 We've heard from "The Son of Tarzan". He'll soon be here—Watch next week's papers for the dates.

## The Phonograph That Amazed Tillamook Can Be Bought

There is a rumor abroad that the instrument which triumphed in the drastic comparison test, made last Friday at the Christian Church was a special exhibition model. That rumor is false. The instrument was a regular Official Laboratory Model—out of our own stock. Every Official Laboratory Model in our stock is guaranteed to sustain the same test. If you were one of those in Friday's audience who wistfully exclaimed: "Wouldn't it be wonderful if I could buy a phonograph like that"—know that you can. Know that it will perform this miracle every day for you in your own home.

## The New Edison

"The Phonograph With a Soul"  
 Come in and hear for yourself the Official Laboratory Model's marvelous realism. Find out about our Budget Plan, which enables you to own an Official Laboratory Model for a small down payment, the balance on a gentlemen's agreement to suit your convenience.

Note:—The test at the Christian church was made by Helen Clark the world-famous contralto and Joseph Phillips the eminent baritone. They compared their living art with its Re-Creation by the New Edison. There was no difference between the living art and the Re-Created art. The New Edison stands absolutely alone in this achievement; no other phonograph has ever sustained this test of comparison.
