The Most Beautiful Car in America

A Safe, Sane Investment

Our five passenger "Glenbrook" is a new 1921 car—not an old model re-painted and re-christened for the selling season. Keep that point in mind please. It amounts to a positive guarantee against sudden and unwarranted depreciation.

Furthermore, the price has been reduced to \$1635. You have only to look at the car to realize that no greater value was ever offered before, during or after the war. In fact, no such car was possible until 1921.

These are hard facts, and they are very important. Give them a little consideration and you will understand why the "Glenbrook" is so universally regarded as a safe, sane and profitable investment.
