RULES OF CONTEST

- Contest closes July 1st, 1922, and all answers must be mailed on or before that day, though it is not necessary that they reach the Headlight office on that day.
- Contest is open to everybody, whether they live in or outside of Tillamook. Employees of this paper or anyone connected with the Headlight however are barred from participating.
- Answers should be written on only one side of the paper. Write your name and address plainly at the head of your lists. If you write of anything else, use a separate sheet of paper.
- Only English words found in the dictionary can be used. Obsolete and foreign meaning words will not be counted.
- The same object can be named but once. This does not preclude however the naming of an object which is a part of another object.
- Only such compound words which by long usage have become, and in the dictionary are given, as one word, can be used. Hyphenated words and words that appear in the dictionary as two words are not to be considered.
- The word may be given in the singular or plural form but if the one is used the other can not be.
- The first prize will be awarded to the contestant whose answer has the largest and nearest correct list of objects found in the picture which begin with the letter "B", second prize to the next nearest correct, etc. Neatness and penmanship will not be taken into consideration, but every contestant should be careful about the spelling so that no mistake will be made.
- Only one prize will be awarded to members of the same household, or to any group outside of the family who may have co-operated in the answering of this puzzle.
- The judges will be three well known citizens of this community having no connection with the Headlight and will be selected for their fitness for such a task. The award of prizes as determined by these judges will be final and each contestant agrees to abide by their decision.
- In arriving at this decision the judges will allow one point for each correct word. A margin of 15 incorrect words will be granted to each contestant to allow for a possible legitimate difference of opinion; but each incorrect word above that number will count one against.
- If two contestants tie for first place the first and second prizes will be divided between the two pro rata according to their class. The next highest will receive the third prize, etc. If three tie for first place, the first, second and third prizes will be divided between the three in same manner, etc., etc.
