FISHING AND HUNTING FEES

The present fee of \$3 for a fishing license and the same amount for a hunting license, or \$5 for a combination hunting and fishing license is entirely too high, and that expresses the opinion of nine-tenths of the people.

TILLAMOOK BEACH PROSPERITY

Tillamook beach resorts are becoming income property to quite an extent. Those who have the accommodations have done quite well this year, we should judge, by the number of people who have patronized the resorts this year.

OUR RIVER NOMENCLATURE

Many of the later population have wondered how the streams of this county got their names. The Tillamook river which empties into the bay of that name derived its appellation from the Indian tribe that inhabited this section.

DO YOU KNOW COLUMN

Do you know That the Silverside salmon are running to beat four of a kind? That a Silverside roasted with a strip of good bacon tickles one's stomach prodigiously? That the summer season is waning and that many of the campers are headed for home?

CARD OF THANKS

We wish to thank the many friends and relatives who assisted us so kindly during the sickness of our beloved one, also for the beautiful floral offerings.

"PROHI" SPEAKER TO BE HEARD HERE

MASS MEETING IN METHODIST CHURCH IN ADDITION TO A CONFERENCE IN AFTER-NOON ON ANTI-SALOON MATTERS. STATE AND NATIONAL SPEAKERS TO PARTICIPATE

A County Law Enforcement Conference will be held in the Methodist church in this city at three o'clock, Tuesday September 27th, under the auspices of the Anti-saloon League of Oregon.

The object of the conference is to discuss every phase of the enforcement of prohibition, both federal and state laws. The conference will all-

Captain Frank B. Ebbert

so take up the enforcement of liquor laws in this county. W. J. Herwig of Portland, superintendent of the Anti-saloon League, issued the following statement:

"The Anti-saloon League of Oregon is proposing to conduct a very extensive Law Enforcement Campaign throughout the state. It is our purpose to hold a law enforcement conference in every county seat town, the conference to be held at three o'clock in the afternoon.

"Similar campaigns are being conducted in every state in the union. If prohibition is to be made permanent and a success, the same must be properly enforced and we are confident that this campaign will be the means of arousing a stronger public sentiment for law enforcement. The greatest immediate need in the state is to inform our people just what the law is and their duty as citizens and get the people and law enforcement officers together."

At eight o'clock a public mass meeting will be held at the M. E. church, where Captain Ebbert will deliver a lecture on the subject of "The Unfinished Battle." The afternoon conference and the night mass meeting are open to the public.

FAITH IN SELLING

Merchants tell the readers of the Headlight about their goods because they think the buying public wants the information. If the advertiser did not have faith in his goods he would not go to the trouble and expense of telling about them.

When a merchant advertises it indicates that he keeps abreast of the times and is proud to keep before the people the lines of goods that he sells.

Buyers, appreciating this, patronize the merchant who advertises.

HI SCHOOL NOTES

If attendance has anything to do with it, it looks as though this were to be a bumper year for the high school, the number enrolled at the present time being one hundred and seventy-six.

The first student body meeting of the school year was held last Wednesday with President Rodney Farley presiding. There were emergency nominations for student body General Manager and also for an auditing committee of three, the duties of which will be to inspect the financial reports of the Secretary at the end of each month.

The teachers of the grade and high school participated in a picnic at Bayocean last Saturday and it is rumored that they had a good time, even though they were teachers.

Certain students have been overheard wishing there was a fair every week; a holiday have been extended over Thursday and Friday so they might attend.

ELECTRIC LIGHT RACING NOT NEW IN TILLAMOOK

The state fair is to have racing on a track illuminated by electric lights and searchlights. The announcement would indicate that this was a new feature in racing circles, but the state fair is slow in initiating it, as A. C. Everson who has had charge of racing and sporting events at the Tillamook fair for two years past, first introduced the idea at the fair at this place two years ago, and made it a success. The track was wired with arc lights and four big searchlights followed the animals in their speed trials around the track. Mr. Everson claims originality for the idea, and the records seem to bear out the statement.
