BAY CITY

(By Special Correspondent)

Roy Brock and F. W. Smith were in Tillamook on business Monday.

Mrs. Kathern Warren arrived from Portland on Tuesday's train.

Roy Brock left Wednesday evening for his home in Forest Grove, accompanied by Mrs. Brock and son Howard.

The blackberries are getting ripe and the prospects are for a large crop.

No more deep sea fishing for several of our local fishermen. Last Thursday, when a party headed over the bar on the Rustler for the big ones. Outside everything went well. A few fish were caught and the party started for home at 11:30, then the fun began. Some of the boys became seasick which was to be expected, but when the rustler reached the bar a giant wave caught it and turned the boat over, dumping the crew in the water. Roy Brock of Forest Grove was washed overboard but was rescued by the men who remained with the boat when it righted itself. Water flooded the engine room stopping the engine and the boat was in a bad place for most anything to happen. The breakers were breaking on the boat and to some aboard it looked bad. When the life guard appeared on the scene they sure did look good. A line was made fast to the Rustler and towed to Garibaldi, where everybody felt better especially Lyn Hayes, Harry Long, F. W. Smith, and Roy Brock. The

What Kind of a Range Will Be Standing in Your Kitchen Fifteen Years From Now?

A hard question to answer perhaps. But the woman who owns a Monarch Range can tell you. She expects to be using the same Monarch. She has good reason to expect it to last a life time. And she is perfectly satisfied to use it as long as it lasts because it bakes, as well with the same small fuel requirements as it did when new.

If YOU want to be sure of having the same range fifteen years from now—and to be so pleased with it that you never want to change, buy a Monarch Range now.

If you expect your new range to give this kind of service, be sure that it is built the Monarch way—unbreakable malleable iron and heavy steel plates riveted securely together.

You would be proud to have a Monarch in your kitchen. It is the most handsome range you ever saw, and so easy to keep looking like new

ROCKEFELLER TODAY
Richest man in the world poses for this special picture at 83

John D. Rockefeller attended church at Tarrytown, N. Y., on Sunday following his 83d birthday, July 8. He made it the occasion to do his bit for humanity, even though it caused him to break a rule of long standing of not posing for pictures. He bargained with newspaper men, agreeing to pose for this special picture if they would attend church with him. It is health, not wealth, that now interests the retired oil king.
