

PAIGE

The Most Beautiful Car in America

It is Changing Buying Habits

The Paige 6-66 model is a truly great motor car because it represents a great economic achievement. It means maximum motoring qualities at minimum cost.

It means sane, sensible investment value instead of extravagance. Therefore it has changed, and will continue to change, buying habits in the fine car field of America.

You have but to look about you for the evidence. The boulevards tell the story. For more than 25% of our total sales have replaced cars costing from one to three thousand dollars more than the Paige.

In short, the fine car buyer has grown weary of paying "excess fare." He now cuts his investment in half—and drives the undisputed champion of road and track. Think it over.
