THE WORLD'S FOREMOST ENGINEER

Were it not for the assistance the Department of the Interior has rendered, our wonderful irrigation systems, waterworks and similar projects could never have been developed. Progress such as this is vital to all of us. This phase of our government's endeavors to further prosperity is graphically told in the fifth of the series of articles which we issue each month.

To receive this story and the ones previously published send us your name and address. There's no cost to you—nor are you placing yourself under any obligation.

We Make Paints, Varnishes For Women's Use at Home

THOUSANDS of women with keen home pride want to do their own painting and varnishing at home, and thousands do—with materials we make.

We make those materials especially for home use. You ask for "Fuller's Home Service" Paint Products.

And we maintain a special "Home Service Department" furnishing free information and detailed directions which will enable anyone to do his or her own work.

You simply describe the article, how finished now, and the effect you want to get. We tell you how, the kind of paint, the kind of brush—the things you need to know to do good work. You'll be surprised, delighted

to see the transformation you yourself can make in home things—furniture, floors, walls, woodwork, bric-a-brac, etc.

"Just a can of paint or varnish, and a little work that's fun," works wonders.

Our knowledge of paints and painting practice has been gained through 72 years' experience. We are one of the country's largest manufacturers of paint products and make the very finest kind of goods.

Don't think because you've never done it that you can't do work like this yourself. Try it with our help. Just follow Fuller's Specifications and you'll get the desired effects.

Remember—don't allow surfaces to rot. It costs less to paint them.

Fullerwear "The All-Purpose Varnish"

Adapted for any surface either inside or outside. The most durable varnish obtainable. Withstands interior wear and weather exposure. Does not scratch, peel, rub off or turn white. Dries overnight.

FULLERWEAR is Fuller's Specification for all-purpose varnishing at home—for furniture, tables, chairs, linoleum, etc. Boiling water cannot harm it, nor rolling furniture. Dries dust-free in four hours. Walk on it overnight.

CORD TIRES Now Selling at the Lowest Price Level in Tire History

30x3 1/2	- -	\$24.50
32x4	- -	46.30
34x4 1/2	- -	54.90

(And Other Sizes in Proportion)

Tire repair men, who judge values best, class these tires as having the sturdiest carcass made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

\$13.95 for 30x3

This new low price is made possible by strictest economies and specialized production. Plant No. 2 was erected for the sole purpose of making 30x3 1/2 inch Non-Skid fabric tires. With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis. All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

Rex Theatre

"RIDER OF THE KING LOG"

This great play will be shown at the REX THEATRE on Sunday and Monday, June 19 and 20.

Tillamook gets this play before Portland, Seattle or any other coast city. It is a tale of lumber jacks, of the fights to control valuable timber land and of the great north Maine woods.

Watch—The big log jam, the tide down the rushing torrent on the King log, the plunge into the swirling waters to rescue the girl.

This is positively the biggest out-of-door picture ever filmed. It is taken from the famous novel of the same name and is full of action with which is woven the ever-present love story and a drama of first water.

You had better come to the matinee and avoid the crowds at night.

Let the HEADLIGHT do your job printing! We are equipped to print anything, from handbills to books.
