

"No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch"

# Who says that "bargain" tires are what the people want

**M**OST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net price*—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good tire*, wherever you find it anywhere in the country.

Because the U. S. policy is a *good policy* that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

### THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

### That your engine shall deliver—

—the maximum power and the maximum speed it was designed to develop.

The refining of Red Crown gasoline to make a high-quality motor fuel is based on a thorough scientific knowledge of the fuel requirements of the automobile engine.

These requirements have been met by the Standard Oil Company out of its years of experience and in accord with a policy of true service in its field.

Look for Standard Oil Service Stations and for the Red Crown sign at service stations and other dealers. There you will be able to get good service with Red Crown gasoline.

### SETTLERS EXCURSION

Following the recent announcement that the date of the settlers' excursion from the middle west to Oregon had been postponed from July 19th to September 20th upon request of large numbers of homeseekers who are unable to make the trip until after harvest, the Oregon State Chamber of Commerce is making complete preparations for the September trip, according to announcement today.

Commercial clubs of the state have been urged to complete the listing of available lands in each community for the information of the settlers, and these listed lands will be placed in the hands of each member of the party, according to Secretary Quayle. In this way, the homeseeker will know in advance the price and description of actual tracts of land in each district in the state.

George Quayle, general secretary of the State Chamber, left today on a tour of the state for the purpose of securing representatives of various districts who will assist the State Chamber representative in the Middle West in the work of lining up prospective settlers. A long telegram from Omaha, requesting additional literature on Oregon for distribution among prospective settlers, stated that a large number of homeseekers are preparing to come to Oregon in September after harvest is over.

### Methodist Church

Sunday school at 10 o'clock. The morning sermon at eleven, subject, "The Stewardship of Intercession." The evening services are at eight o'clock. The subject of the evening discourse will be "Our Duty to Posterity."

The church prayer and praise service on Thursday evening at eight o'clock. You are cordially invited to these services.

CHAS. L. DARK, Minister

Many people are now engaged in chasing the glistening blackberry on the hillsides along the Trask and other streams near Tillamook. A few persons report good luck in annexing quite a lot of these excellent berries out near the Coates logging camp south of town, but it is reported that most of the patches have been picked over. Blackberries are reported plentiful up about Timber near the summit of the Coast Range, over which section heavy forest fires raged a few years ago.

Fifteen attorneys from Tillamook and outside points partook of dinner together at the Tillamook hotel last Tuesday night. Judge Bagley and Court Reporter Runyon were guests at the dinner. "A feast of reason and a flow of sound," added zest to the party, not overlooking the good dinner served.

P. J. Worrall of the Tillamook hotel, states that summer travel thus far this year is away behind that of last year. An increase, however, is looked for during August next.

### AT THE GEM

What happens when the manly, ambitious man settles down on easy street? See the Paramount picture "The Easy Road" at the Gem next week.

Bert Lytell will be seen at the Gem next week in "A Message from

Mill City—Hammond mill reopens after temporary shutdown.

Seaside Signal adds 18x40 ft. building to its plant.

Siletz cheese factory resumes operations.

### Notice to Contractors

Notice is hereby given that the County Court of Tillamook County will until 10 o'clock on August 5th, 1921, receive bids for the clearing and grubbing of the Derby Co. road from the present travelled Co. road between Garibaldi and Miami to the Garibaldi schoolhouse a distance of 430 ft., according to the specifications on file in the office of the County Clerk of Tillamook County.

No bid will be considered unless accompanied by cash, certified check or bidders bond for an amount equal to at least 5 per cent of the total amount of the bid.

The right is reserved to reject any and all bids or to accept the bid deemed best for Tillamook County.

H. S. BRIMHALL, County Clerk
