Preventative Medicine. The tendency of medical science is

toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous deseases that medical men have to contend with, often follows a cold or an attack of the grip The cold prepares the system for the reception and development of the pneu monia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia Steinbach iron works when this remedy can be obtained Tillamook iron works for a trifle.
