## HABERLACH MAKES REPORT ON TRIP

### Big Business Centers Visited By Secretary of County Cheese Association

### FINDS LOCAL PRODUCT A FAVORITE

### Farmers in Southern State Not Doing Very Well—Lemon Market Flat

Carl Haberlach returned to Tillamook on Monday from a trip to California points, where he had gone in the interest of Tillamook cheese. Mr. Haberlach gave the following report of his trip:

"I spent three days in Los Angeles two in San Francisco and one in Portland, renewing acquaintance with the various buyers and getting first hand knowledge of general conditions. I also took a long ride through the country districts around Los Angeles and through the various parts of Los Angeles and the surrounding cities. Both Los Angeles and the surrounding towns show a wonderful growth. Whole districts in Los Angeles look as though they had just come out of the paint shop, showing that the houses had only been built recently. Many of the moving picture houses are moving from Hollywood to Culver City.

"We stopped at a fine country home 25 miles South of Los Angeles and asked to buy some oranges and lemons. The owner told us that he could not sell any, as he belonged to the association, but that we might have all the oranges we wanted to eat and take with us in our pockets and of lemons we were told we could fill our car, all for nothing. Lemons are a drug on the market. Along the road they were selling lemons at five cents a dozen, while in many places I understand they are dumping lemons. Oranges are in better demand but prices are very low, they being sold at 25 cents a milk bucket, full or about three dozen for 25 cents.

"Barley and oats had been cut and so has the first cutting of alfalfa. I thought the sugar beets looked unusually fine, as did the orange and lemon groves, the walnut and other orchards. Outside of the walnut and grape growers, the farmers as a rule are not making money. This applies to practically all of California. Of course Southern California has an unfailing source of wealth in its tourists and in its oil production, the latter last year having been 106,969,000 bbls.

"While prices have declined in all lines, Los Angeles' purchasing power is greater than ever before, as its buying power is based largely upon investments, and with prices going down, Los Angeles can buy more tonnage than ever. For that reason Los Angeles will continue to be our best market, and our shipments there this year should total 40,000 boxes.

"I did not find any complaint on prices asked for our cheese except that other cheese could all be sold at less than our asking prices. Our cheese meets with general approval in California, although there were many who thought our cheese was too new. It is going to be necessary to cure the cheese up more in the factories, and the latter are going to have to provide more curing room.

"My idea of marketing this year's cheese has been as follows: that we sell the usual amounts on the current markets, placing the surplus in storage. Last year when prices were high we did not do this, as we felt prices would decline this spring and we did not want to be caught with high price stock on hand. We were, however, greatly handicapped by not having stock on hand this spring. I believe that 15,000 to 20,000 boxes of cheese in storage will help stabilize the market, at the same time keeping out a lot of Wisconsin cheese. Dealers will not buy heavily if they know we have heavy stocks, as they know our stock must be moved, even if at a loss. It is going to be up to the farmers in Tillamook to help along in this this summer, as no one should carry the burden except the man who has the goods to sell. If we do not store a large amount it will be necessary to cut prices to 14 or 15 cents and that would leave us as we were this spring, with no stocks on hand. We will take this up when we get to it.

"I wish further to say that we should not begrudge the amounts we have spent for advertising our cheese for inspecting cheese, herds, etc. All

## TRACK MEET HERE NEXT SATURDAY

According to the best memories of the old settlers in Tillamook, the first County High School track and field meet ever held in Tillamook county will be staged here next Saturday, May 21, 1921. It will be a big step in promoting a good athletic spirit in the county, and will tend to bring the local schools into keener competition.

The following list of events will furnish the competition for the afternoon:

Track events: 50, 100, 220, 440, and 880 yard dashes; 220 yard low hurdles, 880 yard relay consisting of four 220 yards.

Field events: High jump, Broad jump, Pole vault, Discus and Shot put.

A pennant will be awarded the school getting the highest number of points in the meet proper and a separate banner will be awarded the team winning the relay.

The likely entries from the different schools are as follows:

Cloverdale: Arthur Owens, Harold LeFevre, Floyd Light, Lollie Earl and Lewis Johnson.

Bay City: Lynn Hays, Edgar Barton, Vernon Hostford, Robert Ridenbaugh, Kenneth Warren, and Basil Matthews.

Wheeler: Walter Kelly, Paul Shinniger, George Wann, Newton Trusler, Fred Zadack and Magnus Woolley.

Representatives are expected from Nehalem and Beaver but the names have not yet been sent in. Some of the boys who will represent Tillamook High School are Thos. Large, Clarence Gaberial, Art Harris, Alfred Gaberial, William Lucas, Russel Dark, Harry Miller, Gerald Graves and others.

Everybody come out and help make it a success. If you can't come buy a ticket to show your good will toward it.

## HIGH SCHOOL BALL GAME

Tillamook High School opened the baseball season by defeating Wheeler High, 25 to 5 last Friday afternoon. After the first few innings the game was mere batting practice for the local boys. Wheeler High annexed four runs in the first inning and felt very much elated over its evident success.

Beginning with the sixth inning the Tillamook boys made at least 6 runs every inning and 7 runs in the seventh.

After the 4th Gabriel, the Tillamook pitcher, held his opposition practically scoreless, allowing one run in the 8th inning.

More games will likely be staged in the future.

Batteries: Tillamook, Tops and Gabriel; Wheeler, Erickson and Woolley.

Tillamook Ball Club won their second game of the season, from the Brighton team, 5 to 0. The Tillamook boys played a fine game not making an error. Donovan, pitching for Tillamook, allowed very few hits and allowed no one past first base. This game is a good prediction for future games of the season.

## BACCALAUREATE SERVICE

The Baccalaureate Services of the Tillamook High School will be held at the Christian Church next Sunday evening at 8 P. M. The program is as follows:

Rev. A. A. McRee, Chairman.  
"Onward Christian Soldiers" — Congregation  
Bridal Chorus, from Rose Maider, Chorus.  
Invocation — Rev. C. L. Dark.  
Solo, "Song of My Soul" — Miss Ozella Hart  
Scripture Reading — Rev. R. Fisher  
Quartet, "Spring is a Lady" — Mr. E. E. Koch, R. E. Leonard, Mrs. Lee Doty and R. A. Leonard  
Baccalaureate Sermon, "Spring is Better than the Breeze," by Rev. H. E. Tucker.  
America — Congregation

## BRIDGE CLUB

The Bridge Club met at the usual hour on Tuesday last week at the home of Mrs. W. A. Bennett. Dainty refreshments were served for a pleasant afternoon. The following guests were in attendance, Mrs. Frank Allen and Mrs. Leo Morrison.

M. W. Harrison, spending a few weeks in the city on business

this has been necessary to place our brand where it is at present. We cannot, however, expect 1920 prices for our cheese, and farmers should govern their expenditures accordingly.

## FOREST PROTECTION THEME NEXT WEEK

### Gospel of Fire Prevention Is Being Spread Throughout the Nation

### NEGLECTED CAMP FIRES GREAT MENACE

### Permit To Burn Brush and Slashings Will Be Necessary After June First

Throughout the nation, next week will be observed as Forest Protection Week. The United States Forest Service, The State Forestry Service and the numerous Fire Patrol Associations are spreading the gospel of fire prevention through the showing of slides in moving picture houses, signs posted in show windows and stickers on the windshields of motor cars. It is the hope of these protective organizations that every man, woman and child will read, somewhere during the week, of the destruction wrought by forest fires and will bear this in mind when out camping, fishing and motoring during the hot, dry summer months.

Those who have brush piles and slashings to burn, are advised to burn them before June 1st. After that date it is unlawful to burn with out a burning permit. Should the weather become dangerously hot and dry it will be impossible to furnish burning permits next month. It is hoped that everyone will take advantage of the present dry period and clean up their slashings.

The State Forester publishes some very interesting facts regarding Oregon's forests.

1. Oregon has more timber than any other state in the Union—approximately 450,000,000,000 board feet, or one-fifth of the entire nation's timber supply.

2. The stumpage value of Oregon's timber exceeds \$450,000,000. This—the state's greatest natural resource will either be manufactured or lost through destruction by fire or insects.

3. The annual pay roll of Oregon's lumber industry amounts to \$30,000,000 and distributes more wealth in the state than the apple, fish, wool and wheat industries combined.

4. Over \$180,000 of outside money is each day brought into Oregon by the lumber industry.

5. Of 71,000 people engaged in manufacturing industries in Oregon, nearly 30,000 people are employed in the lumber industry. No other manufacturing enterprise in the state employs one-tenth as much labor.

6. Forests and forest industries pay about one-third of the taxes of the state; in some counties timber pays 75 per cent of the taxes, and in several others 50 per cent.

7. Forest protection is furnished for approximately 18,000,000 acres in Oregon. Of this acreage about one-half is patrolled by the federal government and the remainder protected by the state forest service and private owners.

## Proclamation

We, the people of Tillamook, should and surely will commemorate May 30th in honor of the men and women that so loyally paid the supreme sacrifice that we and the coming posterity may enjoy Freedom and Independence. Only by their heroic deeds we are enabled to pursue happiness and freedom.

I therefore, under power vested in me as Mayor of the City of Tillamook, declare May 30th a legal holiday and ask that all business be suspended from 9:30 A. M. until 4 P. M. and that as many as possible join with the G. A. R., W. R. C. and American Legion in their services.

At 12 noon until 12:05 P. M. the various churches will toll their bells and during this time it is urgently requested that all within hearing stand at attention, regardless of what they may be doing.

S. A. MOULTON, Mayor.

## INVESTIGATION MADE

Prof. H. P. Baras, of the Pathology Department O. A. C. with Mr. Al Bunn and the County Agent, have been investigating the loganberry industry of the county.

Wednesday was spent in the vicinity of Tillamook, Thursday Nehalem and Friday at Beaver.

This was caused by a report of several growers having trouble with a fungus disease. It seems that several patches have had strong vigorous plants, but have commenced to die out, the tips going first and gradually dying to the root of the plant.

## COMMUNITY MEETING

A round table discussion of the agricultural problems for the vicinity of Cloverdale and Hebo was held in the Grange Hall, Cloverdale, last Tuesday by County Agent W. D. Pine.

A dairy school was decided upon to be held sometime in the future whenever arrangements can be made. Those acting on this committee are Mark Bays, chairman, R. F. Holman and J. L. Gay.

Prof. Hyslop of the farm Corps Department, O. A. C. is expected to suggest several methods for the culture of clover crops and those intending to try one of the suggestions are G. Glick, W. P. Miller, Mark Bays and R. F. Holman.

## TO IMPROVE LAND

Through the community meetings that the County Agriculturist has held in the southern part of the County, it has been found to be impossible to gain a second stand of clover on the same ground.

To remedy this condition, the County Agent has secured H. G. Hyslop, of O. A. C. and Mr. F. Eugbertson, who is superintendent of the experimental station at Astoria, to pay us a visit and suggest some methods of culture.

They expect to spend two days in the County in looking over the situation, arriving on May 27th. Anyone wishing to see these gentlemen in regards to crop conditions get in touch with the County Agent. If possible, a lecture will be held in the Court House on Saturday evening, May 28th.

## ASCHIM HONORED BY GRAND LODGE

### Tillamook County Sheriff Elected Grand Warden of Odd Fellows

### LOCAL LODGE FURNISHES DEGREE TEAM

### Many Tillamook County People Attend Sixty-sixth Session of Order

Tillamook gained more honor when Sheriff John Aschim was elected Grand Warden at the 66th session of the Grand Lodge I. O. O. F. which met in Albany this week. This brings Mr. Aschim within consideration for the chair of Grand Master.

The local lodge furnished the second degree team for the grand lodge session and the following local members attended: N. G. John Aschim, P. G., V. G., D. R. Tinnerstet, P. G., Chaplain F. A. Beltz, P. G., R. W. Watson, P. G., R. S. N. J., E. M. Condit, L. S. N. G., F. H. Matthews, P. G., R. S. V. G., E. M. Heusser, P. G., L. S. V. G., M. A. Schultz, Conductor G. P. Winslow, V. G., Warden L. B. Lucas, P. G., R. S. S., E. V. Snodgrass, L. S. S., E. J. Kennedy, I. G. Geo. Hanslmair, I. K. A. T. Dolan, P. G., Traveler F. F. Conover, P. G., robbers Ben Edge, W. A. Church, A. F. Anderson, and Claude I. Myers, P. G., Musician Robert C. Patterson, P. G., and soloist J. A. Carroll. Others who attended the convention were: Mr. and Mrs. Hubert Butler of Bay City, Mrs. R. W. Watson, Mrs. Frank Conover, Chas. Bennett and R. R. Richards of Beaver.

While the grand lodge was in session sixty four women received the decoration of chivalry conferred by the Patriarchs Militant for conspicuous service. Mrs. Bernice Lucas and Mrs. Hope Watson were local recipients of this honor.

## CARD PARTY

One of the social events of the year was a card party sponsored by Mrs. B. C. Lamb and Mrs. Joe Maginnis, at the home of Mrs. Lamb, on Monday of this week.

Following an afternoon spent at the tables, at which Mrs. Richards won first prize and Mrs. Leonard consolation prize, very novel refreshments were served by the hostesses.

The invited guests were Mesdames Alderman, Burge, R. T. Boals, Sam Brodhead, Emmitt Bales, John Carroll, Fred Christenson, C. I. Clough, E. M. Condit, Case, Eschl, Franklin, E. L. Glaisyer, Goat, Gruber, Grider, A. A. Hall, Henkle, Halton, Hanslmair, Webster Holmes, Blaine Hays, J. C. Holden, Carl J. Lohrlich, J. W. Hill, Dave Kuratli, E. E. Koch, J. S. Lamar, R. A. Leonard, Lewis, Mathis, Moulton, Leo Morrison, Homer Mason, Partridge, Poorman, Richers, Rosenberg, H. H. Rosenberg, Carl Schultz, Oscar Schultz, Max Schultz, Merrel Smith, and Alva Williams.

C. W. Talmage, of McMinnville, was here for a few days last week.

## GRADE SCHOOL ENTERTAINMENT

The Operetta "On Midsummer's Day" by Beatrice Alderman, will be presented by the Grade School children, under direction of Miss Mildred F. Hanselman who very ably directed the High School Operetta "Miss Cherryblossom" May 25, 1921 at 8:15 P. M. in the High School Gymnasium. Over one hundred children will participate in this musical event. The instrumental music will be furnished by Wilkins Orchestra.

Synopsis: The setting is a woodland scene in a meadow on a day where the fairies, Brownies, Honeybees, Butterflies and Sunbeams come to frolic among the flowers. The flowers have been planted by a child who admires and loves them, but thoughtlessly neglects the care of them.

The Fairy Queen decides to teach the child a lesson, refreshes the flowers with her rain Fairies and sends them to fairyland until the child is taught by the Sunbonnet babes and Overall Boys how to care for the garden. The child learns her lesson well, her flowers are returned to her and all ends happily.

The following children are participants:

Butterflies: Ellna Henkle, Iola Andrews, Elizabeth McGrath, Twila Woods, Alice Nicolay, Elouise Vantress, Eunice Fisher, Minnie Pearl Tucker, Margaret Nash, Betty Baker Jewel Leach, Ruth Peterson.

Sunbeams: Lois Wilkes, Vera Rosenbergs, Evelyn Gooch, Jane Sheldon Mary Harrison, Denzel Krake, Helen Krake, Dorothy Haberlach, Nedra Smith, Gertrude Roenicke, Marjorie Finch, Virginia Watson.

Honeybees: Rex Farley, Todl Hay Tommy Dolan, Keith Jenkins James Cahoon, Aaron Walker, Leo Hutz, John Chester Holden, Orin Petersberg, Lee Krake Richard Alley, Vern Hoy, Melvin Woods.

Brownies: Harold Boals, Glen Martin, Joseph Heyd, Jessie Dye, Robert Boals, Alfred Kingsland, Earl Franklin, Richard Aschim, Rodney Mathews, Bruce Mahan.

Child, Pearl Anderson.

Fairy Queen, Kathleen McKinley. Flowers: Kathryn Lamb, Bonnie Jane Harris, Letha Leach, Elncra Phelps, Helen Schultz, Dorothy Tucker, Catherine Schultz, Mamie Dye, Tom Goynne, Lyle Conover, Raythal Woods, Burdett Nicklaus, Bryan Morgan, Marvin Dye, Harry Ackelsson, Verne Tinnerstedt.

Sunbonnet Babes: Ruth Boals, Ruth Mahan, Melba Russell, Francis Wallace, Irene Pangborne, Carolyn Haberlach, Mildred Glad, Carrol Schultz, Maxine Baker, Pearl Wilkes Overall Boys: Maurice Woolfe, Darrel King, Gerald Glaisyer, Donald Crenshaw, Gerald Medcalf, Mason Hanenkrat, Chester Anderson, Kenneth Conover, Gilbert Eye, Arthur Hudson.

Fairies: Marion Larson, Marjorie McGahey, Bernice Johns, Deloris Green, Hazel Roenicke, Pearl Glad, Lela Cook, Elenor Delhi, Lois Magarrell, Ruth Kuratli.

Proceeds will be used to purchase frames for the new pictures which the grade children earned last fall when the Art Exhibit was held.

## AIRCRAFT COMPANY FORMED

The Tillamook Aircraft Company was formed last week for the operation of aircraft for commercial flying. The articles of incorporation have been filed and the machine is being purchased. L. C. Smith, Tillamook boy and former lieutenant in the U. S. Aviation corps during the war, will pilot the plane. Mr. Smith has an excellent reputation as a flyer and the craft will be the safest obtainable for passenger carrying. The field selected temporarily will be that east of town on the Goodspeed farm.

Weather conditions permitting, Pilot Smith will arrive in Tillamook Saturday with Mrs. F. B. McKlaisy as a passenger. The plane will be used here during the county fair doubtless at Nehalem for the month of July celebration there. A contract has been offered to fly at the Round-up at Ashland this summer also.

## STOCK TROUT LAKES

M. L. Ryckman, superintendent of trout hatcheries, and T. J. Craig, who is in charge of the fish car, bred 225,500 young eastern brook trout for liberation in the lakes along the Garibaldi beaches today.

Game Warden Russell states that they intend to ship in 500,000 trout eggs soon to be hatched here and that later an attempt will be made to gather eggs locally for hatching.

## MEMORIAL DAY PROGRAM READY

### Impressive Ceremonies Planned in Honor of Departed Soldiers and Sailors

### MANY ORGANIZATIONS TO TAKE PART

### Services of the Day To Be Divided Into Three Parts—Parade Included

Plans for Memorial Day ceremonies to be held in this city contemplate services similar in many respects to those heretofore held on this day. As usual, the ceremonies will be divided into three sections, the first to consist of services for the departed sailors and marines, which will be held under the direction of the Women's Relief Corps at the bridge across Hoquarion Slough; the second will be services at the Christian Church at which Mr. C. W. Barrick will deliver the principal address; and the third will consist of the decoration of graves of veterans at the I. O. O. E. cemetery and services of the G. A. R. Post, which will also be held at that place.

Civil War veterans, members of the Relief Corps, the veterans of the late World War and others will assemble on Second Avenue East between First and Second Streets shortly after 9:00 A. M., according to present plans. At this place a parade will be formed, Dr. J. E. Reedy acting as Marshal of the Day, and the marchers will move to the waterfront for the ceremonies of the relief Corps. Immediately following the conclusion of these services, the parade will move to the Christian Church. Services at the cemetery will be held in the afternoon. It is expected that the parade will consist of two divisions, one being comprised of military orders and the other of school children and other orders.

The following program for the church services has been tentatively arranged:

Song, America.  
Invocation, Reverend Tucker.  
Chaplain of the Day.  
Music.  
Address of Welcome, Mr. Tucker.  
Response.  
Music.  
Reading of orders establishing Memorial Day, Mr. Spear.  
Lincoln's Gettysburg Address, G. Anderson.  
Address, Mr. Barrick.  
Closing Prayer, Mr. Tucker.  
It is expected that some of the music will be furnished by the Legion Quartet. Some additional numbers, at least one of which will be put on by the children of the public school, may be added.

## BOUQUET FOR GIRLS GET LOCAL BOYS INTO TROUBLE

An epidemic of flower stealing seems to have gripped the younger generation for this week two such cases were brought before the recorder's court to be tried.

Two youngsters were caught stealing tulips from the Henkle yard and were sentenced to serve a certain number of hours under direction of the street commissioner, doing street work. They claimed that they had picked the flowers to give to a waitress in one of the local restaurants, and that they had received some ice cream for the present.

The other case took on a more serious aspect for the participants could have been involved in an assault and battery charge. Lee Stephens, Jim Watson and Elmer Williams were caught by Mrs. F. B. Stranahan taking calla lilies from the yard of the Max Schultz residence. The youths were driving a car when Mrs. Stranahan stopped them and jumped on the running board to see who they were. While standing on the running board of the car the machine was speeded up nearly throwing Mrs. Stranahan off and bruising her arm. The boys were arrested and after their hearing were ordered to pay for the flowers and apologize to the people from whom they were stolen. They were also given an indeterminate sentence of from one to twenty days and let off on their good behavior.

The boys stated that they were getting the flowers for some girls.

## The Port of Missing Men
