VOLUME 32

TILLAMOOK, OREGON, THURSDAY, FEBRUARY 17, 1921

NUMBER 16

## DRUNKENNESS MUST STOP SAYS MAYOR

Drunkenness has taken on such an alarming increase that drastic measures are about to be used by the city officials to curb it.

In the past a fine of \$5 or \$10 has been assessed on those who have been caught imbibing too freely of the flowing bowl, but in spite of this the thirsty ones could not resist the temptation to "take on" a little too much now and then. So the city dads evidently decided that the fine was being winked at and they raised the fine to not less than \$50 or more than \$150, with the possibilities of a little hitch in jail, and hope by these means to put the quietus on the indiscriminate swigging of "hard liquor."

Mayor Moulton has issued the following proclamation regarding the liquor evil in the city:

"To the People of Tillamook City: I am using this means of serving notice that drunkenness must cease in the incorporated limits of Tillamook.

I realize that those who get drunk do so without the intent of doing harm, but the beverage that is being used now is of such a nature that it not only produces drunkenness but also a crazed condition of the mind, and sooner or later someone is going to commit a crime beyond the power of human redemption.

Therefore our city officials are now instructed to arrest any person found in an intoxicated condition, without respect for person, and there will be no leniency shown anyone.

(Signed) S. A. Moulton, Mayor.

So no more will the devotees of Bacchus romp the streets of Tillamook in artificial glee without being escorted to the calaboose, for Mayor Moulton's edict is final and offenders will be dealt with summarily and with dispatch. The city jail has been swept out and everything is being made ready for the next celebration.

The five districts to conform to the five principal watersheds. ## HIGH SCHOOL ACTIVITIES.

Last Friday night Tillamook High and McMinnville High had their second clash in basket ball in the Tillamook gymnasium. McMinnville won by converting a number of her long shots. The contest started with Tillamook making the first points. The contest was close and hotly contested throughout. The final score was 28 to 18, in favor of the outsiders. Saturday night Wilson River won from McMinnville High with a score of 28 to 13.

Monday noon the frosh girls gave a candy sale from the doors of the Domestic Science room. There were lots of home-made candies on every hand, and the sale was a great success from all points of view.

As a preliminary to the basketball contest last Friday, the Sophomores and junior girls waged a great battle in the same form. The game was a tie the first half, 0-0. Two fouls converted by Lela Smith of the Sophomores won for them the game.

This is the first game the girls have played, but everyone hopes more will follow. Large crowds filled the balconies and great noise was evident.

Friday the 18th the debate between T. H. S. and Beaverton High will be held at the High School Auditorium. The question is: Resolved that the State-wide Tax and Indebtedness Limitation to the Oregon Constitution should be repealed. The debaters on the High School team are: Grace Jolliffe, Bryan Tucker, Mary Nelson and Ramona Haltom, James Campbell being the alternate.

Grace Jolliffe and Bryan Tucker will remain here and debate with Beaverton, while Ramona Haltom and Mary Nelson will leave for Hillsboro to debate at that place the same night. This debate promises to be the best ever staged in Tillamook and the public is cordially invited to attend.

## EXPLANATION.

On account of somebody's mistake the Headlight this week received a consignment of paper of smaller size than it had been using. In place of the seven columns usually run the Headlight appears with only six columns for the first time in many years.

It has been necessary to entirely reorganize the paper and because of this and the short space of time in which to do it, many items of interest had to be left out.

will forbear any feeling of impatience and excuse the condition of the paper this week.

W. F. Whitely of Portland had been employed in the capacity of auditor and he reported having found no errors excepting some small clerical mistakes. He complimented both the treasurer and recorder on the condition of their books. The city records had not been audited since prior to 1919.

At the completion of the audit it was found that the balance of cash in the city's keeping, \$26,212.81, agreed with the bank balance.

Mr. Whitely made several recommendations for bettering the system of keeping the city records and the council, deciding to have the changes made, authorized Mr. Whitely to make arrangements for a new set of books.

A very delicious lunch was served the hostesses, which also carried out the valentine scheme.

## To Provide Hot School Lunches

A large number of pupils in the local school have been bringing their lunches this year than ever in the past. Students of child health all agree that a cold noon lunch is especially harmful for growing children. Many cases of malnutrition, underweight, and many other health defects, may be attributed to this cause.

Many schools in Oregon are meeting this condition by serving hot lunches to those who are unable to go home at noon on account of the distance. The local school board has decided to inaugurate a plan of supplying something warm, either a hot soup or hot cocoa, at cost to those who bring their lunches. The cooking class of the Domestic Science department will prepare the food as a part of their course. It is not planned to run this as a restaurant, but simply as a means by which parents can be assured that their children may secure the needed warm element for the noon lunch at cost.

Children who live near enough to the school are urged to go home at noon, and those living within eight blocks from the school will not be allowed to bring their lunches without special permission is granted by the principal, as in the case of especially inclement weather.

This service will not be an expense to the district, as it will be operated on a cost basis. The Domestic Science girls will figure the cost of each item, which will be charged as conditions warrant. Soup will be about five cents a bowl, cocoa three cents, etc. It is planned to begin Monday, February 21. Miss Stutz, Instructor in Domestic Science, will supervise the work.

## INDUSTRIAL LEADER EMPLOYED

Miss Elizabeth Burr, of Grand Forks, North Dakota, has been employed as Industrial Club Leader for Tillamook County.

She comes well recommended and has had a wide experience in this field of work. As assistant county school superintendent she had three years of this work. For three years following this, she had entire charge of the work as County Club Leader, in the same county.

She has been especially strong in live stock club work, and last year had 480 club members in her county. Many of her members turned out to be state champions, in club work, also in stock judging work.

She possesses the happy faculty of pleasing both children and parents. She is a graduate of the Northwestern University of Evanston, Ill.

We feel that her work will be a success among the boys and girls in this county. She is expected to arrive here about February 15. G. B. LAMB, Co. Supt.

## MANY CASES TRIED IN CIRCUIT COURT

The circuit court has put in a full week passing on the cases brought before it.

Jesse Lee Reynolds and Walter Lee Brown pleaded guilty to the charge of burglary and were paroled on good behavior. They will not be allowed to leave the county during the term of their paroles and must make report to the State Parole Board and to the circuit court.

In the case of the state versus Floyd Colwell the defendant was found not guilty of larceny. Colwell was charged with stealing a gasoline engine.

George W. Phelps obtained a divorce from Florence Phelps. The plaintiff had charged cruel and inhuman treatment.

Lee Grimes was divorced from L. vona Grimes. The custody of their child was awarded to the mother and Grimes ordered to pay \$12.50 monthly for its support.

Orilla Atterbury was given a divorce from L. A. Atterbury and had her former name of Gillock restored.

In the suit of the Commercial Corporation against S. R. Seabrook the defendant lost by default. The plaintiff was suing for \$317.81, the amount for goods said to have been purchased by the defendant.

## WILSON RIVER BASKET BALL TEAM WINNING

The Wilson River basket ball team is making a good stand for this season's honor at the game.

Last Saturday they "cleaned up" on the fast high school team from McMinnville which has twice trounced the local high school team by a wide margin.

Wednesday evening the Wilson River boys beat the American Legion team by a score of 18 to 15.

The line up for the two teams which competed Wednesday night is given as follows: American Legion: Morrison and Eberman, forwards; Dimick, center; Erskine and Harris, guards. Wilson River: Fortier and Heisel, forwards; Plasker, center; Boquist and Boquist, guards. On the Legion team Wallace substituted for Harris, with Funk and Harris subbing for guards on the Wilson River quintet.

## AMERICAN LEGION DANCE TO BE HELD

A dance given jointly by the American Legion and the Women's Auxiliary will take place March 17 in the K. P. hall. It will be similar to the one given some time ago and will follow a business meeting of the two organizations.

## RECALL FAILS IN POLK
