

COUNTY CLUB NEWS

COUNTY CLUB NEWS

The Barnsdale Cooking Club is the first club in the County to complete its work and make final reports. Miss Jennie M. Crawford is the local leader. The members of the club are: Winifred Barber, Roy Miner, Helen Wilkes, Charley Burke and Ona Barber.

HAZEL ATLAS GLASS COMPANY'S NATIONAL CANNING CONTEST NO. 1, SEASON 1922

Open to any Canning Club Member in the United States. The Hazel-Atlas Glass Company offers a series of prizes to Canning Club Members for the season of 1922 for excellence in the canning of fruits, vegetables and meats in Atlas E-Z Seal and Atlas Good Luck Jars.

Object: The object of this contest is to encourage thrift in the conservation of all available products during the season of abundance, to encourage the provisions in the home of a better quality, larger quantity and a greater variety of pure wholesome food for the family; and to encourage the use of the most efficient, practical and economical containers for home use.

Divisions. The United States for this purpose, is divided into four sections and a series of prizes offered in each. The divisions are: Northern, Southern, Eastern and Western sections. The Western section shall be comprised of the states of: Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

Prizes for each Section. Best Individual Jar of any product put up in Atlas E-Z Seal or Atlas Good Luck Jars, with recipe required later for all jars that score high enough to win prizes.

- 1st prize \$10.00
- 2nd prize 9.00
- 3rd prize 8.00
- 4th prize 7.00
- 5th prize 6.00
- 6th prize 5.00
- 7th prize 4.00
- 8th prize 3.00
- 9th prize 2.00
- 10th prize 1.00

The product may be canned in either pint or quart Atlas E-Z Seal or Atlas Good Luck Jars and will be judged on the basis of quality; suitability of product for canning (as to freshness, age and size of product); color, texture and arrangement in jar. Originality of pack will be given consideration, especially in the Southern section, where more intricate packs have been encouraged, but utility packs, when all other points are equal, will receive equal consideration with standard or fancy packs. The government score card will be used in judging and each jar will be scored on its merits, which eliminates the necessity of comparing one product with another in judging.

It is preferable for the club members to send their jars as a unit through the agent or leader. A slip should be pasted on the bottom of each jar, bearing the name of the

product, name and address of person who packed it, and name of the county leader. It is preferable to have these labels typewritten.

Jars should be in the hands of the county club leader by November 1st, 1922.

The Wheeler Camp Cookery Club was organized with a membership of nine boys. The local leader is Mr. L. E. Tabor. Members are as follows: President, Leonard Johnson; Vice-president, James Hamilton; secretary, Milo Hauser; Arthur Canterbury, Eugene Hanson, Franklin Shingler, Jerald Gentry, Frank Canterbury, George Chartier.

The first meeting of the Nestucca Valley Calf Club was held Saturday, March 11, with the following members in attendance: Local leader, M. M. Bays; president, Floyd Thun; vice-president, Paul Thun; secretary, Loyd McKillip; Norman Parks, Jack Shortridge, Wayne McDonald, Everett Hornchuch, Laurence Davis.

The Yellow Fir Camp Cookery Club was organized with Mrs. Shoemaker as local leader. The members are: President, Jack Shoemaker; vice-president, Ellen Mitchell; secretary, Rosa Mitchell; Elv Biglow, Cecil Dye, Arthur Miller.

Calf Club members planning to take up divisions II or III should get started at once, because these divisions call for six months record of the animals. Members that do not have material to start with in these get in touch with the local leader or county club leader as soon as possible. Members taking calves under one year, division I, will get their material later as they are required to keep records on calves for only four months.

Boys and Girls Club work in Oregon showed better results last year than ever before according to H. C. Seymour, State Club Leader. In an article in the Red book on Club Work prepared by the State Department of Education, Mr. Seymour says: "I know that every club boy and girl in the state will be interested in knowing something of the results accomplished by the vast army of club members throughout the state during this last year. 'In 1920,' states Mr. Seymour, 'there were 2989 boys and girls who completed all their work, and filed their final reports in our office, while in 1921 there were 4,189 that completed all work and filed final reports. The value of the products produced by members of the state in 1920 was \$111,584.66 with a profit to club members of \$55,942.90 while in 1921 their value was \$127,359.68 with a profit of \$66,778.55. The percentage of those completing in the state in 1920 was 57 while last year it was 64 1/2 percent. The quality of exhibits in local, county and state affairs, and The Pacific International Exposition was much higher standard in all projects than in the past, thus showing that you are profiting by the club work you are doing and are raising the standard of your work.'

7 days old at the time of his death. He was married to Mrs. E. P. Winters on Jan. 18th, 1906. To this union was born one son, Clarence, aged 15. He also leaves one step-daughter Mrs. Walter Mead of Nehalem, Ore. He lived at Tillamook for several years before his death, and leaves his brothers of the Loyal Order of the Moose and many friends to mourn his loss. His funeral was held at the Undertaking Parlors at 3:30 p. m., Sunday afternoon. Rev. McRea officiating. The Moose Lodge had charge at the burial at the Odd-fellow cemetery. —Contributed.

Mrs. Mary J. Dungey-Goodspeed

Mrs. Mary Dungey-Goodspeed was born in Canada on June 11th, 1865, and departed this life at Tillamook, on March 17th, 1922. Aged 56 years, 9 months and 6 days. She was married to Daniel E. Goodspeed on May 23rd, 1882, at Hemlock, Mich. To this union three children were born: D. Egbert Goodspeed, Mrs. Daise E. Erwin and Retta M. Goodspeed all of Tillamook. She also had three grandchildren: Egbert, Warren and William, sons of Mr. and Mrs. Egbert Goodspeed.

Besides her immediate family she leaves one sister, Mrs. Geo. W. Beck of Clarks Mills, Pa., and four brothers, all of Hemlock, Mich.

Mrs. Dan Goodspeed and her husband came to Tillamook county more than 30 years ago and have since that time lived in and near Tillamook. Her husband departed this life some two years ago.

She united with the Methodist Episcopal church at Bay City about 30 years ago and since that time she has lived an earnest consecrated Christian life. She became a member of the Tillamook Presbyterian church about three years ago.

Mrs. Dan Goodspeed will be greatly missed not only by her own family and relatives but her host of friends will mourn her loss. She was a regular attendant at church and her presence in the congregation will be missed. If she was absent everyone knew at once that she must be ill, and illness alone kept her from the church during the last few weeks of her life. She has passed on into that other world, but her life and character will be long remembered by those who knew and loved her. —Contributed.

Charles Abram Elliott

Charles Abram Elliott was born in East Portland on March 31, 1868, and died at his home on the Klitchis river on March 16, 1922; being 53 years, 11 months and 16 days of age at the time of his departure from this life.

When he was a child of two and one-half years, with his parents, he came to the Tillamook county, where they located on the Klitchis river, near his present home. So that he was raised and grew to manhood in this county and for fifty years saw the wonderful changes which took place with the development of the passing years.

He was married to Mable Brown on June 26, 1901. To this union three sons were born: Harry Charles Elliott, James Kenneth Elliott, and Donald Brown Elliott.

He leaves besides his wife, and three sons, his three sisters, Mrs. Margaret Jennings, Mrs. Cora Ewing, and Mrs. C. C. Babbidge. He also leaves his two brothers, William Elliott and Tracy Elliott. He also had one sister who is deceased.

He united with the Bay City Presbyterian church on Sept. 20, 1895. His father was instrumental in founding this church on June 1, 1890, and was one of the first elders. He always tried to live a Christian life and desired that his life should show to the world his faith and his religion. If anyone was in need of help or friendship, he was ever ready to respond with his aid and sympathy in the hour of their trouble.

He was a member of the Bay City lodge of Oddfellows and the Tillamook lodge of the Woodman of the World. He was true to his obligations of fraternal brotherhood and service.

During the last year of his life he suffered greatly at times with his malady, but through it all he was always patient and cheerful. During the last few days of his life his suffering was so great that he longed for his release from pain that he might enter that City of God where God Himself shall wipe all tears from their eyes, neither shall there be any more death for the former things have passed away.

Charles Abram Elliott has gone on before to await the coming of his loved ones on the other shore, but he made the world happier and better because of his having lived in it. He will be greatly missed in his home, in his lodge, in his neighborhood and in his county of Tillamook but his memory and his wife will ever live in the hearts of those who knew him.

Besides his immediate family and relatives who mourn his departure, he leaves a host of friends all over the county who mourn the loss of a neighbor, friend and a brother. He is gone but not forgotten and is now free from the suffering of mortal life and he has entered that heavenly world where suffering never comes. —Contributed.

"The Line Is Busy"

When the telephone operator tells you "the line is busy," this fact has been made known to her by an electric signal. With the thousands of calls in daily telephone traffic, if the operator, to secure this information, were compelled to listen on the line of the party called, prompt service would be out of the question.

This delay is eliminated by an electric device which in the fraction of a second automatically indicates that the line called for is in use.

When "busy" reports are repeated on successive calls for the same number, it is generally due to an immoderate use of the called line. The length of a telephone conversation is obviously beyond the control of the telephone operator. Have confidence in her when she makes the report "the line is busy."

The Pacific Telephone And Telegraph Company

IN MEMORIAM

In the recent death of Neighbor Charles Elliott a member of Alder Camp No. 219 Woodmen of the World. It has left a deep sadness over our community. Having spent nearly all his life in Tillamook county, he was widely known and greatly beloved by all who knew him.

It was in the every day experience and every day relations of his home life, that Neighbor Elliott's kindness of heart and devotion to his family was most gloriously manifested and it is here he will be deeply missed.

Be It Resolved that we, as members of Alder Camp No. 219, Woodmen of the World, desire to unite with the widow and children in expressing our deep regret over the death of Neighbor Elliott. May they find comfort in the thought that the departed ever held the esteem and love of those who knew him.

Therefore Be It Resolved: That a copy of this resolution be spread upon the minutes of the Camp, a copy sent to the family of the deceased and a copy be given to the Tillamook papers for publication.

Respectfully submitted,
FRANK H. MATTHEWS,
C. W. WAGY,
A. H. HARRIS, Committee

Improving Baked Potatoes

A nice way to bake potatoes is to rub the skins with butter or lard before putting them in the oven. After thoroughly scrubbing the vegetables rub the entire surface with butter, lard or bacon fryings. The skins will then be thin and tender when done instead of hard and dry.

Those who like baked potato skins will find them even better prepared this way and those who don't like them may learn to. Really the skin of a baked potato is delicious.

CHURCH PROGRAM WILL MEET WORLD'S PROBLEMS

A short synopsis of the sermon delivered by the pastor at the Methodist Church Sunday morning, Mar. 19th. The subject of the sermon was "Christian Program to Meet a World's Need. The text Heb. 6: 10-12.

The Church's program must be truly Christian in all things. And the Christian's life must be a ministry prompted by the highest and most unselfish motives: a ministry of emulation, where in diligence, faith and patience in a labor of love are unforgotten of God. Jesus came to a needy world, and Paul saw the world's need met in Him, and wrote to the Philippian Church "My God shall supply you all your needs according to His riches in glory by Christ Jesus." All of the felt needs and dangers which confronted our nation in our period of reconstruction from '61 to '65 have been multiplied many fold by the mighty task of twenty-five nations at reconstruction. The Church's program is Christian when it calls every individual member to recognize the Stewardship of Prayer, of Life, and of Resources. No nation, or ruler can well undertake the intellectual, physical, moral and religious reconstruction of other nations; it would be considered a piece of intolerable impertinence. Armies cannot accomplish these vast structural changes. Military force scientifically developed cannot guarantee a world's peace or effect a world's reconstruction. Only the Church of Jesus Christ can do the work, and she can announce her program with out offense. Let clean hands and pure hearts undertake for the weaker nations, the down-trodden of earth among all races and peoples.

OBITUARY

Lewis U. Albert

Lewis U. Albert was born at Great Falls, New Brunswick, June 9, 1865, and died at Tillamook, March 16, 1922. Being 56 years, 9 months and
