'ROUND ABOUT THE TOWN

Christmas carolling is much in vogue in many places in this state. It is an old custom, and many of the old English songs are rehearsed by the good singers for the occasion, and voiced early Christmas morning. Tillamook has plenty of vocal talent. Why not get in line for the coming of that memorable day? A few appropriate yodel numbers would not come amiss on that occasion as we are said to have some real Swiss yodelers in our midst.

Wednesday last was the shortest day of the year. From now on, although it will hardly be noticeable the days will begin to lengthen.

The Cloverdale stage leaves this city after the arrival of the train mail each day, and returns to the former place. This is a star route. At this time of the year, and during the present cold weather, the mail carrier's daily trip, most of which is made after dark, is not an enviable one.

It's Not What You Pay That Counts
 ---even though the price be small---
but for what you get for what you pay!

The J. C. Penney Company does not want the whole trade of this or any other community—it wants only that trade to which it can promise and give the largest value for the dollar.

It is not large profits that concern us, but the establishment of a safe and sound foundation for a business that will be lasting.

For that reason our profits must be small so as to afford you and others the utmost for what you pay. The enormous purchasing power created by our merchandise requirements for 312 stores materially aids in giving the unmatched values we do throughout the year.

Consequently, it is only natural that we should have a host of loyal, appreciative customers her and in every place where we have a store. This makes the name of J. C. Penney Company a household word for fair and square treatment to its patrons and friends.
