BETTER HOMES FOR OREGON AIM OF WOMEN OF OREGON

"Better Homes for Oregon" is the slogan around which the practical scientific practitioners of Oregon homemaking will rally for their first separate conference at the State college, Corvallis, March 20-25. "And the slogan will be made vital," say the leaders of the movement. The opening address of Dean Ava B. Milam, "Homemaking from a new standpoint," will sound the keynote.

The conference has always heretofore been held in connection with Farmers' week, when some of the women thought they were expected to play "second fiddle" in the men's orchestra. In conformity with the development of a better standard of home and homemaking the method has been changed to meet the new needs.—O. A. C. Experiment.
