THE POLICY NEVER COVERS THE LOSS

If your property burns—you lose. The insurance money pays a part of your loss—not all. Fire frequently destroys valuables that money cannot replace. Fire often means loss of trade—business disorganization. Fire sometimes causes loss of life.

A Hartford Fire Insurance policy is the best protection you can buy. But a Hartford Fire Prevention Service is far more valuable to you. This agency offers both—a combination that protects your property as completely as it is humanly possible to do.

Let us explain this new Hartford idea.
