#### **Notice**

Due to some idle remark having been misconstrued or to some remark purposely made with malicious intent, the rumor has been curent for the past two weeks that the firm of Ackley, Miller & Martin, who operate jointly the Tillamook and Sunset garages, have been forced into the hands of a receiver and have made a very serious financial failure.

To any one concerned we will be very glad to submit our records proving every statement

In order that our friends may know the untruth of this groundless rumor we are publishing the following brief sworn statement:

State of Oregon, County of Tillamook,

We the undersigned, being first duly sworn, say that our business has never been on as firm a finantial footing as it is at the present. Thanks to our many friends, our business is showing a very remarkable increase in every department with the single exception of car sales. Contrary to the general idea that automobiles are not selling, we have in the past year sold and delivered 95 new automobiles.

the grade near Barview by an auto, holding onto the car which was almost ready to fall down the grade to the railroad track below, until assisted by other autoists, a grave day. accident was averted. The car was hauled onto the road and the parcy continued without further trouble. There is said to be some very reck-less after night driving on the road between Tillamook and Rockaway, and sooner or later someone will pay the price or seriously injure others through such carelessness.

We always try to have the best of fruit and yegetables that the market affords.

Just now all kinds of home grown vegetables are plentiful and good.

In fruits, melons of all kinds are now at their best, with peaches coming on. The peach crop promises to be short, and you should place your orders in advance for canning.

## Sugar is still Cheap
