State officials of the American Legion have announced a gigantic membership push to enroll a thousand and more members in its 110 posts prior to the 27th of this month. Representation of posts as to number of delegates alternates is based upon their paid up membership thirty days prior to the convention date, which is July 27th. The Oregon Department is now in the twenty-first place among the state departments in the Union and far ahead of nearby states, California, Washington, Colorado, Idaho and Texas. Strenuous efforts will be made to move the Oregon Department up to the tenth place by June 27th. Posts have been asked to appoint committees to interview the eligible ex-service men and advertise the American Legion—the only all-inclusive soldier organization of World War Veterans in existence today. Officials state that "any ex-service man who is not a member of the American Legion is against it." If the Legion is fighting the ex-service man's battles then he should be with us. Every man outside the legion that is qualified to be in it, is an enemy to the legion because he weakens the organization that much. As long as the ex-service men are divided there cannot be any real progress made in the cause for which we exist. "One for all—all for one and all for the legion is the motto of the great veterans organization."

Nine cities in Oregon, namely Marshfield, Madras, Pendleton, Baker, Eugene, Astoria, Hermiston, Klamath Falls and Medford have received a citation from the National Headquarters of The American Legion for their work in connection with the unemployment drive started

by the legion last March. The certificates bear the signature of Commander MacNider, National Adjutant Lemuel Bolles and State Commander Lano Goodell and State Adjutant Harry N. Nelson of the Oregon Legion. The grand seal of the National Legion is affixed.

Fifteen ex-soldiers have formed a post of the American Legion exactly on a spot in Harpoot, Asia Minor they say, where Adam and Eve first kept house. The unit is called the Garden of Eden post. American Legionnaires in Turkey now number 216.

When Stilwell, Okla., was struck by a black smallpox epidemic, a guard of 185 American Legion men kept the town quarantined by guarding all roads and railroads day and night for three weeks.

With the Bahamas and Bermuda not too far away, the Tampa, Fla., American Legion has placed its entire membership at the disposal of the Prohibition enforcement officers of that district.

The first building built by Uncle Sam at Fort Wrangell, Alaska, when that country was first occupied by the United States in 1867, has been remodeled and presented to the Alaska American Legion as a club house.

All nuts are not to be fostered, but in order that the pecan nut may continue to be one of Texas' foremost products, the American Legion of the state has pledged itself to plant groves of nut trees, see that they are properly transplanted and care for them when they are developed.

While waiting with his outfit to be called up to the front in 1918, a Peabody, Mass., soldier fell out of a hay-loft and suffered permanent injuries to his back. He has just now obtained Government compensation,

however, following the American Legion's direct appeal to President Harding.

Despite the fact that New Orleans, La., has been chosen as its 1922 convention city, the American Legion has received a \$200,000 offer from Kansas City, Mo., which would be host to the ex-soldiers this year as it was in 1921. The offer followed questions by the New Orleans chamber of commerce, inquiring of Kansas City if the service men's gathering was a commercial asset.

July 1 has been designated by National Commander Hanford MacNair of the American Legion as "Membership Day." To carry on the Legion's comprehensive program for the relief of service men during the summer, Commander MacNair has urged a united front and all-inclusive membership. By midnight of July 1, the Legion chief has requested each post shall have increased its membership by at least 25 per cent.

The absence of the old pre-Volsted corkscrew is not noted in Frisco. Jimmie Flexner of the American Legion of San Francisco couldn't find one of them when he wanted to open a bottle. He took a rifle and at a distance of 1000 feet, shot out the cork in one try. He now challenges the Pacific coast.

The war department has just written former Sergeant Jesse Kanady, Falls City, Neb., that he owes his Uncle two dollars. The W. D. alleges that somebody overpaid Kanady \$2 on some payday some time in the army. In appealing to the American Legion for advice the Sergeant declares his usual good memory fails him as he cannot recall ever having been overpaid while in the army.

**When The Tinker Came Along**

Remember when you used to watch the "tinker man" mend the holes in your mother's pans? Solder was the metal used—and solder is a product of lead.

Countless other products of lead add to the comfort and convenience of your daily life. In your automobile, for instance, there is lead in the battery, bearings, glass of the headlight lenses, the rubber tires, the paint, and in the rubber mat on the step.

But more important than all these is the use of white-lead as the principal factor in good paint. The more white-lead any paint contains, the greater its protective power and its durability.

We, therefore, use straight "lead-and-oil" paint, made of the well-known "tried and true"

and pure linseed oil—for both interior and exterior work. Any color desired obtainable.

Now is an ideal time to have that interior or exterior job done—"Save the Surface and You Save All." Let us estimate on your work—no obligation incurred.
