

PAIGE

The Most Beautiful Car in America

At the New Price Where Can You Match Glenbrook Quality?

Just a short while back the Paige five-passenger touring car, Glenbrook 6-44 model, sold for \$1925.

Today, because the price is based on the prevailing costs of the readjusted materials market and the low manufacturing overhead due to our immense facilities, the list price of the Glenbrook is only \$1635. Surely if a genuine buying opportunity ever knocked at any man's door, the Paige Glenbrook is that very opportunity waiting on your threshold.

Not only is the initial cost absurdly low for such a remarkably fine car, but the Glenbrook is a true economist. Its sturdiness is the despair of the repair man. In the hands of thousands of owners it has shown amazingly satisfactory tire and gasoline mileage.

A pure quality product, the Glenbrook has demonstrated its supreme fitness the country over. New from stem to stern there can be no sudden or unwarranted depreciation. Unquestionably it is the best and safest investment in the light six market today.
