**ARE THEY GETTING WISER?**  
 To take advantage of the chance to make a little extra immediate money seems to be human for evidences of that are seen on every side. Any person who produces is entitled to a lawful profit in disposing of his wares but some are inclined to go a little too far on the profit end and not far enough on the production part.

It seems to be the policy of those running concessions and stands at holiday resorts to fleece the public

for all they are worth whenever the chance is given. Such has been the case in former years at the Tillamook county beaches. However, this year very little complaint was heard regarding such operations. Possibly the concessionaires realized that there is an acute shortage of money with the buying public, or possibly they have at last sensed that they were going about the surest way to drive away trade, profiteering.

**STILL SOME CHANCE FOR ROADS**

The unusual weather encountered has somewhat hampered the county road building program recently but the county court has stated that some progress will begin to show within the next few days. Roads are like hay, must be made when the sun shines. But in spite of all this Tillamook county people are probably in better shape for new roads than they realize.

County Road Master Carroll has promised the Headlight a story of the progress made in road building about the county and the readers of this paper may expect to see a complete outline of the work already done and also that now under way in the next issue.

**SUBCHASER NOT FIRST**  
 The widely heralded visit of the subchaser in Nehalem harbor for

the Fourth celebration is claimed by the Wheeler Reporter and the Portland daily papers as being the first time a battle ship ever dropped anchor in a Tillamook harbor.

The Headlight doesn't like to take issue on such small points but old timers will remember that about 22 years ago the United States torpedo boat Fox entered Tillamook bay while on her maiden trip and stayed several weeks just off Dick's Point. It was quite a novelty in those days to have such a craft here and crowds of visitors made an inspection of the boat before she continued on her way to San Francisco.

A number of copies of last week's Headlight were delivered to the vacationists at Neah-kah-nie by airplane, this being the first time any newspaper was delivered by airplane in Tillamook county.

Chautauqua will soon be here and over. Then it will be time to get squared away for the county fair. Make it a big thing this year.

About 75 per cent of the complaints received by the real estate department of the state insurance commissioner from persons alleging maltreatment at the hands of realtors are without foundation, declares A. C. Barber, insurance commissioner. However about \$2000 has been recovered for complainants in the last year.

Water used for irrigation purposes is appurtenant to the land on which it is used and the water rights should be assessed as real estate, according to an opinion of Attorney General Van Winkle, written for the state tax commission.

**REPORT OF THE CONDITION OF THE FIRST NATIONAL BANK**

At Tillamook, Oregon, at the Close of Business on June 30, 1921

RESOURCES

 C. W. Barrick, Notary Public. My commission expires Nov. 14, 1923  
 Correct Attest: B. C. Lamb, W. J. Reichers, C. J. Edwards, director

**Ye Olde New England Choir**  
 Boston Artists Sing Puritan Songs.

The Chautauqua this year will be opened by Frederick L. Perry's Olde New England Choir of Boston. This company of singers gives a beautiful pageant of American music from the landing of the Pilgrims down to modern times. Each period is illustrated by songs of that time and the members of the company appear in the costume then in vogue.

There is no other organization in America giving a concert of the same nature and Ye Olde New England Choir has taken its place as another of the famous musical organizations originating in Boston.

There are some very amusing and very interesting songs used as the Choir seeks to present a true history of the music of the time rather than a "highbrow" concert. Thus one of the songs of the Puritan period (1600) is entitled "Tobacco's but an Indian Weed" and "Stop Poor Sinner." In the Colonial Period (1700) the Choir sings, "There was a Maid," "Ye Olde Minuet" and "The Sword of Bunker Hill." During Abolition times (1800) "Nellie Gray" and "Cousin Jeddiah" were popular.

Mr. Perry is a genuine artist and the programs to be presented by "Ye Olde New England Choir" promise to start Chautauqua in more popular fashion than ever before.

**MODERN CRANKCASE CLEANING SERVICE**

We use CALOL FLUSHING OIL and ZEROLENE

# How often should your crankcase be CLEANED?

Automobile manufacturers carefully recommend, in their Books of Instruction, regular draining and cleaning of the crankcase.

This is necessary because engine operation causes road dust, carbon, fine metal particles and other impurities to accumulate in your crankcase oil. This gritty oil circulates through your engine, impairs its performance and ultimately leads to rapid depreciation and repairs.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil—the scientific agent that cleans and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the correct grade of Zerolene.

Look for the garage or dealer displaying the sign shown above,—it means "Better operation and longer engine life."

STANDARD OIL COMPANY (California)

**TILLAMOOK CHAUTAUQUA JULY 10-15 INCLUSIVE**

**PROGRAM**

- Afternoon Sunday, 10 1921  
 Introduction of Superintendent . . . Chairman Local Committee.
