

LOCAL SPORTS

Coach French's Tillamook high school gridiron warriors agreeably surprised their followers last Friday when they held the heavy Astoria high school football machine to a 7 to 6 score and generally outplayed the visitors.

Although outweighed easily 10 pounds to the man the light Tillamook squad made yardage easily through the Astoria line, especially in the last quarter, when Tillamook was playing at her best. The first half saw the two teams see-sawing back and forth in the middle of the field. Once Astoria worked the ball down to the 20 yard line, but on a fumble and when the whistle blew the ball was reposing in Astoria territory and in Tillamook's hands.

In the third quarter Astoria scored six points on a touchdown that was nothing more or less than a fluke. They scored one more point on a try-for-point play.

In the last quarter Tillamook seemed to realize its strength and its plunging ability and time after time sent the ball through the line for two, five, eight and even 12 yards. In this manner they worked the ball over the line from the 22 yard post but failed to annex the tying score on the try for point when Tippen's kick went awry.

With the score 7 to 6 against them the locals electrified the 200 or so fans present by bucking the line hard and pulling a couple of strategy plays that made good yardage. However with three minutes to go Astoria retrieved the ball when it was punted and from then on kept possession of it by stalling for time.

Jimmy Sharpe, Orne, Driscoll, Anderson, Olson and Maxwell loomed up nicely for Tillamook. With a little more scrimmage the Johnson twins are going to make a name for themselves.

Tillamook's line-up was: Lewis Johnson, Clarke Johnson, ends; Tane, Maxwell, tackles; Tucker, Fuland, guards; Orne, center; Sharpe, fullback, Driscoll, Tippen, halfbacks; Bill Anderson, quarter back. Bill Olson substituted for Tucker.

Olson was not used until the last half due to an injury to his leg. Had he been in the game earlier things would have been decidedly tougher for Astoria, for he was a bear in breaking through.

Officials were: Smith, Wheeler—referee; Wambagast, Astoria, un-

off; Brooks Lucas, Tillamook, head linesman.

The organization of a basketball league with teams from Garibaldi, Cloverdale, Wheeler and Tillamook looms as a possibility on the sport calendar this winter.

Company K, Oregon National Guard, is planning on turning out two teams—a first and a second—and has such material as "Shingles" Gabriel, Erskine, Driscoll, Tone, and several other high school and independent stars to draw from. Just what effect the formation of teams from within the guard will have on the American Legion, the K. of P. team and the Odd Fellows, to say nothing of Pleasant Valley and one or two other nearby places is hard to say, but there will probably be three or perhaps four teams outside the high school squad this winter.

The high school squad will turn out for evening practice later this month. With the addition of the Johnson twins and a new man or two from the freshies the high school squad should loom up pretty fair.

Garibaldi is relying strongly on Walt Fearney, former star Multnomah guard forward and last season with the Oregon Aggie varsity. Then, too, they have "Shorty" Morrison and several other top notchers.

Wheeler and Cloverdale have not been heard from as yet but both always put out good squads.

The Tillamook High School football team will play the Pacific University freshmen on the Fair Grounds next Friday, October 20.

On the 27th they play Oregon City at that place. The next day they will witness the clash between Oregon and Idaho at Multnomah field.

Seaside plays here November 4. Armistice day will see the local guard team going up against the high schoolers. Nov. 17 Tillamook plays Hill Military Academy at Portland. Camas comes here the 24th or 25th and on Thanksgiving Day one of the best teams in Portland will be imported.

Work has been started on 3 miles of standard gauge railroad for the Baldere Logging Co., near Dallas. 26 and 100 new homes are needed to be finished by spring to house mill employes.

HIGH SCHOOL NOTES

The game between Astoria and Tillamook played at Tillamook on October 6, was a good game although the score was a disappointment to Tillamook fans. The score was very close one point being needed to tie the game. A touchdown was made on each side but Tillamook failed to kick the goal while Astoria scored, making the score seven to six.

A new consignment of books for the high school library has been received direct from the publishing companies. Due to the fact that American History and Civics are taken as whole year subjects instead of half year, there will be more time put on outside reading and reference work. Among the books of special consideration are: An eight volume set of "History of the United States" by Holcomb, "State Government in the United States" by Janus Ford Rhodes, "Seapower in American History" by Kraft and Norris, "The Government of American Cities" by Mundo, and "A Brief History of the Great War" by Hayes. These are just some of the most important in the line of History.

The report cards were issued Monday, October 9. These were the first issued this year. Those on the Honor Roll this month are: Muriel Wiley, Arline Heyd, Thelma Gupton, Ramona Halton, Fern Brownlee, Inez Hopkins, Veda Smith, Catherine Smith, Roletta Watson, and Rowena Hanson.

Two of the Senior girls, Pauline Gienger and Lucia Wiley, have been chosen to represent Oregon in the canning contest at the Pacific International at Portland this year. The winners in this contest will be allowed to compete at Chicago for the National Championship and if they win there, the Atlas Glass Company pays the expenses of a trip to France for their parents and themselves. While in France they will demonstrate the methods used in canning in the United States.

Last week the teachers Institute was held in Tillamook. Teachers from every school in the county were here. The following students of last year's teachers training class are now teaching in various schools of the county: Leland Bester, Wolf Creek; Thomas Large, Blaine; Besse Knight, Mohler; Blanche Harris, Netarts; and Mae Parks, Yellow Fir. They seem to like the work and are progressing nicely. Mary Nelson and Marie Gienger are teaching in Eastern Oregon.

There is a great deal of interest and enthusiasm shown towards debate this semester. Fourteen students have already signified their intention to try out for the High School Debating Team. The Zeta Gethian, High School debate and literary society, held their annual initiation party Friday night. The party proved a success in every way, as several new members were added at that time.

Medford will create a water board to take over that city's water system.

State News

The Ajax Lumber company's mill at Eugene has been completed and operations have started.

The Ray-Maling cannery is running full blast at Hillsboro with a working corps of 320 people.

A public auditorium is Astoria's biggest civic need.

Work is soon to commence on the new 10-room Scott school in the Laurelhurst district of Portland, the cost to be \$14,000.

The New Crusher Felt Hats

Miss M. Patterson

THIS man is trying to think whether he renewed his subscription for the Headlight or not while the special low yearly offer was in effect. Maybe he has not, so the safest thing for him to do is to send his check to the Headlight office so as to be on the safe side. If he has already sent in his renewal another year at the special low price won't hurt anything.

Tillamook county people who do not take a local paper now can get a yearly subscription at the special price of \$1.50, same as for renewals.

Remember, that there are only a little over two weeks more that this offer lasts. Someone is going to put it off too long and be sorry later.

This Is Not Original, But It's Good

PAY YOUR GROCER FIRST. WHY—BECAUSE

He invests all of his money in merchandise and accounts which represent cash outlay.

He buys of wholesalers on stated terms. They employ experts to get their money when due—he cannot pay them with promises.

He cannot afford collection expenses. He is courteous enough to extend credit. Why not show him equal courtesy by paying promptly without making him extra expense.

He has no security. What you buy of him is soon consumed and he cannot get it back. He trusts you on your honor alone.—Who else does as much?

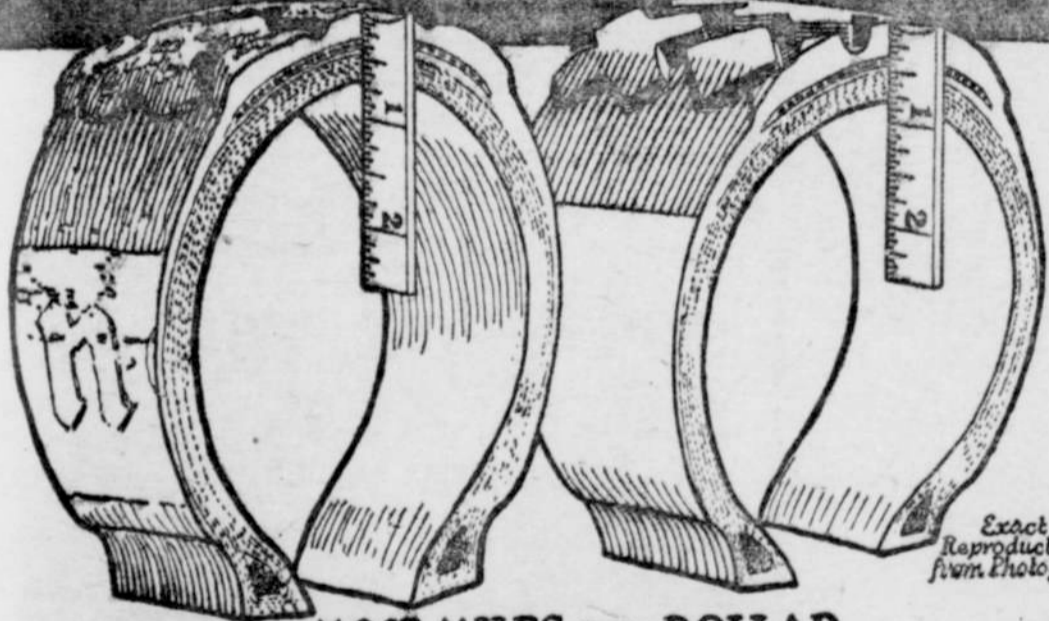

He asks no favors, but is entitled to a square deal. He supplies you with the most necessary thing in life—Food. Be square—be fair—be just. When you pay your bills give your grocer money first.

CONOVER & CONOVER

TILLAMOOK,

OREGON

20,994 MILES AND TREAD ONLY 1/3 WORN

MOST MILES per DOLLAR

Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, angled

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tires comfort and economy complete.
