## Children Need Food for Proper Growth

"The bones and muscles cannot be built without suitable materials. The food which does this best and cheapest is MILK. It not only builds, but it protects children from disease. Every child under six years should receive a quart of milk a day, those older the same when it can be afforded. No child can thrive on less than a pint of milk a day."

The above is an extract from Extension Bulletin No. 327 issued by the Oregon Agricultural College. Is your child developing properly?

ORDER GOLDEN ROD CLARIFIED MILK. IT'S CLEAN

## Prospective Mothers

Proper care of mother when Baby comes is vital to her future health and baby's as well. Each has the right to the very best attention and scientific skill, something that is impossible at home.

Happy Babies  
Healthy Mothers

But here, at this wonderfully equipped, modern fire-proof maternity home, every care is extended to mother. Graduate nurses, who know and love babies and are specially trained for maternity work, are in constant attendance here day and night. The nurses in charge are graduates from Chicago Lying In Hospital, conducted by Dr. Joseph B. De Lee, America's greatest authority on obstetrics.

Come a week or so before Baby is expected and board at the hospital. The cost is much less than if you remained home under a nurse's care—and worries are eliminated.

All information and pictures of the hospital will be mailed in a plain envelope on request.

We have just received a new shipment of

# White Down FLOUR

We have gone to a great deal of trouble to secure for our friends and patrons a hard wheat flour that will produce better cakes and pies for housewives.

Yours for better baking

REVERE GRANITE TREAD

## Get Rid of Your Tire Troubles

THE economy-seeking motorist can scarcely do better than put one of these Revere Tires on his car and get rid once and for all of the tire troubles that beset the average motorist.

Already there is plenty of evidence that the ideas on which Revere Tires and Tubes were created and marketed have been more than justified.

More motorists are finding out about Revere Cord and Fabric Tires every day. And the more they find out about them, the more enthusiastic they become.

We have started quite a number of motorists around here on the road to economy.

Are you going to let us start you?
