

# Tillamook Headlight

VOL. XXXIII, NO. 23

TILLAMOOK, OREGON, TUESDAY, MARCH 21, 1922

PRICE \$2.00 A YEAR

## BOND ELECTION FOR \$50,000 IS PASSED SATURDAY

### MEASURE IS PASSED BY PEOPLE TO CARE FOR LARGE AMOUNT OF OUTSTANDING WARRANTS AND STREET ASSESSMENTS

#### Bonds To Carry Interest At Rate of Six Percent; Same Rate As Outstanding Warrants Now Carry Expenses To Be Cut.

The bond issue was carried at the special election last Saturday. In spite of the inclement weather voters turned out to fast their ballots. The measure called for an issue of \$50,000 of city bonds to take up the present indebtedness of the city.

\$25,000 of this sum is in the form of outstanding warrants, which are an accumulation of expenses incurred by the city for which the budget allowances have never been ample to cover. There has never been ample taxes to pay the current indebtedness of the city. Under the new budget law, a commission that has been appointed to meet with the city council will be required to draw up a budget that will take care of all expenses.

The other \$25,000 is the result of delinquent street assessments, which the city will recover as soon as property is sold, with the same interest as warrants and bonds carry.

Each budget commission, hereafter, will have to make provisions for a surplus with which to take up each year a portion of the bonds which are about to be issued, and for which the election was held. The bonds carry 6 percent interest, the same rate as the outstanding warrants against the city now carry.

It has been the policy of the present council to keep the expenses within the budget estimate, and up to the present time this has been done and it seems likely that it will be possible to keep well under the budget estimate during the present year.

### AMERICANISM LECTURE GIVEN AT CITY HALL

John Jeffries, prominent Portland attorney, delivered a lecture to a packed house last night, at the auditorium of the city hall. His theme was Americanism. Mr. Jeffries is an able speaker, and handled his subject well. At times he became eloquent. He held the audience from start to finish and several times during the course of the lecture was heartily applauded.

He dwelt at length upon the reconstruction period that the country was now passing through, and mentioned the trouble the government had during the war with hyper-Americans. He advocated an America for Americans, and the teaching of real Americanism to the youth of the country. He held as examples such Americans as Washington, Lincoln, Grant, Roosevelt, and others. He spoke upon the need of teaching true American history in the schools, and, especially, the teachings of the United States Constitution and the spirit of the Declaration of Independence. "These documents," said Mr. Jeffries, "are true American documents, and should be taught to the children of the land. But as it is few of our high school students can properly answer questions on the Constitution of the United States."

### CONTRACT ON NETARTS ROAD IS AWARDED LAST SATURDAY

The figures on the remaining half of the paving on the road to Netarts were opened last week and the contract was awarded to F. C. Feldschau.

The bids submitted were as follows: F. C. Feldschau \$12,759, J. P. Maginnis \$12,221, A. J. Dolan \$12,961.90, and Chas. F. Stone \$13,000. There was a difference of \$788 between the lowest and the highest bid, and the successful bidder was next to the lowest.

Dr. J. T. LeFevre and family of Cloverdale were in the city yesterday renewing acquaintances with their old friends, the Eugene Crosby family. This acquaintance was started when the Crosbys lived at Cloverdale a few years ago.

## EMPLOYEES ARE GIVEN FREE RENT

### Two Months House - Rent - With Light and Water, Will Be Given to Employees

Wheeler, Or., Mar. 18.—A. W. Vosbufg, president of the Wheeler Lumber company announced today that the company will not charge its employees any house rent including lights and water, during February and March. This will mean a saving of about \$15 to every renter.

"Most of the men have been idle for so long," announced Mr. Vosburg, "that the money can be better used by them to settle some of their bills that have of necessity accumulated. The local merchants have been compelled to hold the families over their period of unemployment, and now that the company has again commenced operations, we feel it as part of our duty to do our share in lightening the burden that has of necessity grown heavy."

Announcement has also been made that the logging camp at Coal Creek, which has not been in operation for the past sixteen months, will again be running in about two weeks. Cooks are on the job and a few men are at the camp getting machinery and equipment ready to resume logging. The camp supplies logs for the Wheeler mill, and when operating to full capacity employs about 100 men.

## COMEDIES BY DRAMATIC CLUB

The High School Dramatic Club will present three comedies March 31, at 8 o'clock in the High School Gym. The Glee Club will furnish several musical numbers. This is a benefit performance, the proceeds to be used towards the purchase of a school piano.

"The Revolt" by the author of "Pigs is Pigs" is to be acted by Bessie Knight, Reberta Campbell, Vera Clark, Margaret Armentrout, Florence Stranahan, Mae Parks, Hallie Large, Mary Nelson and others. The ideal husband is acted by himself. This comedy has a very unusual plot and ending.

The "Best Man" presents an embarrassing love tangle which unravels quite happily. Rodney Farley, Grace Joliffe, Ruth Miller and William Driscoll have been cast for this.

Perhaps the most laughable comedy is "That Rascal Pat." Pat alone is worth twice the price of admission. Glenn Anderson, Gerald Geaves, Joseph Maxwell, Mary Lamar and Arline Heyd will give this play.

Remember the 31st, be sure to come. You need the laughs and the school needs the piano.

### REBEKAHS TO STAGE BURLESQUE FAIR

Announcement has it that Wheeler will be a lively place tomorrow night. The city will assume a carnival air, and give itself over to merry making and confetti throwing. A Burlesque County Fair, with freaks, side shows, in everything, will be staged at the community hall under the auspices of the Rebekahs. Gaiety will be the order of the evening, and the hall will be in gala dress. The principal item on the program is fun, and then more fun.

### NEHALEM HIGH SCHOOL WILL GIVE A PLAY

A three-act farce-comedy, "Safety First," will be given by the students of the Nehalem high school, at the K.P. hall, at Wheeler, Friday evening, March 24. The play includes a splendid cast, and is well worth seeing.

### THE SEASON'S LARGEST SHIPMENT OF SALMON

The largest shipment of salmon from Tillamook Bay this season was shipped last week by Hays and Blanchard, of Bay City, to San Francisco. The consignment consisted of 1150 pounds of Steelhead salmon, and brought 19 cents per pound, F. O. B. Bay City.

This price has been the highest obtained for several seasons, and local fishermen regret that the fishing season is about at a close. Hays and Blanchard handle practically all the commercial fishing on Tillamook Bay.

## LEGION TO HAVE SMOKER INVITE BUSINESS MEN

Next Friday night the local post of The American Legion will hold their regular meeting at the W. O. W. hall to which the business men of the city have been invited.

The probabilities of getting an armory here if a company of National Guard is started will be discussed. Quite a number of the men of this county have subscribed to a petition for the organization of a militia unit and it is expected that the organization will be perfected within the next few months. The Legion post wished to learn the sentiment of the local business men regarding such a move.

An added attraction to the meeting will be the presence of Walter L. Tooze of McMinnville, who is scheduled to make an address Friday night. Mr. Tooze is a political aspirant for the coming election and a former service man. Adjutant Heisel announces that smokes and "eats" will be furnished at the meeting.

### CIRCUIT COURT HAS ADJOURNED UNTIL MAY

The present term of the circuit court has ended, and court has been adjourned until May. A number of cases that have come up for trial this term have been postponed until the May term.

The case of Martingale vs. Hunt, an action for money in regard to the clearing of land, was the first jury case tried. Martingale was awarded \$560.

The action of Weiss vs. Jackson for rent of a farm came up for trial also. Weiss was given judgment of \$250.

The action of Harrison vs. Beals. Plaintiff was awarded judgment of \$548.67. This was the amount of tender by Beals.

The case of King vs. Atkinson, for recovery of damages for the killing of a dog, was decided in favor of plaintiff.

An action for divorce, Haller vs. Haller, was granted.

The last case tried was the state vs. Sederberg.

### CAROLYN HABERLACH GIVES PIANO RECITAL

Carolyn Haberlach a talented pupil of Mrs. J. C. Holden, gave a very creditable recital at the Tillamook High School auditorium, March 9. It was a difficult and trying experience for such a young student but she emerged from the ordeal with pleasing modesty and much credit to herself and teacher. The entire program was from memory. She played with exceptionally good technique and ability. She was assisted by Mrs. J. P. Maginnis, soloist, Mrs. Carl Anderson, reader, and Mrs. Robert Myers, violinist. All the performers were enthusiastically applauded. Flower girls were Dorothy Haberlach, Margaret McKinley, Kathryn Lamb and Pearl Anderson.

## DROWN BODY OF MRS. GOODSPEED FOUND IN SLOUGH

### MEN ACCIDENTLY FIND BODY OF PIONEER WOMAN WHILE SMALL ARMY OF SEARCHERS WERE LOOKING ELSEWHERE

#### Sufferings From Nervous Disorders Finally Lead To Act - According To Findings Of Coroner's Jury Called In The Case

The body of Mrs. Mary Goodspeed, who disappeared from her home on 4th street last Thursday night was found the following day in Hoquarton slough near the old mouth of Trask river about 12:30 by Bert Thayer and V. Merrill, who had been clamming on Tillamook bay and were returning home at the time the body was discovered. The two men were trying to find a place to land their skiff when they ran across the body in about two feet of water. They did not know at the time who it was as they had left before the excitement over the disappearance of Mrs. Goodspeed occurred.

The deceased had been in poor health for some time and had been heard to remark that she did not want to live to be a burden to anyone. She suffered from a nervous breakdown several months ago, and it thought that the effects of this sickness led to her action.

She was last seen alive about 11 o'clock Thursday night when members of the family returned home. Friday morning she was missing and search was instituted throughout Tillamook and vicinity, but with no result. The waters of Hoquarton slough were dragged for some time Friday morning.

A coroner's jury which sat on the case Saturday brought in a verdict of death by drowning brought on by the action of the deceased.

Mrs. Goodspeed, who has resided in this county for the past thirty years is survived by three children, Egbert Goodspeed, of Bay City, Mrs. Leland Erwin and Retta Goodspeed, the latter two of this city. Her husband, Dan Goodspeed, died two years ago.

### BILL TO RESURVEY PORT BEFORE CONGRESS

A bill for the resurvey of the port district of Tillamook Bay is to be presented before Congress this week, according to a wire received from Senators Hawley and McNary. A favorable report for a resurvey of the port district has been made by the Rivers and Harbors committee, and a bill embodying this recommendation is to be laid before Congress. The Senators seem to be confident that the bill will pass without any dissentation.

## BAY CITY BOND ISSUE CARRIED

### Charter Amendments For \$14,000 Bond Issue Carries Without A Dissenting Vote

Owing to weather conditions but a slight vote was cast at the election at Bay City on the \$14,000 bond issue. The issue was carried unanimously on a total casting of forty votes. This small vote was because of the heavy storm raging all day and but few people had the courage to venture out and face the storm. The ballot provided for a charter amendment to allow the issuance of \$12,000 in bonds to procure funds to redeem the outstanding warrant indebtedness of Bay City. The vote stood forty for the amendment and none against.

But the amendment to the charter that provided for the issuance of \$2000 in bonds to procure funds to make additional repairs to the municipal dock did not fare so well. It was carried by thirty-nine votes for and none against. Evidently one of the forty voters overlooked this amendment.

It is understood that as soon as the legal procedure necessary to the issuance of these bonds has been completed, the city council will call for bids on these bonds, and the city treasurer will call for all outstanding warrants.

## GARIBALDI MILL HAS STARTED

The Whitney mill at Garibaldi started sawing operations Thursday. It is the largest mill in Tillamook county and has a daily capacity of 300,000 feet of lumber. Report has it that the mill will not be operating to full capacity for at least 60 days. The mill proper and the logging camp on the Kilchis river will furnish employment for about 600 men.

Construction of the plant was started in 1918, but this is the first time that the mill has ever operated. The lumber now being cut is not for commercial purposes, but will be used for construction work and repairs about the plant. Many thousands of feet of planks will be used for the construction of platforms about the mill on which to pile lumber. These platforms are to be upon pilings, and it is estimated that it will require several weeks to complete this work.

Rumor has it that the mill is shortly to change hands.

L. E. Garwood of Hebo was in the city yesterday. Mr. Garwood is in charge of Uncle Sam's trees in the forest reserve and states that he recently sold 100,000 feet of alder from the government timber for furniture making purposes.

## MOOSE FESTIVAL FRIDAY NIGHT IS VERY SUCCESSFUL

### BENEFIT FOR HOME FOR CHILDREN ACCORDED BIG OVATION BY TILLAMOOK PEOPLE. FIVE HUNDRED ATTEND

#### Receipts From Dancing and Refreshments Expected To Net Over One Hundred Dollars. Order Is Well Pleased With Results

The benefit dance of the Loyal Order of Moose given St. Patrick's night at the K. P. hall was a huge success according to the story of committee on arrangements. The largest crowd was in attendance in the history of the city. It is estimated that between four and five hundred persons were present. The proceeds of the dance are to go to the benefit of the children of Mooseheart.

The exact amount of the net proceeds has not yet been ascertained but the estimate is something over one hundred dollars. The gate receipts amount to something over \$140, and the check room receipts are estimated at about \$16, and there are also the receipts of the refreshment booth which are not available at this time. Spectator tickets also amounted to several dollars.

The local people present stated that the dance was one of the best conducted dances ever held in the city and requests are forthcoming that more dances of a like nature be given. The music was of the finest.

The Moose are maintaining a home for the orphans of Mooseheart in Illinois. This institution is one of the finest institutions in the U. S. It is practically established on a self supporting basis. The funds which are contributed to the institution by the various lodges every year are for development purposes. The children are educated and also receive vocational training, and are graduated until they are competent workmen in their line. Visitors who have been through the institutions state that it is one of the largest and best equipped institutions in the East.

### BEACH RAIL RATES ON PRE-WAR BASIS

Passenger rates to the beaches and mountain resorts this summer, will be back to the pre-war basis according to an announcement made by the traffic officers of the Southern Pacific. The new round trip rate between Portland and Tillamook county beaches is to be \$5.00. Last season this rate was \$6.48. Between Portland and Newport the new round trip rate is to be \$8.25. This trip last season made a hole in one's pocketbook of \$10.68.

Heavy tourist travel is expected to the Tillamook county beaches this season. It is estimated that the attendance at the beaches will be greater this season than ever before.

### BAY CITY EXCHANGE TO HAVE NEW HOME

Mrs. Josephine McClure, manager for the Pacific Telephone and Telegraph Company at Bay City, has announced that the exchange will shortly be moved into new quarters. A residence owned by the Tillamook Bay company and just north of the post office, has been leased for three years by Mrs. McClure, and will be converted into a telephone exchange. The building is now being repaired, repainted and repapered. When ready for occupancy the southern portion will be fitted up as the exchange and the remainder will serve as a residence.

### S. P. TO PROTECT ITSELF AGAINST DAMAGES

To protect itself from loss by damage to equipment resulting from fragment carelessness on the part of motorists who run into and break down crossing gates, run into sides of trains, etc., the Southern Pacific company has adopted the policy of seeking damages from owners of such machines, the legal department of the company has announced.

During 1921, on the Pacific system of the Southern Pacific, 186 motorists ran into the sides of trains; 85 crossing gates were broken down, often resulting in injuries to crossing flagmen; and 46 skidded into sides of trains.
