### CHURCH ANNOUNCEMENTS

#### METHODIST

If your eye falls upon this remember it is there for your sake and not another. All that is vital to you is at stake and you want to come and let us reason together. We may abuse preachers and churches sometimes and think them a nuisance, but Artemus Ward said, "Show me a place where there isn't any meetin' house and where preachers are never seen, and I'll show you a place where old hats air stuffed into broken winders, where the children air dirty and ragged, where gates have no hinges, where the wimmen air slipshod, and where maps of the devil's wild land air painted upon men's shirt-bosoms with tobacco juice! That's what I'll show you. Let us consider what the preachers and churches do for us before we abuse 'em."

You are invited to hear Dr. C. E. Powell Sunday morning at 11:00. He comes well recommended, well informed. He will interest you.

The pastor will speak in the evening. Subject: "The Princely Well-Digger." You are always welcome at this church.

SIMPSON HAMRICK, Pastor.

W. O. WOOLEVER, Minister.

#### TO THE VOTERS OF TILLAMOOK COUNTY

As I am a candidate for the office of County Commissioner of Tillamook County in the general election to be held on Tuesday, November 7th, 1922, I respectfully solicit your support and vote at that time on the following platform and declaration of principles:

I believe that you will all agree with me that taxes and the cost of carrying on the county business should be reduced at least 25 per cent or more and that this can be done without impairing the efficiency of various departments of the county. If elected I will devote my whole time and energy to the affairs of the county as a whole. I will do all in my power to see that we secure a dollar in value for every dollar expended. I would demand that all county officials ride in their own cars, buy their own tires, gas and oil, or walk; for I believe that this practice is entirely wrong in furnishing automobiles for pleasure and "joy riding." I would be County Commissioner for all the people. I do not believe in taking on road building projects at this time that cannot be completed within the term of office. I believe that all road work should be kept within the appropriations and confined where necessary to main trunk highways and in maintenance of intersecting or side roads. The per capita tax of Tillamook County is \$104.52, the highest of any county in the state of Oregon. The per capita tax in 1911 was \$36.14. Tillamook dairymen in 1920 received over \$2,000,000.00 for our famous cheese and our taxes for 1921 was \$805,000.00. In 1921 the Tillamook dairymen received \$1,500,000.00 and our taxes for the 1922 payments is over \$920,000.00—and this in view of the fact that the income of our dairymen had fallen off approximately \$500,000.00 or fully 25 per cent in income. Tillamook County as a whole will pay this year over one million (\$1,000,000.00) in taxes. Is it not time that something was done to put on the brakes????

I want the voters of Tillamook County to know just where I stand and if you believe as I do, favor me with your vote at the general election on Tuesday, November 7th, 1922. I hereby pledge that I will keep faith with the people. Yours very truly, Adv. 5114 R. O. RICHARDS.

## The School Monopoly Bill has a misleading name!

YOU have an interest in schools? Then be sure to understand the true meaning of the School Monopoly Bill which is called on the ballot the Compulsory Education Bill.

The reason that this name is misleading is because we already have compulsory education under the present existing law, and we already have compulsory teaching in English in all schools.

What this bill really proposes is to substitute state control over the education of your children for your control.

The people of Michigan have already overwhelmingly defeated this measure, because it attacked the freedom of education.

Protect your rights which are being endangered—do not be misled by the name of this bill. Read the proposed bill carefully. Read the campaign literature. Find out the intent of the bill which is disguised by the title.

You will find that that they propose school monopoly. A hidden attack upon freedom of education.
