For the Jerseys, division one, Argyle Ackley took first place; Jerseys division two, Mildren Glad first place. For the Guerneys, division one, Robert Williams first place; Guerneys, division two, Daniel Blackmore first place. These awards were made from what the judges stated were difficult to decide between. ## REPUBLICAN PARTY TAKES ROOSEVELT HIGHWAY UNDER ITS OWN PROTECTIVE WING

It was through the activities of the Roosevelt Memorial Coast Highway Association that a plank was placed in the Republican platform pledging the early completion of the Roosevelt Highway. Fred C. Baker, secretary, and other directors of the association, have been working to bring this about for several weeks, and they have been quite successful.

Walter L. Toose, Jr., chairman of the Republican State Central Committee, in answer to a letter from Mr. Baker, has pledged the Republican party to the early completion of the Roosevelt Highway, which was backed up by the republican conference in Portland on Tuesday.

Mr. Toose's letter is in part as follows: "The Republican convention tomorrow will adopt a platform containing an endorsement of the Roosevelt Highway, and if the Republican party is continued in power the road program, including the completion of the Roosevelt Highway, will be carried out. This will be a solemn pledge of the Republican party."

Mr. Baker, secretary of the Roosevelt Memorial Coast Highway Association, is perfectly satisfied with the promises made by Mr. Toose and the Republican party for the early completion of the coast highway. It was through the activities of the Roosevelt association that the coast highway was made part of the state highway was made large amount of road work and money expended on the coast highway. There is a gentlemen's agreement between the association and the present State Highway Commission that the coast highway will be completed as soon as possible. This is, of course, contingent upon the present administration being returned to power, but should it be defeated there is no telling when the highway would be completed.

Other issues have been injected into the coming political campaign, but they all fade into insignificance compared to the completion of the Roosevelt Highway, as far as the coast counties are concerned, according to Mr. Baker.

The plank in the Republican platform is as follows: "We recognize that Oregon has an immense undeveloped territory in the coast counties that will be of inestimable value to the state when it is developed. We believe one of the most efficient ways to develop this territory, and thus greatly increase the wealth of the state, would be the building of roads to make it accessible, and we therefore favor the completion of the Roosevelt Highway at the earliest possible date consistent with the state road finances."

Israel P. Putman of Hebo, a direct descendant of the Israel Putman of Revolutionary War fame, was in the city this week. Mr. Putman was a member of a West Virginia light artillery battery during the Civil War and recalls many interesting incidents of that conflict.

## MOHLER FACTORY BURNS TO GROUND

NEHALEM, Sept. 26—(Special)—The Mohler Creamery was totally destroyed by fire which occurred at an early hour Sunday morning. About 2:30 A. M. Chas Stevens, who lives across the river thought he saw a dark cloud in that direction, but on looking again a short time after saw the flames breaking through the roof. Before help could be obtained, the building was completely wrecked. Only by hard fighting were the flames prevented from spreading to adjoining buildings. Several automobiles which were stored in a shed near by were saved by their owners at the imminent risk of their lives.

An insurance of \$4000.00 was carried on the building and some insurance was also carried on the cheese stored in the building. This sum is entirely inadequate to replace the plant but plans are already under way to rebuild. The origin of the fire is unknown.

## NESTUCCA VALLEY HOMESTEADERS HOLD FAIR AT NESTUCCA GRANGE SATURDAY

BEAVER, Or, Sept. 26—(Special)—The Nestucca Valley Homesteaders' Fair, last Saturday, which was held by Nestucca Grange, was a success in every way. Besides the fine exhibits, we had the County School Superintendent, Mr. Lamb, with us, who made a talk, after which J. T. Moore of Cloverdale made the address of the day on "True Patriotism," which was fine and well received.

In the afternoon Mr. R. O. Richards was requested to make an address, which he did, and it was a fine talk about our county affairs.

## TILLAMOOK COUNTY EXHIBIT GETS THIRD PRIZE AT STATE FAIR

### JACKSON COUNTY TAKES FIRST AND SECOND PRIZE GOES TO POLK COUNTY

### CHEESE DISPLAY IS FROM TILLAMOOK

Southern Pacific Railroad Company Cooperates To Make Success of Local Exhibit

The Tillamook county exhibit took third place this year at the Oregon State fair.

The first place was given to Jackson county, followed in the second by Polk. Tillamook's third place was awarded for the cheese display sent from here.

Last Thursday, a week ago, the Southern Pacific company furnished a special train from Tillamook to the fair grounds at Salem to handle the five cars of live stock that were sent to the state exhibition. This service was furnished without extra expense to the shippers and the return trip will be without cost to those who took their stock to the fair as the railroad company does not collect for return trips of this kind. This train left Tillamook at 5 P. M. and reached the fair grounds at 4:10 A. M. The following Tillamook dairymen accompanied the train: Howard Harris, Paul Fitzpatrick, Albert Krake, J. C. Trent and John Struchen.

### NO PHEASANT HUNTING SEASON HERE THIS YEAR

Game Warden George P. Russell states that there seems to be some misconception on the part of many local sportsmen that there will be an open season of China pheasants. The hunting season against pheasants was closed some years ago by the game commission and has never been opened so that it will be unlawful to kill them.

Mr. Russell stated that he recently set loose a number of pheasants from the state game farm in Tillamook county.

### BOOKS RECEIVED FOR USE OF TILLAMOOK CHILDREN

County School Superintendent Lamb this week received a consignment of books for the school children of the county. The shipment will cost about \$1000. The books are assigned by the number of school children, each child being allowed a forty cent allotment of books.

## MORE CASES UP IN CIRCUIT COURT

Suits filed this week in the circuit court include one wherein Franch C. Bramwell, state superintendent of banks, is suing the Tillamook Bay company of which John O. Bozorth is secretary, to recover money on four promissory notes, said to have been given the First Bank of Bay City by the Tillamook Bay company. The amounts that the bank superintendent is attempting to collect are for \$4200, \$200, \$218.17 and \$84.84.

Helen L. Devine is suing Richard D. Devine for divorce. The complaint says that the Devines were married at Twin Falls, Idaho, in April, 1919, and that no children were born to the union. The plaintiff charges the defendant with being indolent and lazy and with having carelessly lost all his money so that she had to support herself. The plaintiff asks the court for a divorce without any alimony.

## MILK THIS YEAR IS FOUND RICH IN FATS ON ACCOUNT OF DRY SPRING WEATHER

Carl Haberlach reports having advanced the price of cheese two cents Monday, triplets now being quoted at 28c Tillamook, Longhorns and Young Americans, 28c.

Cheese production is holding up well, 2,208 boxes of cheese having been produced during the third week of September, as against 2,008 cases the same week last year. A year ago the cheese market was a lot lower than it is today. That means that the third week's cheese of September will be worth about \$44,000.00 against about \$34,000.00 last year. Production so far is about 6,000 boxes behind last year.

Wisconsin market is now 22c and it is thought will probably advance further. Dairy markets in other lines, condensed milk and butter are also advancing.

Checks will be out about the 15th of October. Butter fat prices will generally rule lower than for July, as the extremely dry weather and lack of grass seemed to leave a large proportion of fat in the milk, but not a correspondingly amount of solids. It seems that the full grass milk contains more solids than milk produced where large amounts of feed are fed.

The regular meeting of the association will be held the coming Wednesday.

### THREE NEAR DEATH WHEN BIG TRUCK TAKES PLUNGE

NEHALEM, Sept. 26—(Special)—P. E. Allen and Leonard Cain of Neah-Kah-Nie and Mrs. Fred Lang of Nehalem narrowly escaped death last Thursday morning when the steering rod on one of the county trucks in which they were riding to town, broke and the machine plunged down a steep bank near Manzanita. When the machine stopped after a 35 foot plunge Mrs. Lang was found lying under one of the fenders unhurt. Cain who was riding on the running board, jumped as it was going down the bank but was thrown back under the machine by the bushes. Allen who was driving stayed with the truck which remained right side up. The two men sustained some minor injuries.

### LEGION POST RECEIVES MONEY FROM "CARDIGAN"

Tillamook Post No. 47 this week was in receipt of a check of \$23.83 as the post's part of the proceeds from the picture "Cardigan" which was recently shown at the Gem theater. There was a very small audience at each showing of the picture and many Tillamook people are unfortunate in not having seen this famous historical drama.

Ira W. White went to Portland this week to receive treatment at the government hospital there. During his absence Mrs. White and the children will visit with her parents at Woodburn.

Mr. and Mrs. E. G. Lantz will leave Monday for Portland where Mr. Lantz has some interest with the Lantz oil burner. Harold Graves of Oregon City, who will take over the Lantz studio, will arrive in this city next week.

Patterson is said to have put him out of the place and the cook brought the assault charge.

Mr. and Mrs. G. A. Reeser are the proud parents of a seven and a 1/2 pound girl born in Salem last week.

### "BETTER LATE THAN NEVER MAY BE ALRIGHT, BUT—"

A lot of people who intended to renew their subscriptions to this paper will wake up on the morning of November 1st and realize that they have failed to take advantage of the Headlight's special price offer.

This offer is made until October 31, but don't let that keep you waiting until the last minute before you send your money in. The paper will cost fifty cents more per year after the first of November and we don't know of any one that has so little use for his money that he can afford to pass this offer up.
