A variegated Richard III, was or fered in Berlin to an audience that gasped a little at first but proved appreclative when the first surprise was ver. For Richard was clothed symbolically in black when he was brooding, in blood-red when he ascended to the throne, and this actual ascent was presented literally by a flight of steep clood-red stairs that lead to the cov eted seat. The scene was so drenched with the dreadful color that when ater on, in the dream, the phantom warriors were luridly clad, too, the apearance of Richmond's forces in pure thite completed the symbol. No atcention was paid to court customs and costumes; all else paled besides the nhanced effect of Richard's demoni-

In the military code occurs words "fn time of 'peach'." where 'times of peace' is intended.

Existing laws are frequently cited n the new laws as, for example Oregon laws 9115 to 9151, leaving out the word "section."

Several instances of the double negative are found in the new laws The leaving out of necessary words jects with plural verbs, and plural subjects with singular verbs are encountered many times in the volume. The law maker makes no distinc-

tion whatever between the words "or" and "nor", the former being used dozens of times where the latter should be used. There is confusion in the use of "effect" and "affect." In chapter 203, relating to the bribing of baseball umpires, the former is used three times where the latter would be the correct word.

Through clerical errors "or" often used for "of."

In chapter 404, which was house bill 343, the third provision of section 2 has this jumbled verbiage which already has put the act into

ceeds from tolls between the county of Clark between the state of Oregon or the state of Washington. as may be provided by the laws of Washington."
