### SCHOOL WILL SOON COMMENCE

Were your children backward in their studies last year? If so, it may be due to Eye trouble of some kind. Bring them to Dr. Turner of Tillamook, and it will cost you nothing to have their eyes examined. If there is trouble he will correct it at a very reasonable cost. If not he will tell you so frankly. You owe this to your children. 44-4t

# Chiropractic

Chiropractic is fast becoming America's favorite mode of healing. Millions are daily receiving adjustments—and few indeed are the diseases which do not readily respond to its rational application.

It does not claim to cure, but it does assist nature back to normal by lifting the pressure from off impinged nerves—thus permitting them to go on their unhindered work again.

Through Chiropractic adjustments many who were blind, can see; those once deaf, again restored to hearing; those who for years have been on crutches, find themselves needing them no longer; while multitudes suffering from nervous diseases can again slumber like a child.

Under Chiropractic adjustments stomach and liver troubles, headache and constipation disappear as if by magic; while fevers leave without making their accustomed lengthy stay, and many whose cases have been considered hopeless are enjoying health again with those whose span has been far lengthened beyond three score and ten.

Go where you will, these facts are in evidence. Ask any one who has tried Chiropractic thoroly and they will enthusiastically tell you this and more.

## A Real Knockout In Training

AUTOCASTER  
Jimmy Kelly, trainer of Peggy Salisbury, who is to contest for the female championship of The Film Players Club at Starlight Park, N. Y. was shocked when his favorite was knocked out by Miss Anna Smith during a practice bout at the training headquarters. Anna landed on the jaw, and Peggy took the count eight times before she came to and asked for aromatic spirits of ammonia.

# OCEANSIDE PROPERTY

THE NEW AND MOST PICTURESQUE SEASIDE RESORT ON THE OREGON COAST, SITUATED IN TILLAMOOK COUNTY.

OCEANSIDE CONTAINS 325 ACRES OF MOST BEAUTIFUL SCENIC PARK, FRONTING ON THE PACIFIC OCEAN, WITH PURE, COOL SPRING WATER, COSY NOOKS, SPLENDID WOODED CAMP GOUNDS—IN FACT, A MOST DELIGHTFUL PLACE FOR A SUMMER HOME

### Oceanside Park

The Oregon Coast Line offers a diversity of scenery that is unexcelled, and Oceanside offers to vacationists and tourists the maximum of all that could be desired in opportunity and enjoyment—that here are found in amazing profusion, beauty and grandeur. Stretches of smooth beach are made more beautiful by great rocks and jutting cliffs, teeming with bird life—all creating an ensemble which makes Oceanside attractive, especially in the summer time, for the weather is always cool, invigorating and healthful. And it is to the Oregon Coast that the people of the State, and other states, flock to spend their summer vacations with their families. It is at one of these beautiful and all-inspiring spots on the Oregon Coast that Oceanside is situated, and where the vacationist and tourist can spend their summer outings in perfect contentment, with the assurance that their health will be wonderfully improved by a few weeks' sojourn at this most attractive seaside resort overlooking the Pacific Ocean.

Tillamook county has some wonderfully pretty interesting beaches, which are becoming more attractive to tourists and vacationists. Oceanside stands out pre-eminently as one of the best, for it embraces most charming and interesting attractions for those who delight to investigate the mysteries of the mighty ocean, and the rocks and caves that abound there. It contains grassy and wooded slopes, springs and creeks, ragged gorges, high pinnacles, awesome cliffs overlooking the ocean, making it an ideal place to build a summer home for the family to spend its vacation.

### Maxwell Point

Butting out into the ocean is Maxwell Point, and it is from this commanding location that some wonderful scenery, that cannot be duplicated anywhere, may be viewed, presenting a most fascinating coast line picture. Directly in front of Maxwell Point are the Three Arch Rocks, commonly known as Seal Rocks, just off shore, which is a government bird preserve, inhabited at all times by thousands of water fowl. Another great attraction at this point are the sea lions that crawl upon the lower parts of the rocks in great numbers. It is one of the very few places on the Oregon coast where these sea mammals can be seen and heard by the ordinary person.

Words can hardly explain the splendid scenic view from Maxwell point, and one wonders why so few persons have visited this charming spot on the Oregon coast. No visitor to Oregon should go away without taking a trip to Tillamook county and behold its scenic wonders. What have always been a wonder to visitors are the caves north of Maxwell Point, which in previous years could only be reached at extreme low tide. To obviate this, Maxwell Point is now being tunneled.

What, however, has always been a pleasant feature in visiting this part of the coast, is the abundance of sea food to be obtained—crabs, clams, mussels, and fish.

On the North of Oceanside, Cape Mears Light Station is situated, built on the rugged coast, 300 feet above the surf, being an exceptionally interesting and attractive spot.

LIMITED NUMBER OF COTTAGES FOR RENT AT \$1.50 TO \$2.00 PER DAY.

Present prices of lots at Oceanside were made in mid-winter, before we had commenced our improvements and the building of the county road. They are one third below prices of other beach property, that have less attractions than Oceanside.

Today the county road is finished, our streets are being improved, cottages erected, large pavilion finished, and tunnel made through Maxwell Point.

Why not own a home at Oceanside, Tillamook City's nearest and most attractive ocean beach, and drive to and from your business or work, leaving your family at the beach cottage?

As improvements are made, we will be obliged to advance the price of lots, so this is the most favorable time to invest in this desirable beach property. The first plat is nearly sold out and we are now plating an addition. Some of those who bought lots have been offered advanced prices. For those who have a little money to spare this is a good investment. Do not allow the people from the outside to obtain all the best lots.

If interested in a beach lot we will gladly drive you over to Oceanside and give you an opportunity to inspect the property, or you can always find one of us at our office at Oceanside.

Choice lots at Oceanside for sale to those who wish to build their own home—No tide lands or mud flats to unload on the public. For particulars write:
