## GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It - Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.
