MOVING VOTERS ARE WARNED TO CHANGE REGISTRY

COUNTY CLERK TELLS PEOPLE HOW TO SAVE ANNOYANCE AT ELECTION TIME

TRANSFER CARD MUST BE OBTAINED

Voters Who Will Be Away From Home on Election Day Should Prepare

County Clerk Brimhall again this week urged the voters at the coming election to exercise care in seeing that their registration cards are made out correctly so as to avoid confusion when the time comes to go to the polls. Mr. Brimhall issued the following statement:

"All registered voters in Tillamook county who have changed their residence, that is, moved from the precinct in which they were registered, since the 7th day of October, 1922, when the registration books were closed, should call at the office of the County Clerk and secure a transfer card, which will enable them to vote in any other precinct in the state on November 7th next, without having to be sworn in on the day of election.

"This transfer card will be good only for the next election, and the voter, in order to have his or her name on the poll books in that precinct where they vote, will be required to register with the proper official after the election on November 7th.

"Then again, any registered voter in Tillamook county, who will necessarily be away from their home precinct on election day, Nov. 7th, should call at this office and secure a transfer card which will permit them to vote anywhere else in the state without having to be sworn in at the polls.

"If the voters will only take notice of these instructions, and those referred to, secure the yellow transfer card, a great deal of work and worry may be saved to the election board officials and even to the voters themselves on election day.

"There is no charge for making out these cards, and every interested voter will find anyone of our office force ever ready and willing to aid in this important work."

Klackadar, three Jerseys; Ira Lance, one Guernsey; Homer Mason, one Guernsey, and two or three from the north end of the county whose names are not available.
