### CARS MEET ON CURVE

Meeting a Dodge car head-on while going around a curve fourteen miles this side of The Dalles was the experience of R. Y. Blalock of Blaine, while returning from Gateway in his Ford. Mr. Blalock had been in attendance at a church gathering in Gateway and while on his way home Monday afternoon the accident occurred. In the car with Mr. Blalock was Rev. C. R. Chase of Grangeville, Idaho, E. T. Clark of McMinnville, and his daughters Ella and Winona. Mr. Chase and Mr. Blalock being in the front seat were bruised up somewhat. The others escaped uninjured. The Ford was a total wreck and about \$200 damage was done to the Dodge which was driven by a 17 year old boy. ### FAIR BOARD MAKES A REQUEST FOR EXHIBITS

With a little less than six weeks before the start of the Ninth annual county fair, the fair board is asking serious consideration of exhibits on the part of business houses and farmers.

The exhibit booths in the main building and others have been priced and now await exhibitors. A large representation from the business houses is expected this year.

Most of the concessions have been contracted to a concession company by the fair board.

President Magarrill stated yesterday that there seems to be some lack of knowledge about the county regarding the dates for this year's exhibition. The fair this year will be held on September 12, 13, 14, 15. Exhibits will not be received after noon of the 12th. Entry blanks may be obtained from the office of the County Agent W. D. Pine.

### DAIRYMAN FINED FOR WATERING MILK

Dr. and Mrs. J. T. LeFevre of Cloverdale were visitors with Mr. and Mrs. Eugene Crosby Tuesday.

With this issue of the Headlight Leslie Harrison who has published the paper since November, 1920, retires, and Eugene Crosby takes charge. Before coming to Tillamook in March, Mr. Crosby was in the printing and stationery business in Baker, Oregon, the past two years and prior to that time was in charge of a large printing concern for several years. In casting our lot in the newspaper game in this community we do so with great faith in the future of Tillamook county and will be found at all times boosting and working for the up-building of this section. With the building and finishing of the Roosevelt highway we believe that this country is destined to receive a great prosperity and advancement in all lines. We contemplate several important improvements of the Headlight and ask your patience while we endeavor to make them. May we have your co-operation in giving Tillamook what it wants and needs a good, new county paper. As a guide in this endeavor we know of no better creed than that of the following: to which we gladly subscribe.

EUGENE F. CROSBY.

### The Creed of Harding The Editor

Remember there are two sides to every question. Get them both.

Be truthful. Get the facts.

Mistakes are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half wrong.

Be decent, be fair, be generous.

Boost—don't knock.

There's good in everybody. Bring out the good in everybody and never needlessly hurt the feelings of anybody.

In reporting a political gathering give the facts, tell the story as it is, not as you would like to have it. Treat all parties alike.

If there's any politics to be played we will play it in our editorial columns.

Treat all religious matter reverently.

If it can possibly be avoided never bring ignominy to an innocent man or child in telling of the misdeeds or misfortunes of a relative.

Don't wait to be asked, but do it without asking, and, above all, be clean and never let a dirty word or suggestive story get into type.

I want this paper so conducted that it can go into any home without destroying the innocence of any child.

WARREN G. HARDING.

## REPUBLICANS OF COUNTY MEET CHAIRMAN TOOZE

GOOD ATTENDANCE OF COMMITTEEMEN FROM ALL PARTS OF COUNTY—MRS. W. B. ALDERMAN ELECTED VICE-CHAIRMAN

Another interesting meeting of the Tillamook county Republican central committee was held on Thursday afternoon at the rooms of the Chamber of Commerce in the city hall, with attorney H. T. Botts, chairman of the local committee, presiding. There was a good attendance of committeemen from all parts of the county.

The meeting was called for the purpose of meeting Walter L. Toose, Jr., chairman of the State Republican Committee, who outlined a plan of organization for the committee to follow at the coming general election. The plan was discussed the committee to some extent, when it was unanimously agreed that the committee adopt the plan, which calls for the organization of county candidates, appointment of executive committee, finance committee, legal committee, county publicity committee, special organization committee, precinct organizations and a women's auxiliary.

Mr. Toose suggested that a woman be appointed vice-chairman of the county committee, and several names have been mentioned, the honor of being elected to that position fell upon Mrs. W. B. Alderman.

To complete the county committee John Benson was appointed to represent Garibaldi precinct; U. B. Edwards, Sandlake precinct; W. H. Christenson, Neskowin precinct, and Hubert Smith, Hebo precinct.

Following the business of the meeting, the matter of amending the primary election law was freely discussed, the consequence of opinion being that the law should be amended. Some of the committeemen contended that no person should be allowed to vote who had not registered and their names were on the poll books, which would eliminate the time that is taken up at the voting places swearing persons in, and which would prevent persons changing their party on the day of election, which was freely done at the last primary election.

The committee will be called to gether again in the near future. As the Republicans have a strong county committee and the county will be well organized for the fall election, which was the object of Mr. Toose's visit to the city.

CALVIN COOLIDGE.

Vice-president of the United States who is making tour of the west.

## TWO HUNDRED AND FIFTY CALVES SENT FROM HERE

ALL FROM DAMS PRODUCING AT LEAST 300 POUNDS FAT—TEST INCREASES FROM 1700 COWS TO 3000 IN ASSOCIATION.

County Agent W. D. Pine has just given to the Headlight results his office, assisted by Paul Fitzpatrick, Secretary of the association, had with the shipment of calves the past season.

Two hundred and fifty calves from the cow testing association were shipped outside of the county at \$11.50 per head, netting the dairymen \$9.50 per head. \$2 per head was deducted for payment of advertising, manufacture of crates, telegrams and general overhead expenses.

Most of these calves were shipped to Idaho, Washington, Montana and a limited number in Oregon. A small order was shipped to California.

The requirements for shipping these calves were that one must be a member of the cow testing association and the calf shipped must be from a dam producing not less than 300 pounds of butter fat and sired by a purebred bull.

The method of shipping these calves was left exclusively to the county agent. The dairymen held and fed the calves until one week of age. The day of shipment the dairymen brought the calves to the home of County Agent Pine where crates were made by Mr. Martin. The crates were already marked for shipment.

Market conditions for next year are very promising, states County Agent Pine. He recently made a trip to Washington on a Guernsey tour and gave five talks on association calves. He also stopped and visited several places where calves had been shipped and found the calves satisfactory to their owners. The majority signified their intention of ordering calves again in the spring.

Fifteen tons of hay were traded for 15 calves with a man at Hermiston with Mr. Joe Williams and Albert Mills. This order has been satisfactorily filled and prospects are good for trading hay again next year.

A great deal of credit should be given Mr. Pine, in fact a whole lot more than he has received for handling this proposition. For his work an appropriation is made of \$1600. The 250 calves shipped brought to the county \$2375 or \$1275 more than his appropriation. Besides returning \$1344.50 because calves of the type promised buyers could not be obtained. On top of this the Testing Association has been increased from 1700 cows tested last year to approximately 3000 this year. The result of this means lots of cows will be weeded from herds found unprofitable.

### NOTED SPEAKERS ARE VISITING AT ROCKAWAY

The citizens of Rockaway are having opportunities to hear some excellent speakers who are spending their vacation there. The "S. R. O." sign was out before the hour of service last Sunday morning at the community church when Dr. W. B. Hinson preached. Dr. Hinson's message was "Let us go over to the other side" and many people who heard it said that it was a most remarkable sermon. Dr. Hinson is the pastor of the Eastside Baptist church in Portland.

Next Sunday evening, August 6th, Rev. G. W. Biggs, who has spent fourteen years in India under the Methodist Church, will speak on the "National Movement in India." Mr. Biggs has been located at Cavvapore, near Allahabad and Lahore. He returned to this country only last January and is spending a few weeks at Rockaway with his family.

Dr. O. H. Holmes is the moderator of the Congregational conference of the state of Washington and is well known at Rockaway, where he spent his vacation last season. It is planned to have him speak on Sunday, August 20th.
