P.A.T.H. REVIEW

HAROLD LLOYD COMEDY

SATURDAY, SEPTEMBER 16th—

**JOHN GILBERT** in "HONOR FIRST"

A story filled with emotion, fire, dash and daring. Of what value is HONOR? Do you think there is anything more valuable than HONOR? In business, in love, in society, in every walk of life honor is our most valuable asset. DON'T MISS THIS ONE and then try blame some one else because you missed a wonderful picture. We've done our part—we've told you of it.  
"TRY AND GET IT" 2 reel Fox Sunshine Comedy

## FORD CARAVAN IS LARGE AFFAIR

Having issued several hundred personal invitations to witness the Ford and Fordson Power Exposition, the Tillamook Garage authorized Ford, Fordson and Lincoln dealers at Tillamook, report the probability of a record breaking crowd when the Ford caravan shows here Saturday, September 9.

Representing a property investment of more than one hundred thousand dollars and a daily operating expense in excess of \$500.00, the caravan is said to constitute an attraction that could not possibly be brought to Tillamook but for the co-operation of one hundred Ford dealers and the dozen or more nationally known manufacturers and distributors that are associated with the Ford Motor Company in the enterprise.

"The whole community should feel indebted to the several factors responsible for this show," said E. M. Condit for the caravan is indeed a most unusual attraction and so costly that it would be impracticable to bring the caravan here except under the great co-operative plan that governs the enterprise.

"The caravan is not exclusively a power-farming project," continued Mr. Condit "It is not wholly a lumber handling exposition. It is not a traveling demonstration of roadbuilding and other engineering and contracting methods. It is not a display of household utilities, nor an exposition of lighting, pumping and other industrial operations, but it is a composite showing, demonstration or exposition of each and all of these various phases of the entire automotive industry, and as such, the caravan carries with it an appeal to practically every type of citizen.

"Perhaps it is the diversity of equipment, the entertainment features such as the movies and radio, possibly the novelty of the show as a whole, but whatever the cause, we are receiving conclusive assurance every day of a crowd that will be equally worthy of this community and of the caravan itself."

In connection with demonstrations of the various apparatus, it will be possible to obtain free of charge a special demonstration of any equipment not shown as part of the usual program. There are so many products that it is not practical to demonstrate all of them in a single day, and under such conditions the rule is to learn so far as possible the nature of demonstrations most applicable to individual communities. To do this, the personal invitations sent out by the Tillamook Garage are accompanied by a printed form on which the recipient is asked to indicate a choice of equipment that is desired to be demonstrated, and because the choice so made varies in different communities, the general program thus is made to conform to local conditions.

An excellent local program has been arranged. Every detail of it is free to everyone. This includes the movies, radio and free transportation from the premises of the Tillamook Garage to the scene of the several demonstrations for the benefit of any persons not having their own cars. The caravan is equipped with a free bus and a number of cars for this purpose.

Dr. Wise will be at his Cloverdale office Monday afternoon and Tuesday, September 11th and 12th. 48-11

Baldwin and Spitzberg apples for sale. Delivery about October 1. Send orders to Wells Bros., Independence, Oregon. p472t

## Mr. Business Man!

Are you making an intelligent use of the passing hours?

To save time is to save money—money saved is profit—profit is the object of business.

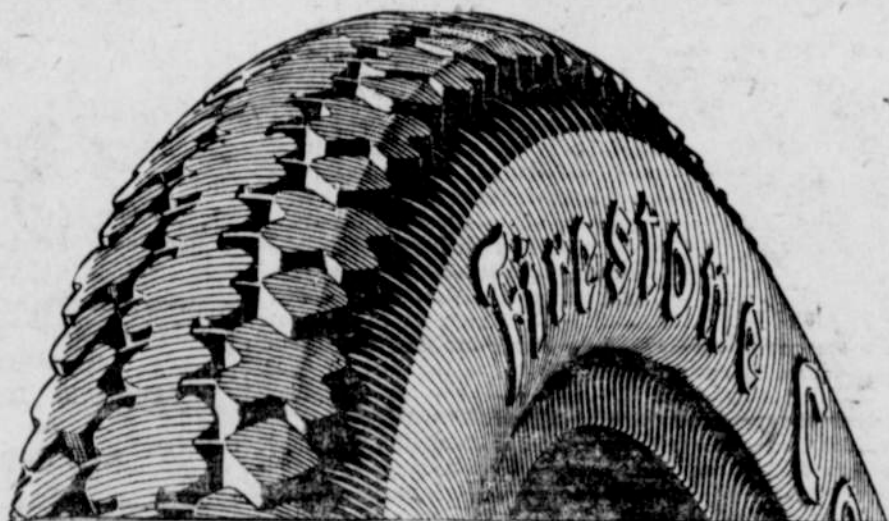

There is no greater factor in the economy of time than the use of the long distance telephone. The service is prompt, efficient, convenient and satisfactory.

Consult the telephone directory as to rates and classes of service available.

Every Bell telephone is a Long Distance station.

### The Pacific Telephone And Telegraph Company

## A Triumph for Value

IN the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile,

are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

## Their Job To Keep Our Home Fires Burning

Here are the men who are to try to keep us all supplied in coal this winter. They are officers of Coal Emergency Commission, created by President Harding. These men each have full authority in their respective districts. Front row, left to right, shows Clyde B. Aitchison, Commissioner; John C. Roth, Director Bureau of Service; E. H. De Groot, Jr., Assistant Director; and F. C. Smith, Chief Inspector. Second Row: J. B. Ford, Birmingham, Ala.; B. S. Robertson, Bluefield, W. Va.; C. C. Scoble, Huntington, W. Va.; C. S. Reynolds, Knoxville, Tenn.; H. M. Priest, Louisville, Ky.; W. L. Barry, Norton, Va.; and S. J. Mayhew, Thurmond, W. Va.

## The KOHLER Automatic Operates without Storage Batteries

You have all the advantages of electricity, without the trouble and expense of maintaining and replacing storage batteries, when you buy a Kohler Automatic Power and Light Plant.

For the Kohler Automatic produces standard 110 volt electricity for power and light—without storage batteries. The only battery used is a small, automobile-type to start the engine.

Cheerful electric light in the home and outbuildings; a running water system; standard electric household and power appliances

—all these conveniences and time and labor saving features may be enjoyed, when you have a Kohler Automatic.

Do your work more quickly and economically and make farm life more attractive for all your family by installing a Kohler Automatic. Write for illustrated literature. Come in and see the plant in operation.

No Storage Batteries 110 Volts Automatic 1500 Watts
