

PAIGE

The Most Beautiful Car in America

All That Money Can Buy

To be Master of the Highway is glory indeed, but this well-earned distinction does not alone explain the country-wide preference shown for Paige 6-66 models.

To start with, there is large economy in the initial price. Furthermore, many attested performances on track and hill have revealed a stamina that is a guarantee of long life and freedom from repair bills.

All that a truly fine car should be, it is easily apparent that the Paige 6-66 is by far the greatest dollar-for-dollar value on the market today. Is it any wonder, then, that discriminating buyers who could well afford to pay \$5,000 to \$6,000, if they were convinced that supreme quality compelled it, choose the Paige?

and 22,410 lbs. of butter fat in seven days, equivalent to the above amount of butter.

The champion Holstein for Oregon in the Full Aged Class for seven day production is Stanhope Belle Johanna, whose record of 859.7 lbs of milk and 27,361 lbs of butter fat, equivalent of 34.2 lbs. of butter, surpasses all others, according to the records of the Holstein-Friesian Association of America.

Frank O. Lowden, former Governor of Illinois is president of the Holstein-Friesian Association of America. This association has a membership of over twenty thousand breeders in the United States, and is the largest pure bred cattle association in the world, representing nearly one-half million pure bred animals.

LOCAL NEWS

H. P. Filer, district manager of the Oregon Life Insurance Co., of Astoria, was in the city on Tuesday.

Geo. M. McLeod, who is the active head of the Hammond Lumber Company's interest in Oregon, with headquarters in Portland, was in Tillamook last Saturday. The Hammond interests, it is understood, pay about \$25,000 in taxes in this county annually.

Dance every Saturday night at K. P. Hall. 49tf

H. W. Thomas and wife of Marshfield, Ore., are in the city visiting Mr. and Mrs. Heaston, Mrs. Thomas' parents.

P. W. Todd and brother Jo went up the Trask Monday of last week to try out their luck hunting deer.

John Etwiler, a brother of S. J. Etwiler of near Oretown, this county, went out to Portland one day recently with samples of the coal found on his brother's farm. John is an old prospector and believes his brother has a good chance to develop a paying coal mine. He will have samples tested in Portland by coal experts. It is rumored that coal has also been found on the Broughton place near the scene of the Etwiler discovery.

Mr. and Mrs. Frank Heyd, Mrs. M. E. Gruber, Mrs. Ashley of Bay City and Mr. Morris Schnell motored to Portland on day last week to attend to business and visit with former Tillamook friends, Mr. and Mrs. W. J. Peterson, Mr. and Mrs. S. S. Johnson, Sunday Mr. and Mrs. Frank Heyd, Mr. and Mrs. Peterson and Mrs. Roch of Portland, visited the country home of Mr. and Mrs. Leo Seifer of Gresham, Ore.

Mrs. M. E. Rhodes of Los Angeles formerly of the Bay View hotel, Bay City, who is visiting her daughter Mrs. Harry Joyce of the Hazelwood restaurant, enjoyed a visit with her friends, Mrs. M. E. Gruber, Mrs. Frank Heyd and Mrs. Ashley of Bay City while in Portland.

Silversides have begun running in small numbers in the bay, and a number of fishermen were out trolling last Sunday. The silverside is called the "button-salmon," so named from a pronounced protuberance or button on the end of the nose. It has been stated whether true or not, that the silverside strikes a spoon because it is made angry by the swift whirling metal, but a more sensible explanation would be that the fish is hungry when it enters the river and strikes at the spoon be-

lieving that it is something in the shape of food. The silverside is about the gamest fish that comes in from the sea, and is highly esteemed for its food qualities.

Miss Goldie Clark accompanied Mrs. Morris Bays to Portland one day recently.

Mrs. Chas. E. Reynolds and daughter left for Portland by stage Saturday of last week to attend the funeral of Mrs. Reynold's brother, which occurred the day following.

A. H. Stak, who worked for the Coates Lumber Co. last summer returned to his home in Portland one day last week.

Mr. and Mrs. Chas. Martin, the farmer with the Tillamook Lumber Co., left for their old home in Oklahoma last Saturday, going out by the Cadillac line.

DO YOU KNOW

That the fellow who talks too much has more to explain than the fellow who doesn't talk enough?

That all of us are hypocrites to a lesser or greater extent? That many of us don't mean to be, and that nine out of ten of us wouldn't admit it?

That many an alleged humorist is merely a philosopher?

That a woman who talks too much is regarded as a pest? That a man who talks too much is looked upon as a mental lightweight?

That language was invented to express ideas? That a whole lot of people are long on language and short on ideas?

That a clam is never safe without its clamshell on? That the gulls are always watching to catch a clam with its overcoat off?

That the best way to make a friend envious is to tell him of a piece of your good luck?

That 'tis said the still sow gets the swill? That some of the swill fed some of the poor sows would make a sewer seagull seasick?

That we may look for some falling weather soon? That when it falls too hard, why not get out the old fiddle and saw the sadness out of life?

That it's not proper to say: "My feet hurt?"

That the fellow who is always taking a fling at the local paper couldn't get one up in a million years?

That as a rule the local paper is as good as the town in which it is published?

That a few more spill holes in the gutters, would help to swell the ocean fount, and at the same time make the street crossings easier to negotiate?

That it's sometimes wise not to see some things you observe?

That the lady who said she always read the "Do You Know Column" before she read the ads., paid us a doubtful compliment?

That as a rule you never hear a bald-headed man ridiculing a fellow with no hair on his head?

That hunting ducks with a brass band is not forbidden by the statutes, but that it's a foolish way to hunt ducks?

That one real gossip woman can stir up more trouble in a minute than a barrel of wild cats in a hour's roost all night?

TILLAMOOK HOLSTEIN LISTED IN TEST RECORD

One of the pure bred registered Holstein-Friesian cows, owned by F. R. Beals of Tillamook, recently made 28 lbs. of butter in seven days, according to the latest bulletin of "Reported Tests of Holstein-Friesian Cows", published bi-weekly by Malcolm H. Gardner of Delavan, Wis., Superintendent of Advanced Registry of the Holstein-Friesian Association of America.

This cow, Tillamook Lola May De Kol, at the age of five years and one month produced 756.3 lbs of milk

Wrong Ideas on Paint Economy

THERE'S one way to save on paint. That way is to use the best of paint.

Some think of paint economy as "cost per gallon." That is wrong. Cheap paint doesn't cover as much surface—you need more gallons.

Cheap paint is more difficult to spread, requires more labor, so the best paint costs no more when you've put it on the house than cheap paint does.

More than that, it lasts five or more years longer, if properly applied, while cheap paint on the average begins cracking in twelve months. Good paint is an investment that saves money by preventing deterioration of the house.

"Cheap" paint is the only paint that really costs you anything.

Don't allow surfaces to rot—it costs less to paint them.

We've made paints for western use for 72 years. We use pure PIONEER WHITE LEAD, pure linseed oil, zinc and color, but we mix them in scientific proportions with long-time skill.

Our white lead base must be fine enough to pass through a silk screen with 40,000 meshes to the square inch. That means covering capacity and ease of spreading. We super-purify the lead to make it "whiter," which means clear-toned colors.

The finished product on the house is a beautiful, elastic tough protective coating.

We call these paints "Fuller's Specification House Paints" because they are the very best made for the purpose.

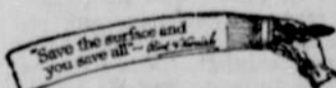

Fuller's SPECIFICATION House Paints

Phoenix Pure Paint Pure Prepared Paint

Manufactured by W. P. Fuller & Co.

"Pure Prepared" and "Phoenix" are Fuller's Specifications for house painting. Get either and you have the best that anyone can make—long-service paints. WHERE TO BUY For All Exterior Jobs of Painting, It is Advisable to Secure the Services of a Master Painter.

Free Advice on Painting

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and those other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.

W. P. FULLER & CO. Dept. 17, San Francisco Pioneer Manufacturer of Paints, Varnishes, Enamels, Stains, and PIONEER WHITE LEAD for 72 Years Established 1849.

Branches in 16 Cities in the West—Dealers everywhere.

Also makers of Rubber Cement Floor Paint, All Purpose Varnishes, Silken-white Enamel, Fifteen-for-Floors Varnish, Washable Wall Finish, Auto Enamel, Barn and Roof Paint, Porch and Step Paint and PIONEER WHITE LEAD.

SAVE THIS

(Cut this out and paste it in your note book as a memo.) My house needs painting. Fuller's Specification House Paints are sold by the following Agents:

A. McNair & Co.

HE'S A LUCKY CHAP

Perhaps you have said that, a little enviously, of some cheap, no better educated or brighter than you, but who seems to get along faster.

Did you ever consider that his "luck" might be simply good financial management? At the First National we have seen young fellows go determinedly to work—save several hundred dollars, invest it as we suggested, and then start in again. Better spell "luck" "plucky."
