If torpedoes or other contraband were being carried on the Lusitania when the vessel was sunk by a German submarine, the fact will be known to the world, a Philadelphia concern which is organizing an expedition to salvage the \$5,000,000 in gold known to have been on board, has told the American Legion.

A prize of \$100 will be offered the New Orleans artist who submits the most appropriate design for a poster for the annual convention of the American Legion to be held in that city, Oct. 16-21.

A freak pretending to be half baboon and half woman, giving America as her home and declaring that there are many more like her in this country attracted considerable attention in a Constantinople, Turkey, street carnival, until American Legion members had the act suppressed.

Because it was the only place he knew of where he could get food and shelter and a fighting chance to regain his health, he told the American Legion, Solomon Harper, a disabled negro veteran of the world war, pleaded to be sentenced for a number of months to the Auburn, New York, prison. There being no charge against him, the veteran was not sentenced.

With the prospect of winning a \$10,000 wager, Monte Smith, American Legionnaire from Dallas, Texas, is making speed in an effort to hike from Dallas to New York City in 300 days.

The flag that wavered over the National capitol at Washington, while the body of America's Unknown Soldier lay in state in the rotunda, has been presented by a member of the capitol guard to the Covington, Ind., post of the American Legion.

An official welcome from the French government is awaiting the delegation of American Legionnaires who will revisit the scenes of their A. E. F. activities this August, according to Ambassador Jusserand, speaking in behalf of his government. The party of Legion men and their wives will sail from New York, August 5 to visit France, Belgium and England.

By a unanimous vote the House of Representatives has passed a bill proposed by the American Legion to increase the allowance for attendants to blind and totally disabled world war veterans from \$20 to \$50 a month.

Missouri and Kansas state officials of the American Legion have contracted for one of the most important projects yet attempted by the Legion in the great 300 mile sweepstake automobile race to be held in the new, half million dollar speedway at Kansas City September 16. The two departments are in a way of making a handsome sum which will be used for the care of disabled and otherwise needy veterans.

Two coyote pups will travel by airplane to the American Legion national convention in New Orleans in October from Miles City, Montana. The animals will be chaperoned by the adjutant of the Legion post at Miles City.

A memorial highway extending from the Atlantic coast to the western boundary line of Virginia, passing through that state's principal cities, has been suggested by the Virginia American Legion as a memorial to the state's world war heroes. The suggestion, which takes the form of a set of resolutions, will be acted on at the next session of the state assembly.

Two million American club women pledged themselves to assist the American Legion in obtaining adequate hospital treatment for disabled world war veterans and to help rehabilitated veterans find employment through their representatives at the meeting of the board of directors of the General Federation of Women's Clubs at Chautauqua, N. Y.

With only one dissenting vote, the Senate of the Louisiana legislature has passed a bill appropriating \$25,000 to entertain distinguished guests at the national convention of the American Legion in New Orleans next October. The bill already had passed the House.

With beef at six cents a pound and pork at five cents and fruit "yours for the asking," a heavy "chow" is promised to all former A. E. F. members who will visit one "Dad" Painter, an enthusiastic American Legionnaire in Guatemala.

The national essay contest of the American Legion which will award \$1500 in cash prizes to boys and girls has been extended until Oct. 6 upon the urgent request of state and county superintendents and commissioners of education throughout the United States.

The new date will allow all children of the United States and its possessions to participate after the schools open in September, giving the teachers an opportunity to present the subject, "How the American Legion can Best Serve the Nation."

Meanwhile, scores of letters have been received by Mr. Garuand W. Powell, assistant national director, at national headquarters of the American Legion in Indianapolis, from state school officials telling of unanimous cooperation. In nearly every state, educational officials are

urging that boys and girls be interested in writing this essay as vacation activity. A circular to county superintendents issued by Mrs. Josephine Corliss Preston, superintendent of public instruction, Olympia, Washington, emphasizing the vacation advantage of the contest, is one of many.

Porto Rico and the Canal Zone particularly felt the need of extending the time for the essay, letters having been received from Commissioner of Education Juan B. Huyke, of Porto Rico, and Superintendent of Schools A. R. Lang, of the Canal Zone.

The cash prizes, divided into \$750 for the first, \$500 for the second, and \$250 for the third, are to be used toward scholarships in colleges designated by the winners. In each state there will be a first prize silver medal for the best essay in that state, and a bronze medal for the second best. Other prizes to be announced later will be awarded.

All boys and girls between the ages of 12 and 18 inclusive are eligible to enter the contest, regardless of whether they are school attendants. The essay must not be more than 500 words in length. Age of writer will be given due consideration.

The essay must be received at a place designated by the county superintendent of schools not later than midnight of Oct. 6, 1922. The winning essays of the county will be forwarded to the state department American chairman of the American Legion not later than Oct. 20. The winners of the state group then are to be forwarded to the national Americanism Director of the American Legion at Indianapolis where the first, second and third national winners will be chosen.

"RED CROWN" used exclusively in ANNUAL ECONOMY RUNS

The Los Angeles-Yosemite (Camp Curry) Economy Run is probably the most famous event of its kind in the motor world. Every year about the middle of May, while the snow still lies deep in the mountain passes, from 15 to 20 cars start the strenuous 360-mile run across the interior valleys and up the difficult mountain roads into the Yosemite Valley. Every car is carefully groomed for victory, and driven by an expert.

And in all the six runs so far held, all cars entered have used Red Crown gasoline exclusively.

This year the car making the run on the lowest consumption of fuel, a *Chevrolet driven by Dominick Basso, made the entire trip of 360 miles on 12 gallons of "Red Crown" (an average of 30 miles to the gallon), and a pint of Zerolene.

The average gasoline consumption for all cars participating was phenomenally low. This furnishes striking evidence of the continued success of this company in manufacturing a motor-car fuel of the highest grade, justifying for six successive years the unanimous choice of automotive engineers eager to establish the best possible records for their cars. This year, 18 of the 20 cars entered made the entire distance on less than 20 gallons of "Red Crown," although owing to recent rains the roads were unusually difficult.

Red Crown gasoline is the most economical motor fuel on the market today, because it contains the maximum number of heat units that can be rapidly and uniformly vaporized in the modern carburetor and go into complete combustion in the cylinders, producing the maximum power the engine was designed to develop.

For comfort and cleanliness burn PEARL OIL

Instead of "feeding" a range in a hot, stuffy kitchen this summer, you can save yourself a lot of trouble and work by cooking with a good oil cookstove.

No coal or wood to lug, no ashes to shovel out. A cool, clean kitchen with a steady, controlled heat concentrated directly on the utensil.

For best results be sure to use Pearl Oil—the clean, economical kerosene that is refined and re-refined by a special process.

For sale by dealers everywhere. Ask for it by name—Pearl Oil.
