

SHOES FOR SCHOOL

Why you should buy your children's shoes at Pennington's

A child normally wears out two to three pairs of shoes to a grown persons single pair! Part of this extra wear is due to his activity, but very often children's shoes are made very inferior to the needs of a healthy, energetic child.

Every child's shoe in our stock is thoroly dependable, being made solely of leather. All vamps are full, not cut off at toe cap. Counters are sole leather. Heels are solid leather and soles are extra long wearing.
