An extra measure of power with every gallon drawn from this pump.

Gasoline, mixed with air, makes gas, and gas makes power.

How much power depends primarily upon how completely the gasoline vaporizes in the carburetor.

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

Fill at the Red Crown pump—at Standard Oil Service Stations, at garages and at other dealers.

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,528 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% increased business The buying public is the greatest barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Agents Everywhere Oldfield Tires are distributed through branches and distributing warehouses in all parts of the United States. More dealers are constantly becoming Oldfield agencies and Oldfield Tires are now available in your community.

KILL KARE KLUB HOLDS ANNUAL ELECTION THURS.

The annual election of the Kill Kare Klub was held a week ago Thursday when the following officers were unanimously selected: President, Mrs. S. W. Conover, vice-president, Mrs. H. A. Franklin, secretary and treasurer, Mrs. A. W. Plank. Mrs. Emmett Bales and Mrs. H. H. Rosenberg were hostesses at this meeting. A poem to the Kill Kare Klub written by Minnie Roof Dee, member of the Portland Press club and who was present at the state convention of women's clubs in Tillamook in May, was read. It is as follows: Their luncheon most delightful; Indeed they are true blue. The hospitality we found here Is truly of the best.

The record of the West. We owe them more than mere votes of thanks; Mere words cannot repay. I'll sing the praises of the Kill Kare Klub Until my dying day. The Kill Kare Klub are hostesses Giving their best to every guest, Fulfilling the Golden Rule.

W. A. Casler and R. M. Casler, father and brother of Mrs. George Kelhm of this city, are in the city on a visit after just spending nine months in Mexico.
