H. H. Tubessing an uncle of Miss Elfrida Tubessing of this city, is just recovering from an attack of pneumonia, at the family home near Nehalem City.

Born to Mr. and Mrs. M. W. Losey of Nehalem, Oct. 20, a daughter.

Chas. F. Gerard of Bay City was in Tillamook the latter part of last week. He reports that business is beginning to look up in his section of

the county. He owns considerable property in and around Bay City.

A public accounting and general bookkeeping office is being opened at 303 2nd Ave. East by John Mathers, who has been assisting in the cheese association offices. Mr. Mathers has had several years of chief accounting for the Booth-Kelly Lumber Co., and the Portland Lumber Co.

There is no truth in the report that Cape Meares light station was to be abandoned and a new light house built at Cape Lookout. The Chamber of Commerce received a letter from Congressman Hawley to that effect after making an investigation. The report, probably, grew out of the fact that the Bureau is looking for a site for a radio station, and Cape Lookout is under investigation.

**A Bread Talk**

Overeating is the best friend of the doctors and undertakers and the great trouble is that people will not only overeat but they eat improper food. Plain food is equal to a life insurance policy and people who eat plenty of good bread are not the ones who call the undertaker, for 90 per cent of every slice of bread is converted into nutrition without waste.

But bread ordered at random, or because it looks good and tastes good is not always good bread. Golden Crust bread is good bread and you can see for yourself every detail of the making to the delicately browned loaf as it comes from the oven.

In placing your order say Golden Crust Bread and you get bread made by a baker who knows his business, a bread that is no mystery and that you can see made, and also a bread made in Tillamook, by a Tillamook firm that spends what you pay for this good bread in Tillamook.

**Dale West and His Winning Heifer**

Dale West, of Klamath Falls, Oregon, came with the other boys' and girls' club members to the Pacific International Live Stock Exposition last year and entered his Shorthorn heifer, Mound's Baroness 2d.

Well bred, in splendid condition and trained to stand and lead properly for the judges, both she and her master made a fine impression, and she was awarded first in the young class of beef breeds.

Dale was written to O. M. Plummer, manager of the great show to be held this year at North Portland, Oregon, Nov. 5-12, that he wants to be a part of the exposition, and he sent his check for \$25 for one share of stock.

The boys' and girls' club exhibits at the Pacific International last year were very interesting, and perhaps as important to the nation as any division there.
