The KOHLER produces 110
The Kohler Automatic Power and standard 110-volt electricity, and they use the same standard electric light bulbs used in cities. These appliances are available at a cost less than those of lower voltage.
Coupled with this advantage of the Kohler Automatic is the feature of "no storage batteries." This does away with the trouble and expense of maintaining a large bank of glass-cell storage batteries. The only battery used with the Kohler Automatic is a small, automobile-type, for starting the engine.
Thus the Kohler Automatic gives you all the advantages of city electricity with the same convenience—simply turn any button on the circuit and you have electricity for power or light. Send for illustrated booklet. Come in and see the plant in operation.
