Dave Fitzpatrick | Rose | J. | 972 | 4.9 | 47.63 |
| L. C. Daniels | Midget | J. | 822 | 5.6 | 46.93 |
| L. C. Daniels | Purple | J. | 930 | 5.1 | 47.43 |

| Class C, 3 Years to 4 Years | | Breed | Lbs Milk | Pct. fat | Lbs. butter |
|-----------------------------|---------|-------|----------|----------|-------------|
| Hunter & Wheeler | Pet | J. | 804 | 6.0 | 48.24 |
| Joe Bros. & Perrin | Eva | J. | 813 | 5.2 | 42.28 |
| L. A. McCormack | Crickit | R.J. | 792 | 5.2 | 41.78 |
| Paul Fitzpatrick | Hart | J. | 786 | 5.2 | 40.87 |
| L. C. Daniels | Daisy | J. | 792 | 5.5 | 40.72 |

| Class D, Under 3 Years | | Breed | Lbs Milk | Pct. fat | Lbs. butter |
|------------------------|----------|-------|----------|----------|-------------|
| L. C. Daniels | Lady | R.J. | 705 | 7.0 | 49.55 |
| L. C. Daniels | Queen | R.J. | 921 | 4.5 | 44.21 |
| Paul Fitzpatrick | Thillie | J. | 725 | 5.6 | 41.26 |
| Hunter & Wheeler | Silva | G. | 758 | 5.3 | 40.67 |
| Paul Fitzpatrick | Princess | J. | 609 | 6.6 | 39.89 |
| Joe Bros. & Perrin | Clover | J. | 759 | 5.2 | 39.47 |
| L. A. McCormack | Marie | R.J. | 759 | 4.8 | 36.43 |
| Joe Durrer | Migot | J. | 504 | 7.2 | 36.29 |
| L. C. Daniels | Dot | J. | 651 | 5.5 | 35.63 |

Lumber Prices Suffer Slump

F. A. Beltz of the A. F. Coates Lumber Company reports that the price of lumber is soon to drop. Next Monday the new price list goes into effect with a 25 per cent reduction. Hereafter \$85 flooring will sell at \$70, shiplap, formerly priced at \$35 will drop to \$27 with other grades in proportion.

The mill men explain the drop in price as the result of the high freight rate and the impossibility of getting enough cars for shipment. During October the local mill had orders for about 30 carloads of lumber cancelled. The western mills cannot begin to compete with the southern mills for the Chicago market on account of the high freight rates which prevail, the middle west obbers getting southern lumber laid down for about half the freight costs of coast lumber.

The shutting down of the mills will result in a number of men being thrown out of work on the Pacific coast.

STEERING GEAR BREAKS; AUTOMOBILE IS DITCHED

While driving into Tillamook on the road south of the city, the steering gear on the car of Wesley Sutton became unmanageable and in spite of Mr. Sutton's efforts the machine left the road and went into the ditch Sunday.

Although pinned beneath the car, Mr. Sutton was only slightly injured. A passing car soon came to his relief. His car was righted and was found to be badly damaged.

ELECTION BOARDS OFFER TO GIVE SERVICES FREE

President Baker of the Chamber of Commerce, reports that nine of the election boards of the county who have been requested to give their services free on the day of the Special Election, Dec. 6, have reported favorably and it is expected that all will report their willingness to serve in this way.

By this means it is expected that \$500 can be saved to the county.

RED CROSS MEMBERSHIP DRIVE MAY EXTENDED

Owing to inclement weather the past week, it was decided to extend the time of the Red Cross membership drive, or until such time as all the districts have been fully canvassed.

From present indications the county is liable to fall below its quota, if any indication can be gathered from the reports of the solicitors in this city. However, but few outside precincts have reported and when the reports are received it is hoped that sufficient members are enrolled to make up the county's quota.

INQUEST IS REQUESTED AFTER BURIAL OF BODY

The body of John Morgan, the laborer who was killed some time ago near Mayo, was buried Wednesday. Coroner Henkle held the body for some time pending the arrival of friends or relatives but no one was located until Tuesday when a friend of the dead man arrived from Portland. Morgan was a native of England and apparently had no relatives in this country.

After the burial the British consul at Portland decided that an inquest should be held but the coroner believes that this is not necessary as it was a clear case of accidental death.

The scrub cow that made the high milk record recently and which was owned by L. McCormack was found dead Sunday morning.

Dr. Hohfeld performed an autopsy on the carcass and decided that the cow had died from arsenic poisoning.

COURT IS QUERIED ON ROAD MATTERS

A delegation of citizens met with the County Court Tuesday to confer with the Judge and County Commissioners in regard to matters of importance to the city and community at large.

One of the features of the conference was the item of a tax levy of approximately eight mills, which had been made on the city taxpayer. This has caused much discussion inasmuch as the money which accrued from this levy was not returned to Tillamook in any improvement work. The matter was introduced by Mayor-elect Moulton, who expressed his disapproval of the levy, and others followed, all expressing the same sentiment and the hope that the County Court would see fit to eliminate it from the 1920 levy.

The completion of the Bayocan Road was introduced for discussion by the President of the Chamber of Commerce, F. C. Baker, who respectfully interogated the Court as the probability of the work on this road be taken up again. Those interested were assured by the Court that the road undoubtedly would be built, there being no mention, however, of the time at which completion might be expected.

Tillamook should have a large tourist crop and everything possible should be done to put the attractions of this part of the county before outsiders, it was declared at the meeting. Many roads need improvement, even though there has been great improvement in that direction already, it is said. The Netarts road is far from being in good condition. The road from the beaches through Wheeler should be opened up, on account of the long trip that is now necessary to reach towns in the northern part of the county, residents of that section maintain.

A matter that is claiming the attention of the people at this time is that of arranging some systematic, well managed publicity work. The former Commercial Club, later organized into the Chamber of Commerce, has been doing a great deal of this work but the problem is too great to be undertaken by a few business men and financed by a few dollars in monthly dues. The opportunities of the county, the necessity of locating industries, attending to the correspondence of prospective home-seekers, all of whom ask for literature, are among the numerous items of community interests which are not attended to because there is no proper channel through which they may be handled. All of these matters are arguments for the proper maintenance of a Chamber of Commerce that will be obligated to take care of everything that pertains to the community affairs.

The matter was presented to the County Court in a convincing manner by a number of citizens, each one of whom emphasized the great need there is to get Tillamook opportunities and resources before the people. It is reasonable to believe that the County Court will realize now, if ever, is the time when financial assistance is imperative. An organization should be perfected that will be the channel through which every problem of a community interest may be worked out; a source of information for all who seek it; the medium through which investors and prospective industry builders may receive the help and encouragement that can only come through the efforts of those who have time to devote to this important work.

OCTOBER MILK CHECKS TO BE OUT DECEMBER 10

Carl Haberlach reports that milk checks will be out December 10. The association has 289 cases of cheese in storage in Los Angeles and about 250 cases in San Diego, otherwise the October cheese is sold.

The Tillamook cheese situation is better, probably than any other agricultural line in the country, as over 90 per cent of the season's make has been sold. This is in great contrast with condensed milk and grain and other crops, very little of which has been sold and against which large sums of money have been borrowed.

Reports have just been received from one of the great cheese centers in New York, Utica, showing this year's average price of 25.2 cents for their cheese, against 26.57 cents last year. This against Tillamook's price of 32.4 cents last year and a probable average of 29.7 cents this year. This shows an average in favor of Tillamook (this year of 4.5 cents a pound cheese, against only 1.73 cents last year. In other words last year Tillamook received 5.64 per cent more than New York cheese. While this year's price will run 17.8 per cent higher.

William Blood, who was in charge of the Tillamook stock on exhibit at the show in Portland, brought the animals to Tillamook Saturday. He returned to Portland Monday.

Mrs. Cross of Netarts left for Portland Monday where she will visit her mother for a short time.

Campaign of Publicity For County Is Planned

Provided sufficient money can be raised, the Chamber of Commerce is planning a publicity campaign, brought about by the fact that in a few years vast stretches of timber lands will become vast stretches of waste land and desolation. To build up while the process of pulling down is going on, the Chamber of Commerce feels that it is imperative to start a movement to bring new industries and more people into the county and an earnest effort should be made to bring as much of the idle land in the county under cultivation otherwise taxes are going to materially increase from year to year, it is claimed.

With this object in view a large delegation waited upon the county court on Tuesday afternoon and discussed with that body several matters of considerable importance to the city and county.

It is estimated that \$10,000 will be required for the first year, as much of that amount of money will have to go into literature and printed matter. There is none to be had now, all previous advertising being used up. The Chamber of Commerce thinks, considering the importance of the undertaking, that the county should provide a large amount of the money, and in behalf of the Chamber of Commerce, Fred C. Baker, who is the president, presented written briefs to the county judge and county commissioners, giving its reasons for starting the publicity campaign.

The brief follows: "The greatest period of development that Tillamook County has ever seen is just at hand and at the same time there will be the greatest period of devastation. Thousands of acres of land will be made waste and unproductive, and the question confronts us as to how well we are prepared to meet this unprecedented situation.

As an illustration of this the Chamber of Commerce will call your attention to the devastation that can be seen from the railroad in the neighborhood of Timber and Cochran, and that is what a large portion of Tillamook County will look like in a comparatively short time.

While this devastation is going on there should be a counter move in building up. This otherwise non-tax paying land should be developed and brought into a condition that will tend to distribute the taxes such as they are now, rather than to throw the whole burden, which is now partly borne by the timber interests, on those who are now paying taxes. It is worth while to consider that while we are carrying what we consider a very sufficient tax, the greater portion of it is paid by the timber interests.

"The Chamber of Commerce is ready to take hold of this proposition if sufficient funds can be obtained to carry on the work in a way that will really get results. It is a big undertaking and concerns the future welfare and development of the entire county—therefore too big to be attempted by a limited number of business men when it comes to the matter of finances. And it is well to consider that every move made by the Chamber of Commerce in publicity way pertains to the county as well as the city—rather more, for it is the various industries that our county is well adapted to that the Chamber of Commerce exploits.

"The Chamber of Commerce will call your attention to the fact that every quarter section of land that is logged off means that much more taxes to be placed on dairy farms, property, etc., and with these conditions confronting the county and the taxpayer, it follows that some systematic effort should be made to replace the devastation caused by logging operations."

"It is true that Tillamook County has been lagging behind for a number of years, very little unproductive land having been cleared up for dairy purposes, consequently the dairy industry has not increased as it should have done, owing to the high cost of clearing land.

"The county provides a large amount of money to help develop the dairy industry, but nothing is appropriated to induce the homeseekers to come here and turn the idle, unproductive land into tax paying property.

"The Chamber of Commerce will also call your attention to the fact that the Tillamook County Creamery Association has appropriated \$25,000 to advertise Tillamook Cheese next year, and it is proposed to expend \$25,000 on new Fair Grounds.

"It is also proposed to appoint a County Agriculturalist, also a County Club Leader, the entire expense to be \$7,490, being divided as follows: County \$2,400, balance by the State and Federal government. It takes \$2500 to run the fair, the county paying \$1,500, the balance coming from the state; it takes \$2000 to pay the dairy inspector and the county veterinarian is paid ten dollars per day when at work for the county.

seedling the logged off lands.

"What confronts the Chamber of Commerce is the need of literature, something that is urgently needed, for without it the organization cannot function nor carry on a successful campaign.

"This county is splendidly adapted to the culture of loganberries and it is an industry that is worth going after, for our idle hands can in this way be made to become valuable. This is one feature that the Chamber of Commerce intends to give much attention. There is no reason why the loganberry industry cannot be made as successful and as important as the cheese industry.

"The tourist proposition is another very important element in the business life of the county, and the Chamber of Commerce intends to devote considerable time and thought to it. It is manifestly worth while to exert every effort to properly care for the hundreds of persons who come here each year, and also to so advertise the county that the numbers may be greatly increased. With the completion of the new roads which make it possible to come in here at almost any season of the year, we have removed every obstacle in that way, but we must not depend on the other parts of the county to do our advertising for us. That is absolutely up to us.

"There is much that the Chamber of Commerce can do under a systematic management and effort for the up-building of the county. It cannot, however, function without money. No organization is in such a favorable position to get in touch with the people as the well organized Chamber of Commerce, whose business and aim it is to properly exploit every industry and advantage that our county possesses. Therefore it seems only reasonable to request that the County Court provide at least \$
