

\$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-Servicemen Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920, the American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$6,000,000.

It is in the 2,289 of the 3,600 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,000,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

An Ever Expanding Problem

That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,397 Red Cross Chapters regard it as their most important work is evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nation-wide. At the end of the fiscal year, June 30, 1921, there were 26,300 disabled service men in the 1,692 United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men receiving medical treatment, compensation and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

Many Forms of Assistance

If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents.

Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given service of one kind or another to an average of 129,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 356,544 requests for friendly aid in the solution of personal problems.

448 Working in Hospitals

While the bulk of the work of entering Government hospitals largely with the Chapter, after which he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family. In short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

It handled 70,732 allotment and allowance claims.

It delivered through its Chapter organization 63,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance.

It provided a special fund of \$10,000 for medical assistance to men under vocational training.

It made 32,495 loans totaling \$450,000 to men taking vocational training, of which 55 per cent has been repaid.

Prospective Mothers

Proper care of mother when Baby comes is vital to her future health and baby's as well. Each has the right to the very best attention and scientific skill, something that is impossible at home.

But here, at this wonderfully equipped, modern fire-proof maternity home, every care is extended to mother. Graduate nurses, who know and love babies and are specially trained for maternity work, are in constant attendance here day and night. The nurses in charge are graduates from Chicago Lying In Hospital, conducted by Dr. Joseph B. De Lee, America's greatest authority on obstetrics.

Come a week or so before Baby is expected and board at the hospital. The cost is much less than if you remained home under a nurse's care—and worries are eliminated.

All information and pictures of the hospital will be mailed in a plain envelope on request.

VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war" for the military department of the nation is interestingly described and illustrated in one of an instructive series of articles on Our Government now being distributed exclusively by this Institution.

We shall be pleased to see that you receive the complete series, if you will send us your name and address.
