PLAN TO PREVENT FOREST FIRE LOSS

FORESTERS HOLD THREE DAY MEETING AT PORTLAND THIS WEEK

FEDERAL FIRE LAWS TO BE ENFORCED

TOURISTS WARNED NOT TO LEAVE CAMP FIRES BURNING

Portland Ore., April 5. (Special)—There has just been held in Portland a three day conference of men from each of the National Forests in western Oregon to learn more about the forest fire laws of the Federal Government and the state and how to enforce these laws in order to put a stop to needless forest destruction. This conference was for the purpose of acquainting the field men of these forests with a knowledge of what the trespass laws are regarding fires left burning in the woods, how the rangers should secure evidence about the guilty parties who purposely start forest fires, those who leave unextinguished camp fires and unpermitted brush fires, and how and when they should report all such cases to the Justices of the Peace or other state federal officer. It was brought out at this meeting that the local Justices of the Peace and other state peace officers are on the whole helping in a splendid manner the forest rangers in this work, looking towards the full protection of the timber resources of the northwest.

POST OFFICE EXAMINATION

To fill the vacancy in the position of postmaster at Nehalem, Oregon, the United States Civil Service Commission has announced, at the request of the Postmaster General, an open competitive examination to be held on May 18, 1921 at Tillamook. This office has an annual compensation of \$1300. To be eligible for the examination an applicant must be a citizen of the United States, must actually reside within the delivery of the post office in which the vacancy exists, must have so resided for at least two years next preceding the date the present vacancy occurred, must be in good physical condition, and must not be less than 21 nor more than 65 years of age.

While the Civil Service Commission is charged with the duty of testing applicants for the positions of postmaster at offices of this class, such positions are not classified under the civil service law, being filled through nomination by the President for the confirmation of the Senate. However, the President is using the civil service machinery for the purpose of selecting the nominees, and issued an Executive order on March 31, 1917, which was amended October 2, 1920, providing for such procedure. Competitors will be examined in the subjects of arithmetic and accounts, with a weight of 30 per cent; penmanship, 10 per cent; letter writing, 25 per cent; and business training and experience, 35 per cent. The subject of business training and experience will be rated on the applicant's sworn statements in his application, supplemented by careful inquiry by the Civil Service Commission.

The examination papers of the competitors and the evidence obtained through inquiry by the Civil Service Commission will be considered by trained examiners, and their judgment will be expressed in percentage ratings. The result of the examination will be referred to the Post Office Department for its action in accordance with the President's order. The Postmaster General is required by the order to submit to the President the name of the highest eligible to fill the vacancy unless it is established that the character or residence of such applicant disqualifies him for appointment.

Full information and application blanks may be obtained at the post office in which the vacancy exists or from the United States Civil Service Commission, Washington, D. C.

NEW PRICE SET ON TILLAMOOK CHEESE

QUOTATIONS OF 28c FOR TRIPS AND 29c FOR LONG HORNS AND Y. A.s

EASTERN CHEESE OFFERED AT TWENTY

DEMAND FOR "TILLAMOOK" STILL CONTINUES TO EXCEED SUPPLY

The price of Tillamook cheese has been fixed at 28 cts the pound for triplets, at 29 cts for Long Horns and Y.A.s. This is the announcement from Carl Haberlach's office this week and this brings the price more nearly in line with cheese prices in other parts of the country. Wisconsin primary markets are still around 20c and one carload of Wisconsin cheese is reported to be en route to Portland at a price that will make it cost to the jobbers in that city 23c a pound. As against this, Tillamook will receive approximately 29c in Portland.

That the new price has met favor is shown by the fact that the first day's offerings at the new price brought in orders for over 600 cases of cheese and, to all appearances, it will not be necessary to reduce the price further. With the Wisconsin markets as low as they are at this time, the former price of Tillamook cheese could scarcely be maintained as a differential of almost 14c existed.

The price reduction at this time seems to have come just at the proper time. At least one of the Portland papers should think so, for in the issue of the Oregonian of Thursday morning, the following appears: "Some time, perhaps, Carl Haberlach will be gracious and reduce the price of Tillamook cheese, admittedly the finest made."

The flow of milk is now increasing rapidly and the cheese output is in increasing correspondingly. The Tillamook Creamery is receiving over 20,000 lbs. of milk daily and other factories are getting more milk each day. The flush of the season will not be reached for some time, however.

WORTHY MATRON VISITS O. E. S.

An event for the Tillamook chapter of the Eastern Star was the official visit yesterday of Mrs. Ida Umbach, Worthy Grand Matron for Oregon. Mrs. Umbach was the guest of honor at the Bay City lodge Tuesday night, and was the honor guest Wednesday afternoon at Kensington (the social club of the Tillamook chapter) and also guest in the evening at a specially called meeting of Silver Wave Chapter.

This is the first time in the past two years that the Tillamook Lodges have been honored by the Worthy Matron's visit.

In her address to the Lodge, the Worthy Matron told of the work of other lodges throughout the state and spoke especially of the different methods by which the Chapter's were raising their quota of the Masonic Home Fund. In order that Mrs. Umbach might remember the Tillamook Chapter for some time to come, she was presented with a Tillamook cheese.

It was thought that Mrs. Umbach would install the new chapter of the county, but as her schedule was completely filled for the year, and the Tillamook Chapter having a Past Worthy Grand Patron, she left that work for Mr. Botts to do.

The Wheeler Chapter will be installed Friday night, the work being put on by Past Grand Patron Botts with the assistance of the Bay City Chapter of O. E. S., while he will install the Cloverdale Chapter, assisted by the Tillamook Chapter on Saturday evening.
