HIGH SCHOOL NOTES

The high school will play their first game of foot ball on October 6 with Astoria. Astoria has always had a heavy as well as a fast team. This will be the opening game and it is expected to be a rapid one. The foot ball association has its paraphernalia for this year. The head helmets and sweaters are red and white, the high school colors.

The spirit of Americanism and love for country seems to be showing itself more than ever this year. The history and English classes have learned the American Creed. The Civics class has learned several portions of the Constitution of the United States as well as portions of the Oregon Constitution. The time has come when the students in the school welcome anything that tends to promote better citizenship.

The Zeta Gathian rally week was carried on with success as many students have expressed their desire to become members. Last year the Zeta Gathian society, under the leadership of Miss Brakel, did splendid work in the line of debate, bringing to victory two teams. Also the society staged four patriotic programs before the entire high school and some visitors.

Much interest is shown in art by the students as crayon work is being taken up this year. The school where Miss Pettit, the art and music teacher, taught last year won three silver cups for their art work in competition of the county.

Several students, principally boys, signed up for orchestra this year. They are now waiting for the orchestra music. Glee club has organized for both boys and girls. From the beginnings the Glee Club is making there seems to be good operetta and other musical programs in view.

The teachers of last year that are back this year entertained the new teachers by a trip to Bay Ocean last Saturday. It was a beautiful day and the picnic was pronounced a success by all.

There will be only two days of school next week as teachers institute will take up the last of the week, namely, October 4, 5, and 6.

The fire drill was carried out this week in shorter time than last week. The high school building was emptied in one minute. This was too fast, however, to avoid confusion.

More students are entering every day. The student body has swelled to greater proportions than ever before in the history of the school.

Coach French announced in the assembly Monday morning that the foot ball boys could have one night off in the week, being Sunday, as was stated on the sport page of the Sunday Oregonian.

TO THE VOTERS OF TILLAMOOK COUNTY.

As I am a candidate for the office of County Commissioner of Tillamook County in the general election to be held on Tuesday, November 7th, 1922, I respectfully solicit your support and vote at that time on the following platform and declaration of principles:

I believe that you will all agree with me that taxes and the cost of carrying on the county business should be reduced at least 25 per cent or more and that this can be done without impairing the efficiency of various departments of the county. If elected I will devote my whole time and energy to the affairs of the county as a whole. I will do all in my power to see that we secure a dollar in value for every dollar expended. I would demand that all county officials ride in their own cars, buy their own tires, gas and oil, or walk; for I believe that this practice is entirely wrong in furnishing automobiles for pleasure and "joy riding."

I would be County Commissioner for all the people. I do not believe in taking on road building projects at this time that cannot be completed within the term of office. I believe that all road work should be kept within the appropriations and confined where necessary to main trunk highways and in maintenance of intersecting or side roads.

The per capita tax of Tillamook County is \$104.52, the highest of any county in the state of Oregon. The per capita tax in 1911 was \$36.14. Tillamook dairymen in 1920 received over \$2,000,000.00 for our famous cheese and our taxes for 1921 was \$805,000.00. In 1921 the Tillamook dairymen received \$1,500,000.00 and our taxes for the 1922 payments is over \$920,000.00—and this in view of the fact that the income of our dairymen had fallen off approximately \$500,000.00 or fully 25 per cent in income. Tillamook County as a whole will pay this year over one million (\$1,000,000.00) in taxes. Is it not time that something was done to put on the brakes????

I want the voters of Tillamook County to know just where I stand and if you believe as I do, favor me with your vote at the general election on Tuesday, November 7th, 1922. I hereby pledge that I will keep faith with the people.

Yours very truly, Adv. 5144 R. O. RICHARDS.

The Rev. Father Martin, priest of the local Catholic parish is reported as being seriously ill.

Too Long Without Paint Are You Insuring Against Depreciation

THERE'S no middle ground. Either your buildings are well protected by paint or they are going to require costly repairing or rebuilding within a few years.

Paint saves your property. It is an investment in long service—not an expense. The expense results from allowing buildings to rot. Paint now. Save repairs.

The next question is what paint to use. Use the best. It costs less in the long run. It spreads easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

And the best paint will serve you five or more years longer than "cheap" paint.

It Would Be Funny If It Was Not So Serious

But when 99 customers come in on pay day or later and say "I am short, give me credit for \$10.00, can probably pay in full next month", 79 say "short this month, give me credit for \$5.00, will have more soon", 65 say "short, changed jobs, no pay day till next month", 56 say "short—"

But our creditors say "past due, please remit. Why do 99 per cent of retail grocers go broke? Why don't they all go into bankruptcy? It's the prompt paying customer, who appreciates credit favors, that says 'I want to pay my bill,' and pays in full that saves the day.

Don't think you are the only ones who are short. Give this your thought.
