HUNT TREASURE SHIP

Another Search Started for Sunken Spanish Galleon.

Florida Adventurers Dig Ocean's Bottom for Pirate Ship and Stolen Doubloons.

Miami, Fla.—Another search for treasure-trove—a sunken Spanish galleon laden with stolen doubloons—has begun on the Atlantic coast of Florida, between Deerfield and Boca Raton.

Romance has lured this time a group of adventurous men of Deerfield and thereabouts to dig in the ocean's bottom for the buccaners' pirate ship, which tradition says had hauled too close to the treacherous shores when pursued. A syndicate formed for the search has begun operations where the galleon is supposed to have sunk in the sands.

This is only one of the many such adventures off the south Florida coast which in the old days, before the advent of lighthouses, was the scene of many wrecks. Treasure seekers have brought in a few ancient hulls which had been deeply buried in sand, some dating back five or six centuries. But so far no ship thus recovered has yielded anything except ancient wood. One prospector is said to have spent two fortunes near Stuart before quitting the romantic game.

Fulford, 11 miles north of Miami, has been the scene of many searches. Tradition has it that a pirate ship escaped pursuers by sailing up a creek near Fulford where the crew celebrated by getting drunk.

Seminole Indians boarded the vessel and massacred the crew, except one, the story runs, and the escaped pirate succeeded in rescuing the ship's treasure chest filled with gold which he buried near by, making a diagram of the spot. Unable to return the pirate is said to have given the diagram to a friend.

This has been used by several searching parties, equipped with every kind of a gold finder but they failed to locate the treasure.

A native, living near by, says the spot is haunted and that even now the ghosts of the pirates howl and groan when one nears it.

He says no one is ever going to get the treasure as the ghosts "carry on something terrible when you get close to it, and there is no telling what they would do if they got their hands on it. Anything might happen in that terrible place."

20 CENTS DAY HAITIAN WAGE

But Many of the Natives Live in Houses Built of Mahogany at That.

Port au Prince.—There is no high labor market in Haiti.

The man working by the day gets one gourde, which is 20 cents, and sometimes a gourde and a half. Cooks are to be had without advertising. Most of them earn \$1.50 a week, and in addition get 6 cents a day on which to feed themselves and their flock. You do not have to include carfare in the weekly wage down here.

At some points in the interior wages for cooks are even lower. Many of them live in mahogany houses, at that.

Haiti's population is estimated around 2,500,000. Ninety-seven per cent of these people are classed as illiterate, which may account for the size of the pay envelope.

WARNINGS FOR NIGHT TRAFFIC

Philadelphia to Install System of Flashlight Danger Signals at Street Intersections.

Philadelphia.—Flashlight danger signals are to be placed at street intersections in this city as additional safeguards against night accidents, it was announced by the electrical bureau.

Red and green lenses with powerful incandescent lamps inclosed in an iron case and suspended from poles or from extended arms are to be used. The system will be so arranged that the red and green will flash alternately at intervals of a few seconds. They will be placed so that they may be observed from all traffic directions and at considerable distances.

The signals are intended only as a warning to drivers that they are approaching a dangerous intersection.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Tonquin, Mich., writes: "I get great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

More fishermen are wearing Goodrich Rubber Boots today than ever before.

The reason for this tremendous increase in users is simple—Goodrich wears longer than other boots, and fishermen have found it out. Naturally, when a man buys a pair of Goodrich "Hi-Press" and they last so much longer and are so much more comfortable, and so materially cut down that big footwear bill—he's going to tell his friends.

More and more fishermen are finding out that Goodrich won't leak, peel or come apart—it can't, for it is made in One Solid Piece—that's the Goodrich way.

Look for the Red Line round the top when you buy. 60,000 dealers are now selling Goodrich.
