#### "PAY THE PIPER"

The shade of Bacchus must have smiled at the scenes enacted in this city during the last few days, when apartment houses, working girls and prominent citizens were gathered in the meshes of the law to answer for conduct brought on by a violation of the prohibition act. That the way of the transgressor is hard and that all must pay is a self-evident fact, but the surprise of the worthy citizens in being caught shows that an unsuccessful attempt was made to sidestep responsibility for criminal acts.

The local peace officers must be highly commended for the fearless way in which they handled the various cases, and their efforts to clean our city of the scum that clings to the heels of decent people who make Tillamook their home.

#### THE TORCH OF BACCHUS LIGHTS UP TWO MORE

John Schimling of Fairview was arrested last Saturday night charged with being "lit up with moonshine." He was arraigned Monday before Judge Stanley and fined \$15 and costs. Arthur Holden was also arrested on a similar charge, and fined \$10 and costs by Judge Stanley. Judging by the saturnalia of booze lapping last week, the planet Saturn must now be in opposition to some other malefic planet, if one were to believe that "the stars make or unmake us." The star alibi, however doesn't hold good in the courts of this mundane sphere.

#### PERMITS TO WED

Marriage licenses have been issued by County Clerk Brimhall as follows: October 30th to Fred E. Buck and Helen Miller of Wheeler; November

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$4,000,000 has been made available for this work.

#### THE DAIRYMAN'S WARNING

Old Bossie was a loafer cow, She stood around all day, Waiting for the corn and oats To be shoveled down her way.

She ate as much as other cows, She did not reason why, But when it came to giving milk She was a little shy.

She did not come from dairy stock, She showed a trace of beef, Her mother and sistert Anne, Like she, both came to grief.

She loafed along for several years, She did not realize That she was being tested, And her ower getting wise.

One day the butcher came around With halter and a gun, And led her to the shambles At the setting of the sun.

Take warning all ye loafer cows, Take heed to what I say! You'll surely be found wanting, For the tester's on the way.

### A Bread Talk

Overeating is the best friend of the doctors and undertakers and the great trouble is that people will not only overeat but they eat improper food. Plain food is equal to a life insurance policy and people who eat plenty of good bread are not the ones who call the undertaker, for 90 per cent of every slice of bread is converted into nutrition without waste.

But bread ordered at random, or because it looks good and tastes good is not always good bread. Golden Crust bread is good bread and you can see for yourself every detail of the making of the delicately browned loaf as it comes from the oven.

In placing your order say Golden Crust Bread and you get bread made by a baker who knows his business, a bread that is no mystery and that you can see made, and also a bread made in Tillamook, by a Tillamook firm that spends what you pay for this good bread in Tillamook.
