### Automobile Sales Hold Steady

The sale of automobiles during the past few weeks has continued steady notwithstanding the general tightening of money in financial circles, caused by the closing of industries and the lack of employment throughout the nation. The Sunset Garage reports cars selling as well as can be expected, considering the financial condition at the present time, although they believe that the sales will begin to pick up soon due to the latest drop in the prices of their line of cars. Williams & Williams report that the sales are slow in coming in, but they believe the fall in prices will offset this and that trade will begin to pick up soon as several inquiries have come in, also more interest is being shown by the buying public, since word was received of the price drop.

### BRIDE OBSCURES THE GROOM

Louisiana Court Has Solemnly Held That the Man Does Not Attract Any Attention. It is at last judicially determined that the groom at a wedding is merely a necessary incident, accessory, or piece of furniture. The bride is the whole cast. In a divorce action in Louisiana, in which defendant denied he was the man who had married plaintiff, and his identity with the bridegroom was in issue, the court says: "The only evidence introduced by the defendant in support of his denial that it was he who married plaintiff in Indianapolis on October 9, 1911, was the testimony of the Probate Judge who performed the ceremony and that of the proprietor of the Imperial hotel. The Probate Judge and the proprietor of the Imperial hotel both testified that they had identified the plaintiff as soon as she had spoken to them when they stepped off the train in New Orleans; and from that circumstance, counsel for defendant argue that the Probate Judge and the proprietor of the hotel would surely have been able to identify the defendant if he were the individual to whom plaintiff was married by the judge in presence of the hotel proprietor. We do not think so. With due respect for his honor, the Probate Judge, and for the proprietor of the Imperial hotel, it may be that the bride attracted more attention than the groom." -- From West's Decket.

When the Jersey Jubilee paused at Hebo on Thursday afternoon, Merle Jensen, Vernon Jensen, and Lloyd McKillip of the Nestucca Jersey Calf club were present with their calves; at Beaver John White exhibited his pure-bred calf. Mr. Seymour, state club leader, and Mr. Allan greeted the boys.

On Tuesday calf club meetings were held at Kenneth Williams near Tillamook and at Mr. W. L. Hudson's near Cloverdale. Mr. Allen gave livestock instruction.

The Nimble Finger and the Blue Bird Sewing clubs at Wheeler participated in an Achievement Day program at their school on Saturday evening, June 4th. Their exhibits showed good workmanship and their program careful training. Much credit is due the teachers. Many patrons were out for the exercises.

Supt. Lamb and the county club leader will accompany the Tillamook delegates to the O. A. C. Summer school at Corvallis leaving Tillamook by auto on Monday morning, June 13th. Those who contemplate attending and who have not already notified Supt. Lamb should do so at once. A two weeks' program full of wholesome recreation and industrial instruction will be furnished the boys and girls.

The A. F. Coates Lumber camp began operations at their camp and sawmill May 31st, employing 70 men at the camp and 75 men at the mill and paying wages varying from \$2.50 a day and up. It is said that in the lumber district of the Northwest there is no set wage. Employers are holding men for what they can get them for, and on account of the lack of employment men are working for whatever wage they may draw.

### Card of Thanks

We wish to thank the County Court for improvements on Frank River road. F. W. Allen and family, Trask House.

### Preventative Medicine.

The tendency of medical sciences is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or an attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy can be obtained for a trifle. adv.

### MUST BREAST TAPE TO WIN

Starter in Life's Race Foolish to Handicap Himself by Forfeiting Things That Hinder Success.

Don't be hampered at the start of life's race by the thought that perhaps there is something about you that hinders success. Don't run yourself out. Take a gait that you can hold. Don't endanger your health or sacrifice your happiness by overeffort. The man who runs too fast at the start laps at the finish unless he has extraordinary staying powers.

One morning, over in France, there was a call to go over the top. The officer in addressing the men told them what was to be accomplished and who was to lead them. It was a desperate task that was being undertaken, and a pale-faced young fellow was the man upon whom the great burden had been put.

"Why did you choose Jones to lead that expedition?" the commanding officer was asked, after the attack had proved successful.

"Because," said he, "once he got started all hell can't stop him."

That's a great reputation for a man to have on the field or the farm, in the office or out on the job. Train yourself so that once you get started nothing on earth can keep you from making a finish creditable to yourself and to your job.—F. A. Webb in Chicago Daily News.
