Jantzen

The National Swimming Suit

The public everywhere now recognizes that Jantzen is the best swimming suit for comfort and appearance—that it is an ECONOMICAL suit because it does not rip, because it holds its shape and gives service long after the ordinary suit is worn out.

The Jantzen is a modest garment. It does not accentuate any part of the body. A Jantzen looks just as well when wet as when dry, and has a trim, pleasing appearance at all times that is impossible with the clinging bagginess of the old type of bathing suit.

Carl Jantzen Originated and Developed the Famous Elastic-Stitch Swimming Suit. Carl Jantzen, himself an expert swimmer saw the need of a suit that would give freedom of action in swimming. He was the first to apply the elastic-stitch principle to a bathing suit.

Famous swimmers—many holding national and world records—first recognized the superiority of the Jantzen. Now Jantzen is truly the "National Swimming Suit!" Over a stretch of five thousand miles—on the shores of New England, at Madison Square Garden, at Atlantic City, Palm Beach, Miami, at inland water resorts and indoor pools, along the Pacific Coast, and out to Honolulu's famous beach of Waikiki, Jantzen is the popular suit.

NOTE—The four leaf clover with the four H's is the insignia of Boys' and Girls' club work. The four H's stand for Head, Heart, Hand and Health.

The date of the 1922 two weeks Boys' and Girls' Summer School at the Oregon Agricultural College is June 12 to 24, according to H. C. Seymour, State Club Leader.

June 12 will be registration day and all club members should arrive at the college in time to register and get their rooms in shape so as to be ready for classes the following morning. Report to room 127 Agricultural Building. The boys will be quartered at Polling Hall and the girls at Snell and Cauthorn Halls.

Any Club member in the state who has his or her work up in good shape, all reports up to date on June 12, will be eligible to the Summer School. The expense for this school will be \$15 for board and room, each member to provide bedding such as blankets, comforts, sheets, etc. Each room will be furnished with springs and mattresses.

Girls should bring all necessary toilet articles, enough clothing for two weeks, including cotton dresses suitable for school wear, a light dress for parties, a heavy coat for cool days and evenings and any of the following they wish: swimming suit, if swimming lessons are desired; bloomer tennis shoes for gymnasium work and a tennis racket if they play tennis.

Boys should bring enough clothes for the two weeks, a pair of overalls or coveralls for field and barn classes, their regular clothes for class work and all toilet articles such as tooth brush, comb, towels, swimming suit, if they wish to learn to swim, base ball gloves, tennis racket.

On each day there will be classes conducted by members of the Club staff and the resident faculty of the college, covering different lines of club projects. These classes will continue from 9 o'clock in the morning until 12 and there will be general assembly from 1:30 until 3, the rest of the afternoon being devoted to recreation in which there will be games in both the women's and men's gymnasiums. In the evening there will be entertainments, parties

educational movies, etc. All the delegates should write or wire the school as soon as they know which train they will arrive on in order that they may be met by members of the faculty. All members of club clubs will be in charge of the faculty, who will wear orange and black badges for identification.

There will be a Holstein meeting at the home of Jack Rupp on Tuesday, June 6th, at 1:30 p. m. Judging, club yells, etc.

The Linn County Jersey Cattle Club extends an invitation to Club boys and girls of Oregon to attend their annual picnic and enter the Jersey Judging contest to be held on the farm of Warren Gray at Marion, Oregon, on Saturday, June 10th, '22.

Rules governing second Linn County Jersey Cattle Club Judging contest—there will be two contests: Contest No. 1, for teams. A. Eligibility. 1.—Each Jersey Calf Club in the state may enter one team of three (3) members. 2.—All members of a team must be members of the same standard Jersey Calf Club.

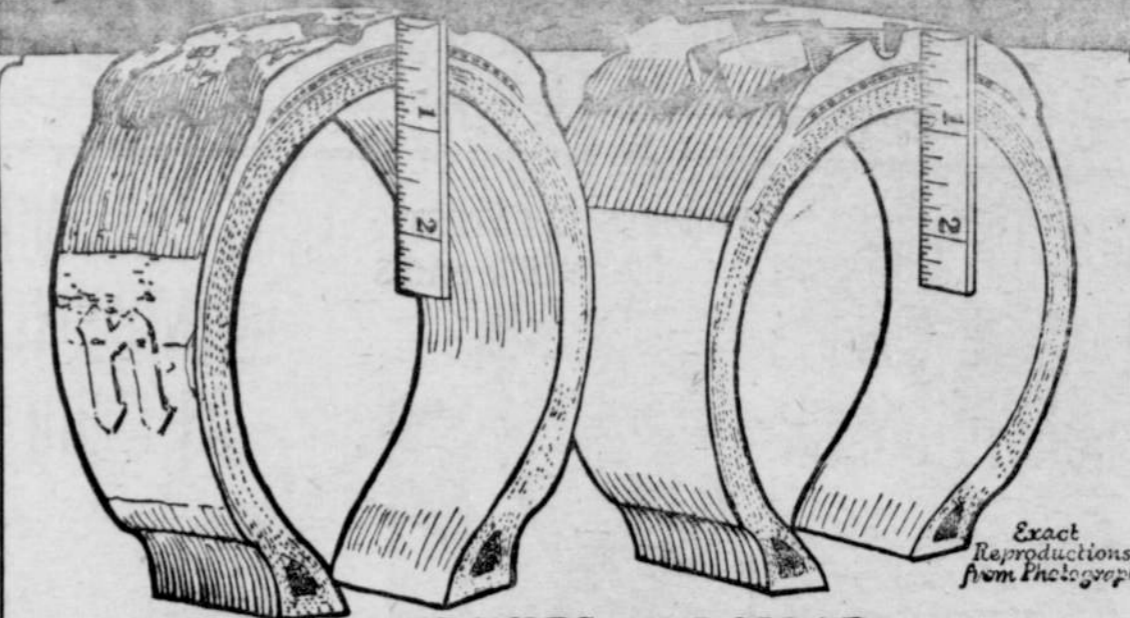

B. Requirements: 1.—Each contestant shall place, according to his judgment three classes of Jerseys; one each of aged cows in milk, young cows in milk and heifers. 2.—Four animals shall constitute a class. 3.—Fifteen minutes will be allowed for the placing of each class. Oral reasons will not be required.

C. General Instructions: Each team must send in its entry to Fred N. Williamson, County Club Leader Albany, Oregon, by June 8, 1922. Each team shall report on the farm of C. C. Dixon by noon of the picnic. Picnic lunch will be served by the Linn County Jersey Cattle Club. D.—The Linn County Jersey Cattle Club has appropriated \$40 for prizes to the high scoring teams as follows: 1st, \$10; 2nd, \$8; 3rd, \$7; 4th, \$6; 5th, \$5; 6th, \$4.

CONTEST NO. 2 FOR INDIVIDUALS A. Eligibility: 1.—A member of any Boys' or Girls' club project may enter. 2.—Those who participate in contest No. 1 are not eligible.

B. Requirements: (Same as in contest No. 1.) C. General Instructions: Each contestant shall report on the farm of Warren Gray, noon of the day of the picnic. Picnic lunch will be served by the Linn County Jersey Cattle Club. D. Prizes: The Linn County Jersey Cattle Club has appropriated \$10 for prizes to the high scoring individuals, as follows: 1st, \$3; 2nd, \$2; 3rd, \$1.50; 4th, \$1.25; 5th, \$1.25; 6th, \$1.

20,994 MILES AND TREAD ONLY 1/3 WORN

MOST MILES per DOLLAR

Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

The name behind the product

Batteries bearing the name Westinghouse carry a peculiar and unusual responsibility. They have a high place to fill beside Westinghouse air brake, automatic signals and other world-noted Westinghouse achievements.

They must make good for the user because they must make good for their builders. Westinghouse cannot afford to disappoint with a mediocre product, a half-way service or an ambiguous guarantee. Seventeen hundred Westinghouse Service Stations stand ready to fulfill the factory-backed Westinghouse guarantee, regardless of where the battery was purchased; and to render Westinghouse Attention for the battery NOW in your car, regardless of its make.

Our half dollars will build a greater Oregon

IF EVERY resident of Oregon diverted 50 cents a day of his or her present normal expenditure to the purchase of Oregon-made products the immediate result would be

25,000 more people employed in Oregon industries.

\$30,000,000 increase in annual payrolls of the state.

\$120,000,000 increase in yearly output of Oregon factories.

Insist upon Oregon-made products. They successfully compete with the world's best.

Buy Oregon-made goods on merit. Our half dollars will build a greater Oregon.

Send for directory of products manufactured in Oregon. Refer to it when you make your purchases.
