DAVID H. KENNEDY and **ROSEMARY PICHEN** of Portland were married Saturday evening at the house of Rev. A. A. McRea, who performed the ceremony. Mr. Kennedy is the new club leader for this county.

McNeil-Phelps

At the home of the bride's parents, Rev. and Mrs. Mark Phelps of this city on Saturday evening, March 11th occurred the marriage of their daughter, Grace L. to Earl D. McNeil, Charles L. Dalk of the Methodist Episcopal Church officiating. These young people have been employed at the S. P. depot for the past year where they have become well known by the people of Tillamook. They are among our best young people and the good wishes of a host of friends will follow them.

ANOTHER TRAFFIC ACCIDENT

Another traffic accident occurred last Saturday at the corner of First avenue East and Third street. The Cloverdale stage driven by Driver Mitchell collided with a car driven by Roy McInnis. No one was hurt, and the machines were not seriously damaged.

McInnis was proceeding west on Third street and the stage north on First avenue when the cars locked wheels at the intersection. The front wheel of McInnis' car was broken, and the hind wheel of the stage was smashed when it crashed into the curb. The stage was turned completely around and facing the opposite way from which it was proceeding.

LOCAL H. S. TEAM

LOSES TO McMINNVILLE

The high school team played a close game last night in McMinnville when they played the McMinnville team. At the close of the first half the game stood 12 to 10. Gabriel was injured during the second half and taken out of the game. The final score was 19 to 17, favor of McMinnville.

Dressmaking

For all kinds of sewing, beading and embroidery call at 502 First St. E.

The order of "Commodore of the Legion of Honor," conferred on him by the French government, has been declined as a personal decoration by Hanford MacNider, commander of the American Legion. He cabled Marshall Foch that he wished to accept the award only "as a tribute to all members of the Legion."

With stores closed, the countryside out en masse, and a plane wheeling overhead to direct the attack, the American Legion at Beaver City, Neb. staged a record wolf and coyote hunt for the benefit of farmers. The money for the pelts went to needy ex-soldiers.

Below is the letter received from National Commander Hanford MacNider, by the commander of the local post, in commendation of the splendid work accomplished by the Tillamook post of the American Legion.

February 23, 1922

Tillamook Post No. 47,
The American Legion,
Tillamook, Ore.

Fellow Legionnaires:
It is our understanding at National Headquarters that Tillamook Post No. 47 is one of the liveliest and most energetic Legion Posts in the West. We know of the fine work you have done in Americanism and in promoting better teaching of Americanism in the grade and high schools of your county.

We are particularly interested in the way you alternate your meetings between the five or six different towns in the county. This as far as I know is the only post which is doing this in the whole United States.

You are to be complimented upon your initiative. I want to thank you officially and personally for the splendid efforts you are putting into the constructive progress of The Legion. It gives us inspiration down here at headquarters to carry on the work throughout the nation.

Yours sincerely,
(Signed) HANFORD MACNIDER.

A. D. Firebaugh and Mrs. Firebaugh of Salt Lake City, Utah, have come to Tillamook to remain for a month or six weeks, while Mr. Firebaugh attends to business affairs. There is a possibility of their remaining permanently. Mr. Firebaugh remarked upon the shortage of houses here, and urged that more houses be built. As it is people must take whatever they can find regardless of whether it suits or not.

LOOK

Here it is! The game that we have been waiting for so long. The K. P.'s and the Odd Fellows basket ball teams tangle, Wednesday, March 15th.

It is needless to say that this game will be fast and exciting from the beginning to the end, for it decides the championship for the season of the two Independent Orders.

The K. P. band will be out, full of pep as usual, to help along with the entertainment, for the evening. Don't forget the date. You can't afford to miss it.

REV. J. E. FRY announces that the meetings that were scheduled to be held at the U. B. church have been postponed on account of sickness. They will be resumed as soon as conditions permit.

"You're Right B'gosh"

Cheaper, Quicker, Better and More Sanitary

EMPIRE MILKER

The Empire way is the quickest, surest, cheapest and most sanitary way to milk your cows. It makes the "D" in dairying stand for dollars; it eliminates all the drudgery and abhorred inconvenience of hand milking, and it does the milking so much quicker that in the labor saved alone it soon pays for itself and from then on renders you a nice clean profit.

Automatic Water Buckets

Water for the cow when she wants it, and then water at the right temperature. Dairy experts not only claim, but have proven beyond a question of doubt, that water is the greatest milk producer when the cow can get it when she wants it, and when it is not too cold. One large Wisconsin herd, by actual test, increased the average milk production per cow from 48.8 pounds, when the cows were obliged to drink at a tank in the yard when let out, to an average per cow of 112 pounds, when watered in the barn with buckets. This is not an exaggeration, but an actual fact. Many others have had similar experiences. Think of the increase in your milk check each pay day, as compared to the small cost of watering systems. It is no longer a question of "does it pay?" but "can you be without it?"

Non-Lever Stanchion

They are the Best—they cannot be beat. Operated by little boys seven and eight years of age. All parts high grade material—stall posts, stall anchors, stall partitions and clamps, where rods do not go to wall.

How to Really Save On Cost of Painting

FIRST, find out what good paint is, for that is where you start to save on paint. We spend more to make paint for your economy as follows:

We use only the best materials in Fuller's Specification House Paints—PIONEER WHITE LEAD, pure linseed oil, zinc and finest colors.

We super-purify the lead in a special purifier. Then we make the lead so fine that it will pass through a silk screen with 40,000 meshes to the square inch.

The "whiter" lead means clearer-toned colors. The extreme fineness means better mixing quality, greater covering capacity, more ease in spreading—a paint that's always uniform and smooth.

Such paints when applied form a beautiful elastic, tough, protective coat that stays. They are known as "Fuller's Specification House Paints."

Where "Cheap" Paints Fail

Don't Figure Paint Economy as "Cost per Gallon."

"Cheap" paints can't compete with good paints in economy. "Cheap" paint covers less—you buy more gallons. It is harder to spread, requires more work—so you pay more labor cost. Your "savings" in less cost per gallon is very quickly eaten up.

Cheap paint starts to crack in twelve months. Good paint remains good five or more years. It is really the cheap paint that is expensive. Don't allow surfaces to rot—it costs less to paint them.

There is no real cost in painting with the best paint. Depreciation of an unpainted building far exceeds the cost of paint.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.
