

PAIGE

The Most Beautiful Car in America

Why They Choose the Paige

Since the first of the year more than 25 per cent of car sales have replaced cars of much higher price.

Buying habits have changed. Men who can afford five and six thousand dollar cars have developed a canny shrewdness. They have learned that peak price no longer guarantees peak performance or maximum value.

This conviction is brought home to them when they compare the Paige with the cars that carry the biggest price tags. Power, endurance, comfort, beauty and economy—in any and every test the Paige 6-66 is triumphant. That is why discriminating buyers are choosing the Master of the Highway as the greatest value on the market today.

One Quality-One Price

Firestone

Again Reduces Price

Extra Size 30x3 1/2 \$16.65

Now \$13.95

Firestone first made the low price
of \$13.95 on the Standard Non-Skid,
May 2. Unusual purchasing power
through big volume of business, and
the great efficiency of its \$7,000,000
Plant No. 2, manufacturing exclu-
sively 30x3 1/2 size, made this possible.
Now, the production of the Extra-
Size 30x3 1/2 tire has been transferred

to Plant No. 2. This permits the
price reduction on this tire from
\$16.65 to \$13.95. No such value has
ever before been offered tire users.
If your dealer hasn't the Extra-
Size in stock ask for our Stand-
ard Non-Skid type at the same
price. You will still be getting an
unusual tire value.

Cords That Don't Blow Out

You feel secure on Firestone Cords.
Because Firestone Cords don't blow
out. Your repair man will tell you
he hasn't seen a blowout this past

year—10,000, 15,000 and 20,000
miles, and the tires still going
strong. See your Firestone dealer
today. Name below.

Firestone Cord Tires are being sold at lowest prices in cord
tire history: 30x3 1/2—\$24.50 32x4—\$46.30 34x4 1/2—\$64.90
