

# Tillamook Headlight

The Land of Cheese, Trees and Ocean Breeze

On the Roosevelt Memorial Coast Highway

VOL. XXXIII, No. 46.

Tillamook, Oregon, Friday, August 25, 1922

Price \$2.00 a year

# CLOVERDALE HOTEL BURNS

## FIRE STARTS AT ONE A. M. WAS INSURED

### SECOND TIME IN THIRTEEN MONTHS FIRE HAS BURNED HOTEL DOWN—\$10,000 INSURANCE CARRIED

(Special to the Headlight)

CLOVERDALE, August 25—The Cloverdale hotel here was destroyed by fire this morning about 1 o'clock. No one seems to know just how the fire started. It took heroic work to save almost the entire town, for had the fire crossed Main street and over the street bridge is on, there is no telling when it could have been checked. W. A. High drug store front was badly damaged as well as considerable damage to his entire stock of goods. The hotel was filled with guests, only two rooms being unoccupied. Some of the guests ran narrow risks in getting out of the burning building as the fire had a good start before discovered and the alarm given. Several lost part of their baggage. No furniture and a very small part of the personal property of the proprietor, F. J. Mietzke and his family was saved.

It was just thirteen months and thirteen days since the last big fire here when Mr. Mietzke lost the hotel at that time when it was a complete loss. At that time he built the one destroyed this morning. The building was two and one-half stories containing 22 rooms and cost Mr. Mietzke over \$16,000 complete furnished. There was \$10,000 insurance.

This was a hotel that was a credit to any town and Cloverdale was proud of its hotel. Mr. Mietzke has not stated whether he would rebuild.

## STORAGE HOLDINGS OF TILLAMOOK CHEESE LIGHT

Carl Haberlach reports that most of the August cheese is being stored in Los Angeles, there being a temporary lull in the market on the coast, due to former heavy buying and low cost of Wisconsin cheese. It is thought, however, that all cheese will work off nicely this winter, as storage holdings of Tillamook cheese is very light. The association has a few cases of August cheese in storage, all July being sold.

Production of cheese is now holding its own, in fact many of the factories report a gain over ten days ago. Production for the year will be something like 6,000 boxes under a year ago.

The association has engaged space at the Pacific International for this year and will put up quite an exhibit there, as well as at the State fair. The high price for Tillamook cheese, which is several cents above any other similar cheese, makes it necessary to keep the merits of Tillamook continually before the public.

## REDUCED FARES FOR THE TILLAMOOK COUNTY FAIR

The Southern Pacific Company has announced that there will be reduced fares in effect for the Tillamook County Fair to be held September 12 to 15. The reduced rates will apply from all agency stations. Cochrane to Bay City and the other dates will be September 11 to 15, with a return limit to September 17, 1922. The minimum adult fare will be 50c for adults and 25c for children.

## LIGHT PLANT MAKES GAIN

The local lighting and power plant, which was taken charge of in 1914 by C. J. Edwards and associates, has made great strides in the eight years under their management. At that time the plant consisted of only a small automatic engine and had a small number of consumers. Now there is a 24 hour service, while at that time the service was only night service. Now there are over twelve hundred consumers of electricity. The plant at that time generated only 265,655 K W H and last year the output was 1,800,720 K W H. The lines at present extend out into the farming communities and up the beach as far as Brighton. The company has lately put in service a Reo speed wagon fully equipped with tools and supplies for the service crew.

## GUERNSEY GAITIES GET WRITE UP IN MAGAZINE

The National Guernsey Breeders Journal, which is the official publication for the Guernsey cattle in the United States, devotes some two or three pages to a write up and illustrations of the Guernsey Gaities which were held here in June of this year. The smiling countenances of the county agent, W. D. Pine, and his office assistant, Rose Wilkes, appear among the illustrations.

## S. P. MEN INTERVIEW LOCAL BUSINESS MEN

S. Veatch and Frank J. Connolly with the Southern Pacific Company were in the city last Tuesday interviewing the local business men as to their opinion on the unmerger of the Southern Pacific and Central Pacific lines. They report a unanimous sentiment for the operation of the two lines as at present. Mr. Veatch is a conductor and Mr. Connolly is an engineer on the Southern Pacific lines.

## MAN CHARGED WITH THE INTENT TO KILL

Alfred Ahldin last Monday was arrested and charged with assault with intent to kill. He was bound over to the grand jury under \$3000 bonds, which he was unable to give. Ahldin is said to have attacked Hugh McGinn at the logging camp of the Tillamook Lumber company with a piece of heavy cable.

## FALL KILLS ARTHUR MAPES

Arthur Mapes fell from the top of the dredge at Nehalem last Monday afternoon and was killed. He was at work on the derrick tightening some bolts when the wrench he was using slipped causing him to lose his hold and sent him head first down into the big shovel crushing his skull.

## TILLAMOOK BOYS RETURN FROM TRAINING CAMP

Oscar Hansenkratt and Harley Davidson who enlisted in the navy, Jim Watson, Elvis Stout and Carl Woolfe who were in the air service, returned to their homes last Monday from Camp Lewis where they had been attending training camp. Lawrence Fitz who is in the infantry, and Bill Campbell of the cavalry will be discharged about the 25th of this month.

## HON. WALTER M. PEARCE WILL BE HERE FAIR WEEK

### HAS ACCEPTED INVITATION TO ADDRESS CITIZENS—GOV. OLCOTT WILL NOT COME—FAIR GROUNDS ABOUT READY.

Word was received from Hon. Walter M. Pearce, the democratic nominee for the governorship, that he would be here on the 14th of September and would address the citizens at the fair grounds on the evening of the 14th. The fair board sent an invitation to the governor also but received word that he would be unable to attend. A visit to the fair grounds these days shows a great improvement and preparations are being made for the fair. In the stock barn a section has been reserved for the county calf clubs. Some fifty stalls have been constructed and it is expected that all of these will be occupied and that this division will be one of the best of the fair.

Another division that gives promise of being full to capacity is the poultry division. Last year at the last moment it was necessary to provide extra exhibition pens which made about 200 in all. From all indications these will all be full.

The cleaning up of the grounds is about completed, the buildings are being renovated and everything will be in ship shape for the opening of the fair, which promises to eclipse that of last year, the greatest in the history of the county.

## RELIEF CORPS TO PICNIC

The Relief Corps will hold their annual picnic on Friday, September 1st at the Kilchis river picnic grounds. A gala day has been arranged for by the committee in charge of the affair and all Relief Corps members, their families and visiting members are requested to meet at the W. O. W. hall between the hours of 9:30 and 10:00 a. m., and bring a basket lunch. Cars will be provided to carry all to the picnic grounds.

## ORCHESTRA WILL GIVE CONCERT

On Friday evening, September 1st, McGhee's Orchestra, under the leadership of Chester McGhee, violinist, will give a concert at the Christian church. The program will consist of classical and popular music, interspersed with some vocal solos.

McGhee's Orchestra is composed of twelve of the leading musicians of the city with a very good and well balanced instrumentation.

The object of the concert is to raise funds with which to purchase music and take care of incidental expenses. It is to be hoped that the citizens will encourage the activities of the organization by attending the concert in goodly numbers. The price of admission will be 35c for adults and 25c for the children and is within reach of all.

The program will be as follows: (a) Selection, "The Blue Paradise"; Eysler; (b) Under the Double Eagle, March, Wagner; (c) When the Autumn Leaves Begin to Fall, Tizler, waltz; Clarinet Solo, selected, Mr. Edgar W. Sorber; The Palms, Hildreth; Humoreske, Dvorak; I Wish I Knew, fox trot, Spencer; Vocal Solo, Give a Man a Horse He Can Ride, Mr. Lee Doty; Selection, The Girl from Brazil, Romberg; Clouds In Dreamland, waltzes, Baldwin; Paraphase, Silver Threads Among the March, Howe; RCISS etoinetno Gold, Danks; Vocal Solo, In the Gloaming, John Zumseil, Violin Obligato.

## GEO. W. EDMUNDSON MISSING

Relatives of George W. Edmundson of this city are alarmed over his continued absence from home. He disappeared here on August 14th and no trace of him has been found. The last seen of him was when he registered at the Todd hotel on the evening of the 14th. Relatives believe he may be in Portland, and a search is being made of the hospitals and other institutions in an effort to find some trace of him. He is 39 years of age, 5 feet 8 inches high, and weighs 160 pounds.

Thos. C. Ford and family of Enterprise are in the city. Mr. Ford is looking for an auto garage location.

## LOCAL SOLDIERS IMPROVING FAST HAVE RIFLES SOON

### COMPANY K HAS NEARLY FULL QUOTA OF MEN—NON COMMISSIONED OFFICERS HAVE APPOINTED.

Tillamook's citizen soldiers have been progressing very well during the few weeks that the local company of the National Guard has been in existence.

The company is now composed of about eighty men and the quota is nearly filled. More applications are coming in every day. Quite a number of former service men are getting the old spirit and are coming back for more drill.

Appointments among the enlisted men to date are: 1st sergeant, Everett Wells; supply sergeant, Clarence Stanley; mess sergeant, George Hanslmair; sergeants, Forrest E. Welborn, Harry L. Gilham, and Floyd L. Eberman; corporals, Peter P. Walker, Walter H. Stark, Emil Heusser and Eddie Haisel; mechanics, W. C. Cheney and Roy Andrus; musicians, Archie Pye and Carlisle Stranahan; cooks, Chessell Mills, Anthony Werner and Buell C. Woods.

Wednesday has been selected as the regular drill night with Friday night as an extra drill for those who desire it. The Friday night drill is not compulsory but may be attended if the soldier feels that he needs the extra night. Non commissioned officer is required to be present at this school.

The month of August will probably end the drilling without the rifles and Captain Shearer has practically announced his intention to issue rifles the first drill night in September.

A sergeant instructor from the headquarters of the Oregon National Guard is expected in Tillamook soon to aid in the instruction of company

## SCHOOLS WILL START SEPT. 4

Monday, September 4th, the local schools will open for the 1922-1923 term. The board of Education has secured the following staff of instructors:

For the grades: 1st grade, Miss Edna Dammon, Miss Margaret Hare; 2nd grade, Miss Gertrude Imus, Miss Helen DeArmond; 3rd grade, Miss Josephine Heffley, Mrs. Sylvia Hoskins; 4th grade, Miss Florence Heffley; 5th grade, W. E. Buel; 6th grade, Mrs. Joyce Willis; 7th grade, J. S. Goin, principal; 8th grade, Miss May Clemo. High school: History and mathematics, Mrs. Bertha Hanson; English, Miss Marguerite Brakel; French and Latin, Mrs. Flora Heyd; History, Miss George Barry; Domestic Economy, Miss Florence Ryder; Commercial, Miss Belle Wilson; Manual Training, M. E. Johnson; Physical Education, A. W. French; Music and Art, Miss Anna Carsten; Science, L. N. Bennett, High School Principal, Mathematics L. W. Turnbull, Superintendent.

A number of recent changes in entrance requirements of the colleges and universities of the Pacific Coast make it necessary that high school students select studies for the coming year with more care than in the past. The high school office will be open on August 30, 31 and September 1, to enable students to enroll. The superintendent and the high school office will in the office to advise students in their choice of subjects. By enrolling at this time it will be possible to have more attention given the needs of each individual in selecting the course. Students who are planning to enter any particular institution of higher education can have their course planned to that they will have no difficulty in gaining admittance upon graduation for high school.

Children who are to enter the Tillamook grade school from some other district are requested to call at the office at this time in order that they may be assigned to grade without loss of time. If possible they should bring their report cards from the last school attended.

Beginning pupils will go to Miss Dammon's room in the grade building. No beginning pupils will be admitted to the 1st. B. grade after the second Monday of the semester, September 11. Children must be six years of age. Another beginning class will be admitted for the second semester, in January.

All other pupils will go directly to the rooms to which their report card admit them.

In both the grades and high school only a short session will be held Monday, the children will be given lists of books and supplies needed, enrolled and short assignments made for Tuesday, when regular school work will begin. They will be dismissed early to secure books, etc. It is suggested that parents do not purchase texts until lists have been given out by teacher. School books will be handled by the local druggists.

There are several of the teachers this year who wish to secure lists of rooming and boarding places as soon as they reach Tillamook. It will be appreciated if anyone wishing to take boarders or roomers will telephone Superintendent Turnbull, either at the school, 150, or at his residence, 167W.

## NEW BANK RECEIVES CHARTER

The new bank of Wheeler has received its charter and elected officers. Articles of incorporation were filed with the county clerk recently and show F. M. Arnold, F. I. Arnold and A. E. Fendall as the incorporators with 50 shares each of stock at \$100 per share. The opening will about the 5th of September.

## FORD CARAVAN MAKES BIG HIT IN THE STATE

### WILL BE HERE SEPTEMBER 9th—SEVERAL LARGE FACTORIES REPRESENTED—EXPENSES OVER \$500 PER DAY.

Crowds ranging in size from 500 to more than 5,000 are witnessing the Ford and Fordson power exposition at various points as it proceeds across the state.

As the caravan progresses it is being feted and royally received at every point. There have been several immense parades of Ford owners who have gleefully fallen in line behind the caravan, adding merriment to the occasion and getting a great "kick" out of it with a most bewildering display of body types and cars of most astonishing age. One Ford owner, for example, appeared in a car to which he had attached no less than seven license plates. Another owner won a prize for the "worst looking Ford" in the Roseburg parade, and he was intensely proud of the fine performance of his "boat" despite its battered appearance. Upon another occasion a prize was offered for a Ford car carrying four generations, and the winner turned out to be a very spry old gentleman who to very no less than five generations around in his Ford. Still another prize was offered for the Ford carrying any number of persons having the greatest total combined ages. This prize went to a group of five persons having a combined age of 405 years, the pilot being a civil war veteran aged eighty seven.

Farmers have been coming from miles around, bringing their families and ample picnic baskets. They have earnestly observed the several power farming demonstrations, their wives meanwhile interesting themselves in such exhibits as the light plant, a pumping system, an electric washing machine and other devices, while the youngsters ran wild and had the time of their lives, the whole family meeting in the evening to enjoy in common the free movies, free radio concert and other attractions.

The caravan itself is not exclusively a power farming show, there being a complete line of contracting equipment including the Eisted tractor hoist which has attracted most favorable attention as a land clearing device, the road working machinery, a large number of trucks and trailers and innumerable specialties for truck and tractor. The maintenance of the show for a single day is said to exceed \$500, this including such items as gas and oil, payroll, hotel accommodations, and others, but the enterprise is being conducted by a dozen or more of America's largest concerns, all the representatives of which unite in expressing the opinion that the caravan's enthusiastic reception fully repays the great effort and expense necessary to conduct the show without a slip. It is unlikely however that even so large a commotion as that of the Ford and Fordson exhibitors will undertake a similar project for several years, and when the caravan shows in this city September 9th, it may be the last time in a very considerable period.

## J. A. BELL WILL HAVE CHARGE OF ART ENTRIES

J. A. Bell, the local photographer, has been appointed by the fair board as superintendent of the art division at the coming county fair. This division includes kodak enlargements, oil colors, pen, crayon and pencil sketches. All who contemplate an entry in this division should see Mr. Bell at once.
